**Judaism Transcends Catastrophe: God commands** Jacob Neusner,1994      **The Documentary History of Judaism and Its Recent Interpreters** Jacob Neusner,2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner s entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah s and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis      **Judaism Transcends Catastrophe: The Torah teaches** Jacob Neusner,1994 Begins a five volume anthology documenting the strength of Judaism in the wake of the devastation of the European Jewish population by Nazi Germany Ten contributions discuss defining terms bearing witness the voice of Auschwitz and confronting the experience No index Annotation copyright Book      [Judaism Transcends Catastrophe: Eternal Israel endures](#) Jacob Neusner,1994      **Three Questions of Formative Judaism** Jacob Neusner,2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise Three Questions of Formative Judaism encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details      [The Jews as a Chosen People](#) S. Leyla Gurkan,2008-12-05 The concept of the Jews as a chosen people is a key element of the Jewish faith and identity This book explores the idea of

chosenness from the ancient world through modernity and into the Post Holocaust era Analysing a vast corpus of biblical ancient rabbinic and modern Jewish literature the author seeks to give a better understanding of this central doctrine of the Jewish religion She shows that although the idea of chosenness has been central to Judaism and Jewish self definition it has not been carried to the present day in the same form Instead it has gone through constant change depending on who is employing it against what sort of background and for what purpose Surveying the different and sometimes conflicting interpretations of the doctrine of chosenness that appear in Ancient Modern and Post Holocaust periods the dominant themes of Holiness Mission and Survival are identified in each respective period The theological philosophical and sociological dimensions of the question of Jewish chosenness are thus examined in their historical context as responses to the challenges of Christianity Modernity and the Holocaust in particular This book will be of interest to scholars and students of Jewish Studies the Holocaust religion and theology     **Ancient Judaism, Debates and Disputes, Fourth Series** Jacob Neusner,1996     *Tractate Baba Batra* ,1994     **Judaism Transcends Catastrophe: God commands** ,1994     *Judaism Transcends Catastrophe* Jacob Neusner,1994     **Scripture and Midrash in Judaism** Jacob Neusner,1994     *Building Blocks of Rabbinic Tradition* Jacob Neusner,2008 This book responds to a question that came to the author from Professor Maren Niehoff of the Hebrew University of Jerusalem Have you written a simple introduction to your documentary theory and method which can serve as a starting point for my students In this book are gathered eight of the more fundamental items of documentary theory and practice\_three in theory five in practice\_for Professor Neihoff s students and anyone else who takes an interest in the formative history of Judaism The documentary thesis of Rabbinic literature holds that the document\_the Mishnah Sifra Lamentations Rabbah the Bavli for example\_forms the basic building block of the Rabbinic tradition Excluded by that definition are sayings attributed to and stories told about named sages These cannot serve in the reconstruction of the Rabbinic tradition its literature history religion and theology     **The Catholic Biblical Quarterly** Wendell Stephen Reilly,1996 Includes various reports of the Association     *Books In Print 2004-2005* Ed Bowker Staff,Staff Bowker, Ed,2004     Gott im Spiegel der Weltreligionen Elmar Klinger,1997     1998, □□□ □□□□     **The British National Bibliography** Arthur James Wells,2001     Zerfall und Aufbruch Robert G.
