Till David L Wilcox Jennifer Wiseman The Genesis Cataclysm W. Joseph Stallings,2020-08-31 Are there sufficient evidences to plausibly warrant positing a global Noahic Flood within the auspices of a specific Old Earth biblical paradigm If so what are they It is our firm conviction that God has allowed the passage of time to cover the blatant earthen signs of the Noahic Flood in such a way and just enough as to require earnest seekers of truth to use their eyes of faith and their vision of the kingdom metanarrative along with their empirical sight and senses to view and interpret the richness of the evidence Prerequisites in this quest include a great respect for the authority of Holy Scripture a pure heart with a simple desire for God s truth and a relentless willingness to look for both the forest and the trees viz to see the multitudes of seemingly unrelated small scenes always in light of the big picture The negation of any of these necessities will completely nullify the veracity of one s conclusions However we strongly aver that the totality of these necessities can bring the historical truth of the mystery of the Noahic Flood into a much much greater clarity Evidence for Faith John Warwick Montgomery,2018-01-27 Twenty essays that argue for the truth of what C S Lewis called mere Christianity The contributors all distinguished scholars present their evidence from a variety of disciplines including philosophy archaeology biology history law and cosmology Step by step the writers construct a convincing argument for the accuracy of the Bible and the credibility of the Christian faith **The Genesis Flood Revisited** Andrew Snelling,2022-10-25 Modeled after the 1961 ground breaking book *The Genesis Flood* by Drs Whitcomb and Morris this detailed work builds on that classic volume with new insights from decades of work by the author Dr Andrew Snelling and numerous colleagues This recent revolution in geology and the explosion in geological research have established an even firmer basis for understanding the biblical Flood with a God honoring foundation the absolute authority and inerrancy of God s Word Examine details of the Creation Week as it builds a solid scriptural case for the Flood s catastrophic nature and global extent Find decisive answers to many questions about the Flood and Noah s Ark its construction and the animals taken onboard Delve deeply into astonishing geological details that unfold from the early chapters of Genesis including the Creation Week and the pre Flood world Explore detailed evidence and a concise informative 30 page color section with diagrams maps and more Dr Snelling jettisons the faulty evolutionary uniformitarian assumptions used by most geologists and instead interprets compelling new geological and observed field data within the biblical framework for the earth s history He also demonstrates that fossils were catastrophically buried in sedimentary layers being deposited rapidly on a global scale on the continental plates derived from the violent rifting apart of the original supercontinent His work demolishes radiometric dating the icon of the millions of years dogma and builds a thoroughly powerful case for a young earth that explains many geological features such as varves evaporites coal oil chalk granites and more that biblical skeptics sadly have used to scoff at God s Word Discover the powerful truth behind the earth s most enduring mysteries *Vital Apologetic Issues* RoyCheck B. Zuck,2012-12-01 *Vital Apologetic Issues* Vital pertaining to life essential of critical importance Apologetic a systematic defense of the authenticity

and authority of Christian truth Issues a point or matter the decision of which is of special or public importance When it comes to giving a reasoned defense of one's faith just knowing definitions isn't enough It helps to have reliable guidance through the critical issues of apologetics such as philosophical questions regarding the Christian faith or biblical reliability Vital Apologetic Issues Examining Reason and Revelation in Biblical Perspective draws upon the insights and study of numerous evangelical scholars and writers to address crucial questions in the field of Christian apologetics Some of the chapters included are The Nature and Origin of Evil by Robert Culver Biblical Naturalism and Modern Science by Henry M Morris Ebla and Biblical Historical Inerrancy by Eugene H Merrill Theological Problems with Theistic Evolution by David H Lane Christian readers church leaders and pastors will appreciate the insight and guidance of Vital Apologetic Issues

Young, Ralph F. Stearley, 2008-08-18 Davis A Young and Ralph Stearley seek to convince readers of the vast antiquity of the Earth They point out the flaws of young Earth creationism and counter the impression by many scientists that all Christians are young Earth creationists **Rock Solid Answers** Michael J. Oard, John K. Reed, Aaron Hutchinson, 2009 NOW A POWERFUL CORE OF AUTHORS PROVIDES CLEAR COMPELLING AND COMPREHENSIVE EVIDENCE AND ANSWERS FOR SOME OF THE MOST COMMON POINTS OF CONTENTION ON THIS ARGUMENT **The Genesis Column** W. Joseph Stallings, 2018-08-08 It is the assertion of Old Earth Creationism that God created the Earth and then made it into an inhabitable environment over the course of a week of epoch long creation days It is the assertion of modern science that the Earth is 4.6 billion years old and has reached such an age by passing through a number of geologic periods that are differentiated by stratigraphic paleontological and other empirical markers Therefore it seems very logical that if one holds to the veracity of these two basic assertions then the long creation days of Genesis and the geologic ages of modern science can and should be effectively correlated with one another in some cohesive and systematic manner Here we offer our origins correlation model The Genesis Column which does just that [Three Views on Creation and Evolution](#) Zondervan, 2010-06-01 For Christians the issues raised by the different views on creation and evolution are challenging Can a young earth be reconciled with a universe that appears to be billions of years old Does scientific evidence point to a God who designed the universe and life in all its complexity Three Views on Creation and Evolution deals with these and similar concerns as it looks at three dominant schools of Christian thought Proponents of young earth creationism old earth creationism and theistic evolution each present their different views tell why the controversy is important and describe the interplay between their understandings of science and theology Each view is critiqued by various scholars and the entire

Creation and Evolution Alan Hayward,2005-01-26 Even non Christian scientists are attacking the traditional evolutionary theory still taught in many schools as fact In Creation and Evolution British physicist Dr Alan Hayward draws evidence solely from these non Christian researchers to discredit gradual evolution and Darwin s mechanism of natural selection Hayward also examines in detail young earth theories flood geology and geological testimony to an ancient earth In the end he suggests a surprising interpretation of Genesis that argues for both a historical Adam and creation over eons of time Bowing neither to theistic evolution nor scientific creationism Hayward writes from the perspective of a Christian physicist committed both to a high view of Scripture and to rigorous honesty with scientific data
