W. Osnos,2022-03-08 A compelling new picture of one of the most important complex and misunderstood figures of our time The name George Soros is recognized around the world Universally known for his decades of philanthropy progressive politics and investment success he is equally well known as the nemesis of the far right the target of sustained attacks from nationalists populists authoritarian regimes and anti Semites because of his commitment to open society freedom of the press and liberal democracy At age 91 Soros still looms large on the global stage and yet the man himself is surprisingly little understood Asking people to describe Soros is likely to elicit different and seemingly contradictory answers Who is George Soros really And why does this question matter Biographers have attempted to tell the story of George Soros but no single account of his life can capture his extraordinary multifaceted character Now in this ambitious and revealing new book Soros s longtime publisher Peter L W Osnos has assembled an intriguing set of

contributors from a variety of different perspectives public intellectuals Eva Hoffman Michael Ignatieff journalists Sebastian Mallaby Orville Schell scholars Leon Botstein Ivan Krastev and nonprofit leaders Gara LaMarche Darren Walker to paint a full picture of the man beyond the media portrayals Some have worked closely with Soros while others have wrestled with issues and quandaries similar to his in their own endeavors Their collective expertise shines a new light on Soros s activities and passions and to the extent possible the motivation for them and the outcomes that resulted Through this kaleidoscope of viewpoints emerges a vivid and compelling portrait of this remarkable man s unique and consequential impact It has truly been a life in full   Research in Education ,1974   **Education and Minorities** Chris Atkin,2012-03-01 Examines the educational experiences of minority groups in different international contexts from the USA Finland Rwanda India South Africa Hungary China and the UK   *Minority Rights in Central and Eastern Europe* Bernd Rechel,2008-12-08 This book provides a comprehensive assessment of minority rights in Central and Eastern Europe covering all the countries of the region that have joined the EU since 2004 including Poland Czech Republic Hungary Slovenia Estonia Lithuania Latvia Slovakia Romania and Bulgaria   Education in Post-Conflict Transition Gorana Ognjenović,Jasna Jozelić,2017-10-03 This book offers vivid insights into policies of religious education in schools since the series of wars in former Yugoslavia in the 1990 s It traces the segregation among members of different ethnic groups in Slovenia Bosnia Herzegovina Croatia and Serbia which has never been greater or more systematic It aims to be a necessary step in understanding the origins of this systematic segregation and how it is reproduced in educational practice asserting that the politicization of religion in the school textbooks is one of the motors responsible for the ongoing ethnic segregation It also deals with complex aspects of this issue such as the general situation of religion in the different countries the social position of churches the issues of gender the reconciliation after the Yugoslav Wars and the integration of the EU   Plato, Utilitarianism and Education (International Library of the Philosophy of Education Volume 3) Robin Barrow,2010-02-25 Three lines of argument are central to this book that Plato s views as expounded in the Republic indicate that he was a utilitarian that utilitarianism is the only acceptable ethical theory that these conclusions have significant repercussions for education Throughout the book the exposition of utilitarianism and the interpretation of the Republic are closely linked The author assesses the nature of recent Platonic criticism and provides a critical summary of the Republic He expounds and defends utilitarianismn and examines in greater depth the consequences for education of accepting a utilitarian position showing how for example from this standpoint such key terms in educational debate as autonomy and self development must be reassessed as educational objectives   **The Grants Register 2025** Palgrave Macmillan,2024-08-23 The Grants Register 2025 is the most authoritative and comprehensive guide available of postgraduate and professional funding worldwide It contains international coverage of grants in almost 60 countries both English and non English speaking information on subject areas level of study eligibility and value of awards and information on over 5 100 awards provided by over 1 300 awarding bodies
