Good Golly Ms Molly A Star:

Good Golly, Miss Molly Nancy Martin,1993-03 *Invisible Stars* Donna Halper,2015-02-11 *Invisible Stars* was the first book to recognize that women have always played an important part in American electronic media The emphasis is on social history as the author skillfully explains how the changing role of women in different eras influenced their participation in broadcasting This is not just the story of radio stars or broadcast journalists but a social history of women both on and off the air Beginning in the early 1920s with the emergence of radio the book chronicles the ambivalence toward women in broadcasting during the 1930s and 1940s the gradual change in status of women in the 1950s and 1960s the increased presence of women in broadcasting in the 1970s and the successes of women in broadcasting in the 1980s and 1990s The second edition is expanded to include the social and political changes that occurred in the 2000s such as the growing number of women talk show hosts changing attitudes about women in leadership roles in business more about minority women in media and women in sports and women sports announcers The author addresses the question of whether women are in fact no longer invisible in electronic media She provides an assessment of where progress for women in society as well as broadcasting can be seen and where progress appears totally stalled **There's More to New Jersey than the Sopranos**

Marc Mappen,2009-08-06 An American tourist in Europe stopped at a restaurant in Gdansk Poland and struck up a conversation with a local Where do you come from he asked New Jersey she said He smiled and replied Ah Sopranos Even fans of that popular show one that held viewers captive may be a bit disheartened to discover that the first thing that pops into minds around the world about New Jersey is a dysfunctional crime family just an exit or two off the infamous N J Turnpike But there s no need to live in fear that the only culture and history that the state is known for is well let s say a bit of bada bing Actually the echo of the Big Bang the cosmic event that marked the birth of our universe some 13 7 billion years ago was first identified by scientists from Bell Labs in Murray Hill New Jersey In this lively romp through history from the primitive past to the present day Marc Mappen s message resonates There s More to New Jersey than the Sopranos Real tales wise tales tall tales abound throughout the pages of Mappen s collection filled with zest humor scandal and occasionally tragedy Annie Oakley Ulysses S Grant Benedict Arnold Ezra Pound Shoeless Joe Jackson These luminaries and many others share a common bond with the state that witnessed prehistoric elephants roaming its pastures the explosion on the USS Princeton a Martian invasion famous firsts like the phonograph electric light and movies and well step aside Tony Soprano mobster Al Capone strolling along the Atlantic City boardwalk Providing a lens into American history through lively prose and more than twenty five illustrations There s More to New Jersey than the Sopranos is as much fun as a trip to the Jersey Shore and definitely more rewarding than a night home watching television simply stated this book is one you can t refuse to read
