bishops cardinals and the Popes who oversee it all Gerald Posner uncovers an eyebrow raising account of money and power in one of the world s most influential organizations God s Bankers has it all a revelatory and astounding saga marked by poisoned business titans murdered prosecutors and mysterious deaths written off as suicides a carnival of characters from Popes and cardinals financiers and mobsters kings and prime ministers and a set of moral and political circumstances that clarify not only the church s aims and ambitions but reflect the larger tensions of more recent history And Posner even looks to the future to surmise if Pope Francis can succeed where all his predecessors failed to overcome the resistance to change in the Vatican s Machiavellian inner court and to rein in the excesses of its seemingly uncontrollable financial quagmire As exciting as a mystery thriller Providence Journal this book reveals with extraordinary precision how the Vatican has evolved from a foundation of faith to a corporation of extreme wealth and power

**Heroes Among Us** Jim Ryun,Ned Ryun,Drew Ryun,2002 Congressman Jim Ryun has provided a wealth of stories of quiet historical heroes who have for the most part been ignored by popular culture and nearly lost in the mist of the past This book is not about popular heroes or cultural icons such as George Washington or Abraham Lincoln These heroes were common people who stood firm in the face of tyranny to give their lives for others and to right the wrongs of social injustice Their stories will inspire you to rise up to slay the dragons of your world

Faceless Gods Sandeep Dahiya,2014-02-22 It is a long story slowly moving like a broad river in its journey through the plains It is just an effort to highlight some sober facts like the true meaning of nationalism religion politics and humanism The work has very sharp political connotations But I would like to clarify that while espousing the cause of clean politics I have taken very dagger sharp cuts at certain political forces whose brand of politics results in reversing the basic meanings of religion and nationalism But it is for sure that all such literary efforts from my side are just a battle cry against bad politics rather than going against any particular political force By having creative cuts at the razor sharp edges of most of the political blocks in India I have tried to carve out a straight faced deity whom people have in mind when they envision their interests in the safe hands of the state

**The Fight of the Gospels: God's and Man's** Jose N. Jijin,2023-06-13 This book is about the life of the believers and non believers who have been brainwashed about what in reality is the truth of the spiritual Gospel who end up believing in the gospel of religion politics and business These subjects are carefully mentioned not to offend the righteous in their spirit for being public servants and God s The corruption of hearts and souls are making man s faith go in the wrong direction while slowly disappearing from his life a condition in man s life that believes in God but trusts more in man s promises and self sufficiency for his future

God's Instruments Blair Worden,2012-03-22 The Puritan Revolution escaped the control of its creators The parliamentarians who went to war with Charles I in 1642 did not want or expect the fundamental changes that would follow seven years later the trial and execution of the king the abolition of the House of Lords and the creation of the only republic in English history There were startling and unexpected developments too in religion and ideas the spread of unorthodox doctrines the attainment of a wide measure of liberty of conscience and

new thinking about the moral and intellectual bases of politics and society God's Instruments centres on the principal instrument of radical change Oliver Cromwell and on the unfamiliar landscape of the decade he dominated from the abolition of the monarchy in 1649 to the return of the Stuart dynasty in 1660 Its theme is the relationship between the beliefs or convictions of politicians and their decisions and actions Blair Worden explores the biblical dimension of Puritan politics the ways that a belief in the workings of divine providence affected political conduct Cromwell's commitment to liberty of conscience and his search for godly reformation through educational reform the constitutional premises of his rule and those of his opponents in the struggle for supremacy between parliamentary and military rule and the relationship between conceptions of civil and religious liberty The conflicts Worden reconstructs are placed in the perspective of long term developments of which many historians have lost sight The final chapters turn to the guiding convictions of two writers at the heart of politics John Milton and the royalist Edward Hyde Earl of Clarendon Material from previously published essays much of it expanded and extensively revised comes together with newly written chapters to bring fresh evidence and argument to a period of lively debate and interest

*Where Gods Die* P. Shankar.,2014-05-19 It is the Land of Plenty where the events of the novel take place but they are presented in such a way that they indicate worldly happenings These events have the global phenomena of the so called Modernity and Progress which left humanity far behind while itself proceeding miles and miles ahead The story of the novel contains the bunch of events that depict Man Money and Market Here money symbolizes the Power and Market the progress Man is the Common Man who is openly harassed and exploited The events are mostly set on Satire which is the backbone of the book Satire makes the theme extraordinarily effective and appealing By nature Fantasy makes satire more pleasing and convincing The novel for that matter pasteurizes the fantasy of various forms depicting different anomalies of the progressive world Besides Satire and Fantasy one more thing to mention This novel has a touch of Philosophy The Philosophy that would not bore but add a dimension to the readers thinking

*Understanding God's Government* Paul W. Syltje,2005-03

Nelson "Mac" McAlexander,2013-11 In a dream I had back in 1977 thousands of people were shouting out in unison an unusual name that I had never heard before What I saw in that dream compelled me to try and find out if this name had any special meaning That same day a language professor at the University of Maryland told me the only word he knew of that sounded like the one I heard in the dream was a Greek word He said the word had three possible definitions which changed when the accent over the e changed Those definitions are very significant and I write about them in the chapter on Dreams and Visions The definitions and an interpretation of the dream by a Rabbi three days after the dream led me to eventually believe that this unusual name could be the fulfillment of Revelations 2 17 and or 3 12 In subsequent dreams I was writing a book titled God s Plan to Save America and in one of those dreams a man was passing out white stones that had the name written on it that I heard in the dream It is important to note that I learned of these Biblical Scriptures after I had these unusual dreams Revelations 2 17 Let the one who has an ear hear what the spirit says to the congregations To him that conquers I will give some of the hidden manna and I will give him a white pebble and UPON THE PEBBLE A NEW NAME written which no one knows except the one receiving it *The Marketplace Annotated Bibliography* Pete Hammond,2011-03 Every workday millions of Christians enter the marketplace Whether as sales associates or engineers auto mechanics or executives Christians are called to serve God in the workplace But most need help integrating faith and work How can you be salt and light on the job Where can you turn for help in developing a biblical and satisfying view Liturgico-Political Theology: an Introduction (Liturgy and Life as Foundation) Rev. *Faith and Leadership* Michael P. Riccards,2012-04-19 This study is a comprehensive history of the papacy the oldest elective office in the world and how it has managed over the centuries the most complex voluntary association of faith The book argues that in fact through most of its existence the papacy has adapted managerial models of the secular world and applied them to the Catholic Church Since its emergence from the Jewish synagogues to a persecuted minority in the Roman Empire to becoming the established religion of the West the Church and the papacy engaged the world on its own terms It is only after the Council of Trent did the Church become somewhat more divorced and estranged from the environment around it This book focused on those changes and on the great popes across the centuries who reformed and altered Catholicism Special attention is directed to Gregory I Innocent I Innocent III Pius IX Leo XIII Pius XI Pius XII John XXVII Paul VI and John Paul II The conclusion is that the persistence of the Catholic Church for so many centuries was due to its ability to preserve the faith but re establish its forms and managerial class      *The Word of God in the Ethics of Jacques Ellul* David W.
