Goethe As Revealed In His Poetry:

Goethe as Revealed in His Poetry Barker Fairley, 1963 *Goethe's Estimate of the Greek and Latin Writers as Revealed by His Works, Letters, Diaries, and Conversations* William Jacob Keller, 1916 **Studies in Goethe's Lyric Cycles** Meredith Lee, 2020-05-01 The book presents a series of interpretive readings of the R mische Elegien Sonette Chinesisch deutsche Jarhes und Tageszeiten several trilogies and the shorter cycles of 1821 taking into account the variety of literary devices Goethe employs to link poems together into a cycle The author examines Goethe s role in the history of the lyric cycle and in stressing structural design urges a reevaluation of the cycle s emergence as a standard poetic device

Congressional Record United States. Congress, 1949 **Goethe's Search for the Muse** David B. Richards, 1979-01-01 That Goethe was also a translator is a well kept secret However in this study the main focus lies on these translations Especially on his five longest and most important ones such as Diderot s *Le Neveu de Rameau* and Cellini s *Vita* Not only will the translations be discussed but and maybe even more importantly also will this study try to give an answer to the motivation of Goethe Why did he devote so much time to these translations This volume offers a complete new perspective on Goethe and his works Goethe's Faust Eudo C. Mason, 2023-11-15 Goethe s *Faust* Its Genesis and Purport offers an exploration of one of the most complex and multifaceted works in literary history The author delves into Faust s intricate layers examining its genesis historical context and Goethe s personal experiences that influenced the play The work navigates the significant polarities that define Goethe s masterpiece realism and idealism the sensual and the spiritual and the amoral versus ethical dimensions highlighting the tensions and synthesis that give the drama its enduring power The study acknowledges that *Faust* resists definitive interpretation as each reader is drawn to different aspects of its dualities and its richness lies in this very tension This comprehensive review not only addresses Goethe s artistic intentions and thematic depth but also critiques the complexities added by decades of academic analysis The author challenges the Higher Critics suggesting that their overly intricate dissection often obscures the play s accessible elements creating unnecessary barriers for readers Instead the book emphasizes the need to return to the text itself Goethe s broader oeuvre and his poetic vision to uncover the inner fairy tale that underpins *Faust* Drawing inspiration from influential critics like Konrad Burdach and Emil Staiger the study ultimately seeks to balance scholarly insight with a clear understanding of Goethe s intentions offering a pathway to appreciating the universal and timeless nature of his work This title is part of UC Press s *Voices Revived* program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1967 *Time Structure in Drama: Goethe's 'Sturm und Drang' Plays* Walter K. Stewart, 2024-12-09 *The Faust-legend and Goethe's 'Faust'*. Henry Bernard Cotterill, 1912 The Naked Heart Peter Gay, 1996 In investigating the inner life of the whole

Brown, 2014-01-16 A century before psychoanalytic discourse codified a scientific language to describe the landscape of the mind Johann Wolfgang von Goethe explored the paradoxes of an interior self separate from a conscious self Though long acknowledged by the developers of depth psychology and by its historians Goethe's literary rendering of interiority has not been the subject of detailed analysis in itself Goethe's *Allegories of Identity* examines how Goethe created the essential bridge between the psychological insights of his contemporary Jean Jacques Rousseau and the psychoanalytic theories of his admirer Sigmund Freud Equally fascinated and repelled by Rousseau's vision of an unconscious self Goethe struggled with the moral question of subjectivity what is the relation of conscience to consciousness To explore this inner conflict through language Goethe developed a unique mode of allegorical representation that modernized the long tradition of dramatic personification in European drama Jane K Brown's deft focused readings of Goethe's major dramas and novels from *The Sorrows of Young Werther* to *Elective Affinities* reveal each text's engagement with the concept of a subconscious or unconscious psyche whose workings are largely inaccessible to the rational mind As Brown demonstrates Goethe's representational strategies fashioned a language of subjectivity that deeply influenced the conceptions of important twentieth century thinkers such as Freud Michel Foucault and Hannah Arendt **The Naked Heart: The Bourgeois Experience** Victoria to Freud Peter Gay, 1996-10-17 In *The Naked Heart* Peter Gay explores the bourgeoisie's turn inward At the very time that industrialists inventors statesmen and natural scientists were conquering new objective worlds Gay writes the secret life of the self had grown into a favorite and wholly serious indoor sport Following the middle class's preoccupation with inwardness through its varied cultural expressions such as fiction art history and autobiography Gay turns also to the letters and confessional diaries of both obscure and prominent men and women These revealing documents help to round out a sparkling portrait of an age Theatre, Drama and Audience in Goethe's Germany W. H. Bruford, 2018-11-05 First published in 1950 This present work examines the political economic and social condition of Germany on literature particular drama in the late eighteenth and early nineteenth centuries The author explores drama both in its passive and active relations with the life of the time and with the theatre the medium without the aid of which the possibilities of the drama as an art form remain only half realised This title will be of interest to students of literature drama and theatre studies **Bulletin of the University of Wisconsin** University of Wisconsin, 1916 **Philology and Literature Series** University of Wisconsin, 1916 **Bohemia's Jews and Their Nineteenth Century** Jindřich Toman, 2023-05-01 This book on Jewish culture and literature focuses on the quiet decades of the nineteenth century a scarcely written about period of time in Bohemian Jewish history Using a myriad of sources including travelers accounts poems essays short stories guides and newspaper articles the volume explores Jewish expression Jewish Czech relations and
