Goethes Life In Pictures:

Goethe's Life in Pictures Walter Hoyer, 1967 Johann Wolfgang Goethe. Goethe's Life in Pictures. Presented by W. Hoyer. (Translation of the biographical texts: Edith Anderson.) Enlarged edition. With plates, including portraits and maps. Walter HOYER, Edith ANDERSON, 1963 **The Life and Works of Goethe** George Henry Lewes, 1858 **The Life of Goethe** George Henry Lewes, 1890 **Life of Goethe** George Henry Lewes, 1902 **The Life of Goethe** John R. Williams, 2000 The Lives and Works of Goethe George Henry Lewes, 1858 *Images of Goethe through Schiller's Egmont* David G. John, 1998-07-08 John argues that shifting the focus from the text to the efficacy of performance requires broadening our concept of performance beyond what occurs on stage and its critical reception to include the daily life of the society that provides its context It follows from this semiotic approach that there can be no fixed text or understanding of Egmont or of Goethe himself only multiple images John s exploration of image includes literary motifs acting staging and social role playing with particular reference to Goethe s development as an artist and cultural icon In addition to presenting a comprehensive analysis of the play and a discussion of Egmont s reception from its first appearance to the present including productions on both stage and screen John provides an in depth performance analysis based on the theories of Alter Burns Carson Fischer Lichte Goffman Pavis and Schechner The book includes the complete Mannheim manuscript M372 critically edited and published as a performance text for the first time **The auto-biography of Goethe; Truth and poetry: From my own life, tr. by J. Oxenford (A.J.W. Morrison) also Letters from Switzerland, and Travels in Italy** Johann Wolfgang von Goethe, 1848 The Life of Goethe Albert Bielschowsky, 1911 The Autobiography of Goethe: Truth and Poetry From My Own Life Johann Wolfgang von Goethe, 1882-01-01 It would appear that for inquirers into Foreign Literature for all men anxious to see and understand the European world as it lies around them a great problem is presented in this Goethe a singular highly significant phenomenon and now also means more or less complete for ascertaining its significance A man of wonderful nay unexampled reputation and intellectual influence among forty millions of reflective serious and cultivated men invites us to study him and to determine for ourselves whether and how far such influence has been salutary such reputation merited That this call will one day be answered that Goethe will be seen and judged of in his real character among us appears certain enough His name long familiar everywhere has now awakened the attention of critics in all European countries to his works he is studied wherever true study exists eagerly studied even in France nay some considerable knowledge of his nature and spiritual importance seems already to prevail there Footnote Witness Le Tasse Drame par Duval and the Criticisms on it See also the Essays in the Globe Nos 55 64 1826 For ourselves meanwhile in giving all due weight to so curious an exhibition of opinion it is doubtless our part at the same time to beware that we do not give it too much This universal sentiment of admiration is wonderful is interesting enough but it must not lead us astray We English stand as yet without the sphere of it neither will we plunge blindly in but enter considerately or if we see good keep aloof

from it altogether Fame we may understand is no sure test of merit but only a probability of such it is an accident not a property of a man like light it can give little or nothing but at most may show what is given often it is but a false glare dazzling the eyes of the vulgar lending by casual extrinsic splendour the brightness and manifold glance of the diamond to pebbles of no value A man is in all cases simply the man of the same intrinsic worth and weakness whether his worth and weakness lie hidden in the depths of his own consciousness or be betrumpered and beshouted from end to end of the habitable globe These are plain truths which no one should lose sight of though whether in love or in anger for praise or for condemnation most of us are too apt to forget them But least of all can it become the critic to follow a multitude to do evil even when that evil is excess of admiration on the contrary it will behoove him to lift up his voice how feeble soever how unheeded soever against the common delusion from which if he can save or help to save any mortal his endeavours will have been repaid With these things in some measure before us we must remind our readers of another influence at work in this affair and one acting as we think in the contrary direction That pitiful enough desire for originality which lurks and acts in all minds will rather we imagine lead the critic of Foreign Literature to adopt the negative than the affirmative with regard to Goethe If a writer indeed feel that he is writing for England alone invisibly and inaudibly to the rest of the Earth the temptations may be pretty equally balanced if he write for some small conclave which he mistakenly thinks the representative of England they may sway this way or that as it chances But writing in such isolated spirit is no longer possible
