Goering Testament:

The Goering Testament George Markstein,1980-12 **Memoirs of Rev. Jacob Goering, Rev. George Lochman, D.D., and Rev. Benjamin Kurtz, D.D., LL.D.** Charles Augustus Hay,1887 *The Fourth Reich* Gavriel D. Rosenfeld,2019-03-14

The first history of postwar fears of a Nazi return to power in Western political intellectual and cultural life **Wisdom, Cosmos, and Cultus in the Book of Sirach** A. Jordan Schmidt,2019-03-04 Despite the attention that has already been paid to the theme of creation in the book of Sirach scholarship has yet to provide a comprehensive analysis of Ben Sira's instruction regarding the cosmic order and its role in the divine bestowal of wisdom upon human beings This book which consists of two parts fills a lacuna in scholarship by offering such an analysis The first part of this study examines Ben Sira's three main treatments of the created world thus providing a comprehensive description and synthesis of Ben Sira's doctrine concerning the created order of the cosmos The second part of this work analyzes the place of human beings in general and the Jewish people in particular within the cosmic order This second part includes an analysis of the role of the created order in Ben Sira's wisdom instruction in 1:1-10 and 24:1-34 as well as an elucidation of the way in which his treatments of various kinds of people civic leaders wives doctors manual laborers scribes and cultic personnel are integral to Ben Sira's doctrine of creation This study demonstrates that the created order is a fundamental category that Ben Sira relies upon in articulating his instructions about wisdom and wise behavior **Postcolonial Commentary and the Old Testament** Hemchand

Gossai,2018-11-01 This is the first volume to provide a wide range of postcolonial interpretations of and commentaries upon significant texts in the Hebrew Bible The volume intersects with the work of the key theorists in postcolonial studies such as Fanon Senghor Said and Spivak as well as with scholars such as Sugirtharajah Kwok Pui-lan and Segovia who have applied this theory to biblical studies Texts have been chosen specifically for their relevance to postcolonial discourse rather than seeking to cover each biblical document This volume is designed to demonstrate how historical criticism postmodernism and the important concerns of postcolonial readings may be integrated to obtain an informed explanation of the Hebrew Bible and the writings of early Judaism The chapters are written by scholars who represent a spectrum of national indigenous and diasporic contexts Taken together these perspectives and the interpretations they yield represent a continued expansion of the manner in which Old Testament texts are read and interpreted through postcolonial lenses reminding readers that the interpretive trajectories of these texts are almost inexhaustible As such the volume serves as not only an addition to ongoing scholarship on postcolonialism but also as an expansion of the horizon for dialogue **Black Sun** Nicholas

Goodrick-Clarke,2002 *Black Sun* examines the new neofascist ideology showing how hate groups militias and conspiracy cults attempt to gain influence Based on interviews and extensive research into underground groups *Black Sun* documents the new Nazi and fascist sects that have sprung up from the 1970s through the 1990s and examines the mentality and motivation of these far right extremists The result is a detailed grounded portrait of the mythical and devotional aspects of

Hitler cults among Aryan mystics racist skinheads and Nazi satanists heavy metal music fans and in occult literature

The Oxford Handbook of Wisdom and the Bible Will Kynes, 2021-01-25 This collection of leading scholars presents reflections on both wisdom as a general concept throughout history and cultures as well as the contested nature of the category of Wisdom Literature The first half of the collection explores wisdom more generally with essays on its relationship to skill epistemology virtue theology and order Wisdom is examined in a number of different contexts such as historically in the Hebrew Bible and its related cultures in Egypt and Mesopotamia as well as in Patristic and Rabbinic interpretation Additionally wisdom is examined in its continuing relevance in Islamic Jewish and Christian thought as well as from feminist environmental and other contextual perspectives The second half of the volume considers Wisdom Literature as a category Scholars address its relation to the Solomonic Collection its social setting literary genres chronological development and theology Wisdom Literature's relation to other biblical literature law history prophecy apocalyptic and the broad question of Wisdom influence is then discussed before separate chapters on the texts commonly associated with the category Contributors take a variety of approaches to the current debates surrounding the viability and value of Wisdom Literature as a category and its proper relationship to the concept of wisdom in the Hebrew Bible Though the organization of the volume highlights the

independence of wisdom as concept from Wisdom Literature as a category seeking to counter the lack of attention given to this question in the traditional approach the inclusion of both topics together in the same volume reflects their continued interconnection As such this handbook both represents the current state of Wisdom scholarship and sets the stage for future developments Union with God in Christ Matthew Friedman, 2017-10-26 A significant number of Muslim communities throughout the world reflect varying degrees of involvement in Islamic mysticism What bridges are present in this context that will facilitate not only evangelism but also discipleship and community formation Matthew Friedman guides the reader on a journey examining the response of the early Christian community to the challenges of ancient Jewish and Hellenic mysticism focusing on the central idea of union with God in Christ Far from finding this to be a leftover from the early Church he discovers that this theme remained crucial into the Reformation particularly in the writing and work of eighteenth century figures John and Charles Wesley Join Friedman as he explores resources for discipleship and community building that will be relevant to both scholars and practitioners alike and will be effective for witness within modern contexts of Islamic mysticism worldwide
