The Gods of War Christopher Stasheff, Mike Resnick, Jody Lynn Nye, Katherine Kurtz, Diane Duane, Morris G. McGee, 1992-01-15 Perhaps it is not true that there will always be war Perhaps one day humanity will succeed in taming its savage nature so that peace for all humanity will not be merely a pious hope but a concrete reality Perhaps one day we will all be angels But until then there will be war and humanity being what it is will always form graven images to give life to its greatest hopes and fears Because our modern age is scientific does not make us immune to this reality And those images will always take on a life their own And lo there was TEK He is the latest in a long tradition of militant deities But before this god can take his rightful place at the head of the pantheon he has to survive the not so low tech efforts of jealous older gods to destroy him Featuring stories by Mike Resnick Jody Lynn Nye Katherine Kurtz Diane Duane and other great military SF storytellers At the publisher's request this title is sold without DRM Digital Rights Management V4. *Scientific and Esoteric Encyclopedia of UFOs, Aliens and Extraterrestrial Gods* Maximilien De Lafayette, 2014-07-22 Volume IV A An unperson Anunnaki Thousands upon thousands of entries and encyclopedic articles on all facets and aspects of ufology Everything you wanted to know about UFOs USOs aliens extraterrestrials governments joint programs with aliens abductions alien encounters presence of aliens races on Earth and future of humanity according to the aliens matrix Published by Times Square Press New York Berlin www.timesquarepress.com Acts of God Ted Steinberg, 2006-07-20 Steinberg's Acts of God is a provocative history of natural disasters in the United States This revised edition features a new chapter analyzing the failed response to Hurricane Katrina a disaster Steinberg warned could happen when the book first was published Focusing on America's worst natural disasters Steinberg argues that it is wrong to see these tragedies as random outbursts of nature's violence or expressions of divine judgment He reveals how the decisions of business leaders and government officials have paved the way for the greater losses of life and property especially among those least able to withstand such blows America's poor elderly and minorities *The Mages of Martir Omnibus (epic fantasy/sword and sorcery)* Timothy L. Thuesen,2020 One of the earliest sources of humanity s religious impulse was severe weather which ancient peoples attributed to the wrath of storm gods Enlightenment thinkers derided such beliefs as superstition but in America scientific and theological hubris came face to face with the tornado nature s most violent windstorm In this groundbreaking history Peter J Thuesen traces the primal connections between weather and religion in the United States He shows that tornadoes and other storms have repeatedly drawn Americans into the profoundest of religious mysteries and confronted them with the question of their own destiny how much is self determined and how much is beyond human understanding or control Your Spouse Is Not Your Enemy! McAvoy,2024-02-16 Faith is under assault today in the media and on college campuses Numerous recent surveys show that college professors and contemporary scientists have lower religiosity compared to the general population Parents are concerned that their children s faith is not as strong as it should be Unfortunately scientific advances can lead people to think that faith is passe supplanted by science and no longer necessary The average person is in awe of the accomplishments of science but overwhelmed by their complexity The purpose of this book is to demonstrate what one can learn from modern science that leads to the conclusion that God created our universe This book demonstrates how cosmology physics astronomy and evolution do not conflict with faith but actually strongly support faith in God The title of this book *God the Geometer* describes an image which appeared in a thirteenth century codex The image conveys the message that God created the universe using geometric and harmonic principles **God in Chains** Vs Anderson,2008-10 A faded yellowing piece of paper holding the power to hurt or heal CJ stared at it thinking he would never see that note again *God in Chains* is a compelling story of two families spanning the distance between truth reality and the lies that move between three generations The journeys of the characters in this book twist and turn until the reader comes to the final sentence Life and death stand side by side like forks in the road One road leads in a new direction while the other road appears worn from travel and the scenery seldom changes There are always choices and these characters are like pioneers that have to leave baggage along the way enabling them to reach their destination At times it seems impossible for some of them to make a choice of what to take and what to leave behind The book concludes with life moving forward But even then the past reaches out from the shadows of the grave with one last jolt **Tokens of God** Iraj Azimzadeh,2007-09
