God Created Man in God's Image and Man Created God in Man's Image Andreas Zachariou,2004-05-01 In *God Created Man in God's Image and Man Created God in Man's Image* the author describes the way people feeling too weak to deal with their life's circumstances turn to God hoping that He will solve their problems In their effort to get God's attention they treat him like a father attributing to Him human like characteristics In that sense they create a God in their own manly image People who practice the above believe that God is behind everything that happens and so they sit back and watch When they are not too busy praying to God to adjust His actions in their favor they take their own action which they like to present as a continuation or completion of the actions of God

Human Dignity, Judicial Reasoning, and the Law Brett G. Scharffs, Andrea Pin, Dmytro Vovk, 2024-05-28 This volume explores how national and international human rights courts interpret and apply human dignity The book tracks the increasing deployment of the concept of human dignity within courts in recent decades It identifies how human dignity based arguments have expanded to cover larger sets of cases from the right to life or the right to integrity or anti discrimination the concept has surfaced in disputes about political and social rights and rule of law requirements such as equality or legal certainty The core message of the book is that judges understand interpret and apply human dignity differently An inflation in the judicial recourse to human dignity can saturate the legal environment depriving the concepts as well as human rights based narratives of salience and threaten the predictability of court decisions The book will appeal to philosophers of law constitutional theorists and lawyers legal comparativists and international law specialists While being dedicated specifically to human dignity jurisprudence the book touches on many aspects of judiciary and as such

Genocide Prophecy Dr. Brian Haack, 2023-05-05 What if modern bureaucrats led our country toward a genocidal end which rivaled history's most wicked regimes What if Christians helped them do it And what does any of this have to do with autism This book demonstrates how U S policy and social evolution has followed a trajectory eerily like the one which seated the Nazis and how Germany's most notorious human rights abuses began with violating the human rights of children with disabilities like autism Evidence suggests that Germany's Christians unwittingly contributed to their catastrophic outcomes by remaining silent when speaking out might have made a difference Today we see a growing trend of abuse against vulnerable people in the USA and like Germany's Christians we are not speaking out It seems that without intelligent Christian opposition the creep toward genocide in the USA has begun We are now seeing the first indications of a genocidal tyranny which infected Germany now appearing in the USA It could soon grow up to overshadow the world's memory of Nazi Germany but there is hope This book offers biblically sound research based evidence which intelligently refutes popular anti biblical views on history philosophy and science It also offers new possibilities for the discovery and defeat of prejudicial attitudes that have divided human populations for centuries In these pages the reader will find renewed confidence in the reliability of the scriptures while discovering the Bible's relevance to topics like genetics and DNA the origins of human life and the seat of human rights Finally the reader will understand why these Christian perspectives matter to all people everywhere regardless of their personal religious inclinations
