Godwinian Novel:

The Godwinian Novel Pamela Clemit, 1993 The Godwinian Novel is a pioneering analysis of the school of fiction inaugurated by William Godwin and developed in the works of his principal followers Charles Brockden Brown and Mary Wollstonecraft Shelley In the first study of these authors as a historically specific group Pamela Clemit argues for a greater unity between Godwin's fictional techniques and his radical political philosophy than has been perceived Her analysis of the works of Brown and Mary Shelley moreover reveals how these writers modified reshaped and redefined Godwin's distinctive themes and techniques in response to shifting ideological pressures in the post revolutionary period Examining prose fiction in a period traditionally seen as dominated by poetry Clemit stresses the necessity for a revised view of British Romanticism Uncovering the links between Godwin's fictional analysis of subjective experience and his progressive political philosophy The Godwinian Novel paves the way for a reappraisal of the apparently quietistic and introspective concerns of other writers of the period

Romanticism, History, and the Possibilities of Genre Tilottama Rajan, Julia M. Wright, 1998-02-13 Romanticism has often been associated with the mode of lyric or otherwise confined within mainstream

genres As a result we have neglected the sheer diversity and generic hybridity of a literature that ranged from the Gothic novel to the national tale from monthly periodicals to fictionalized autobiography In this volume leading scholars of the period explore the ways in which the Romantics developed genre from a taxonomical given into a cultural category so as to make it the scene of an ongoing struggle between fixed norms and new initiatives Focusing on non canonical writers such as Thelwall Godwin and the novelists of the 1790s or placing authors such as Wordsworth and Byron in a non canonical context these essays explore the psychic and social politics of genre from a variety of theoretical perspectives while the introduction looks at how genre itself was rethought by Romantic criticism

Literature in the Making

Nancy Glazener, 2016 In the eighteenth century literature meant learned writings by the twentieth century literature had come to be identified with imaginative aesthetically significant works and academic literary studies had developed special protocols for interpreting and valuing literary texts Literature in the Making examines what happened in between how literature came to be more precisely specified and valued how it was organized into genres canons and national traditions and how it became the basis for departments of modern languages and literatures in research universities Modern literature the version of literature familiar today was an international invention but it was forged when literary cultures traditions and publishing industries were mainly organized nationally Literature in the Making examines modern literature s coalescence and institutionalization in the United States considered as an instructive instance of a phenomenon that was going global Since modern literature initially offered a way to formulate the value of legacy texts by authors such as Homer Cervantes and Shakespeare however the development of literature and literary culture in the U S was fundamentally transnational Literature in the Making argues that Shakespeare studies one of the richest tracts of nineteenth century U S literary culture was a key domain in which literature came to be valued both for fuelling modern projects and for safeguarding values and practices that modernity put at risk a foundational paradox that continues to shape literary studies and literary culture Bringing together the histories of literature s competing conceptualizations its print infrastructure its changing status in higher education and its life in public culture during the long nineteenth century Literature in the Making offers a robust account of how and why literature mattered then and matters now By highlighting the lively collaboration between academics and non academics that prevailed before the ascendancy of the research university starkly divided experts from amateurs Literature in the Making also opens new

possibilities for envisioning how academics might partner with the reading public

Cope, 2009-05-29 This book recovers the importance of a major figure in eighteenth century British fiction the Heroine of Disinterest The disinterested heroine was no stereotype but a crucial figure in modernizing identity bringing to life the ideal of character as the product of experience and reflection rather than inheritance and lineage

The Oxford Handbook of British Romantic Prose Robert Morrison, 2024-04-03 The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers

Fiction and the Philosophy of Happiness Brian Michael Norton, 2012-10-18 Fiction and the Philosophy of Happiness explores the novel's participation in eighteenth century inquiries after happiness an ancient ethical project that acquired new urgency with the rise of subjective models of wellbeing in early modern and Enlightenment Europe Combining archival research on treatises on happiness with illuminating readings of Samuel Johnson Laurence Sterne Denis Diderot Jean Jacques Rousseau William Godwin and Mary Hays Brian Michael Norton's innovative study asks us to see the novel itself as a key instrument of Enlightenment ethics His central argument is that the novel form provided a uniquely valuable tool for thinking about the nature and challenges of modern happiness whereas treatises sought to theorize the conditions that made happiness possible in general eighteenth century fiction excelled at interrogating the problem on the level of the particular in the details of a single individual's psychology and unique circumstances Fiction and the Philosophy of Happiness demonstrates further that through their fine tuned attention to subjectivity and social context these writers called into question some cherished and time honored assumptions about the good life happiness is in one's power virtue is the exclusive path to happiness only vice can make us miserable This elegant and richly interdisciplinary book offers a new understanding of the cultural work the eighteenth

that poesis as a mode of thinking is Romanticism's legacy to an age of prose She elucidates this thesis through careful readings of Shelley's *Alastor* and his Gothic novels Godwin's *Caleb Williams* and St Leon Hays *Memoirs of Emma Courtney* and Wollstonecraft's *The Wrongs of Woman* Rajan winner of the Keats Shelley Association's Distinguished Lifetime Award and a fellow of the Royal Society of Canada is one of Romanticism's leading scholars Effective articulate and readable Romantic Narrative will appeal to scholars in both nineteenth century studies and narrative theory
