The Accented Bible ... All Proper Names Accented. Edited by the Rev. Alexander Taylor, 1875 The Child's Bible, 1883 Understanding God's First Earth Howard W. Hall, 2011-08 Readers of Understanding God's First Earth believers and non believers alike will feel Howard W Hall's unconstrained child like faith God commands of His children as this impassioned and devoted veteran Sunday School teacher of more than thirty years explains his studied understanding of the Creation as recorded in the Holy Bible's first eight chapters in easily understood layman's words Whether you agree or disagree with any or every aspect of Mr Hall's heartfelt conclusions Understanding God's First Earth encourages each of us to reevaluate the so called scientific evidence presented as fact by the vast majority of contemporary science and academia today In humankind's anxious pursuit of divine wisdom through science and technology Mr Hall contends much of the basis for our higher understanding is built upon supposition Ultimately Mr Hall most readily concedes only God can answer the many questions of how why and when we were created posed by humanity's innate curiosity But Understanding God's First Earth is one man's reflective insightful verse by verse interpretation of the first eight chapters of Genesis that will most surely aid your understanding of Creation as written in the Holy Bible
