God Of My Victory The Ancient Hymn In Habakkuk 3:

God of My Victory Theodore Hiebert, 2018-07-17 The most lively issue in Habakkuk studies is the meaning of Chapter 3 and its relationship to the prophetic corpus as a whole The vivid and in its canonical context unusual imagery of this theophanic hymn has intrigued and puzzled exegetes. The study which follows is an effort to address this issue in a synthetic fashion employing insights from textual poetic linguistic historical archaeological and theological investigations based on the most recent data available in these areas The intention is to clarify as far as possible the source of this poem in Israelite life and the reason for its position in the canon in order to contribute to the developing understanding of this brief but complex **God of My Victory** Theodore Hiebert, 1984 ?????? Michael A. Fishbane, 2002-06-01 Written prophetic book Preface by one of the most noted scholars in the field this commentary has Hebrew text and the new JPS English translation at the top of the page and a critical line by line commentary at the bottom **BMH as Body Language** W. Boyd Barrick, 2008-06-01 It is customarily assumed that the Hebrew word BMH denotes a high place first a topographical elevation and derivatively a cult place elevated either by location or construction This book offers a fresh systematic and comprehensive examination of the word in those biblical and post biblical passages where it supposedly carries its primary topographical sense Although the word is used in this way in only a handful of its attestations they are sufficiently numerous and contextually diverse to yield sound systematic rather than ad hoc conclusions as to its semantic content Special attention is paid to its likely Semitic and unlikely Greek cognates pertinent literary compositional and text critical matters and the ideological and iconographical ambiance of each occurrence This study concludes that the non cultic word BMH is actually bomet carrying primarily if not always an anatomical sense approximate to English back sometimes expanded to the body itself The phrase bmty rs Amos 4 13 Micah 1 3 and CAT 1 4 VII 34 also Deut 32 13a Isa 58 14ab ba and Sir 46 9b derives from the international mythic imagery of the Storm God it refers originally to the mythological mountains conceptualized anthropomorphically which the god surmounts in the ophany symbolically expressing his cosmic victory and sovereignty There is no instance where this word even 2 Sam 1 19a and 1 25b is unequivocally a topographical reference The implications of these findings for identifying the bamah sanctuary are briefly considered **Living Countertestimony** Walter Brueggemann, 2012-01-01 This volume invites readers to get up close and personal with one of the most respected and beloved writers of the last four decades Carolyn J Sharp has transcribed numerous table conversations between Walter Brueggemann and his colleagues and former students in addition to several of his addresses and sermons from both academic and congregational settings The result is the essential Brueggemann readers will learn about his views on scholarship faith and the church get insights into his contagious charisma grace and charity and appreciate the candid reflections on the fears uncertainties and difficulties he faced over the course of his career Anyone interested in Brueggemann's work and thoughts will be gifted with thought provoking inspirational reading from within these pages

Miller, 1994 Should Christians be involved in making war This ever present issue gets new attention here within the context of ecumenical

discussion Seven chapters of this volume were originally prepared for the 1991 Faith and Order Consultation on the Apostolic Faith and the Church's Peace Witness Includes a selected bibliography of works on the church's diverse answers to questions of war and peace Minor Prophets Volume 2 Clay Alan Ham, 2006-12-12 The Option for the Poor in Christian Theology Daniel G. Groody, 2007-04-01 Since the publication of Gustavo Guti rrez s 1973 groundbreaking work A Theology of Liberation much has been written on liberation theology and its central premise of the preferential option for the poor Arguably this has been one of the most important yet controversial theological themes of the twentieth century As globalization creates greater gaps between the rich and the poor and as the situation for many of the world's poor worsens there is an ever greater need to understand the gift and challenge of Christian faith from the context of the poor and marginalized of our society This volume draws on the thought of leading international scholars and explores how the Christian tradition can help us understand the theological foundations for the option for the poor The central focus of the book revolves around the question How can one live a Christian life in a world of destitution The contributors are concerned not only with a social economic or political understanding of poverty but above all with the option for the poor as a theological concept While these essays are rooted in a solid grounding of our present reality they look to the past to understand some of the central truths of Christian faith and to the future as a source of Christian hope Following Gustavo Guti rrez s essay on the multidimensionality of poverty Elsa Tamez Hugh Page Jr Brian Daley and Jon Sobrino identify a central theological premise poverty is contrary to the will of God Drawing on scripture the writings of the early fathers the witness of Christian martyrs and contemporary theological reflection they argue that poverty represents the greatest challenge to Christian faith and discipleship David Tracy and J Matthew Ashley carry their reflection forward by examining the option for the poor in light of apocalyptic thought Virgilio Elizondo Patrick Kalilombe Mar a Pilar Aquino M Shawn Copeland and Mary Catherine Hilkert examine the challenges of poverty with respect to culture Africa race and gender Casiano Florist n and Luis Maldonado explore the relationship between poverty sacramentality and popular religiosity The final two essays by Aloysius Pieris and Michael Signer consider the option for the poor in relationship to other major world religions particularly an Asian theology of religions and the meaning of care for the poor within Judaism Traditional Techniques in Classical Hebrew Verse Wilfred G. E. Watson, 1994-09-01 Before during and after the preparation of Classical Hebrew Poetry A Guide to its Techniques Wilfred Watson published several articles on Hebrew poetry in a wide range of periodicals The present volume collects together the most significant of these writings including a chapter from a book on chiasmus as well as a few unpublished items After an opening survey of current work on Hebrew verse the articles cover the following topics parallelism including half line parallelism previously almost unnoticed antithesis word pairs chiasmus figurative language and introductions to speech in verse The last section deals with structural devices and a folktale motif in narrative verse hyperbole apostrophe and alliteration Previously unpublished items are on the contribution of ethnopoetics

from the study of Native American literature to Hebrew narrative verse a new topic in biblical studies parallelism in the Song of Songs and a metaphor in Jeremiah This anthology is intended as a companion volume to Classical Hebrew Poetry It Theology and Protest Music Heidi M. includes additions and corrections to that book and there are also several indices Altman, Jonathan H. Harwell, 2023-03-20 Songs of protest have been inspiring activists for millennia and continue to be created shared and reworked across musical genres From the prophet Habakkuk as proto protest singer through a broad spectrum of twentieth and twenty first century artists and diverse faith traditions Theology and Protest Music gathers compelling contributions that examine Brazilian eschatology Black liberation and womanism esoteric Islam in Five Percenter rap heavy metal as anti theology Howard Thurman s relevance to jazz Cuban Santer a priest Pedrito Martinez sacred Bat drumming as well as theological reflections on Jay Z Funkadelic Marvin Gaye Sweet Honey in the Rock and the social justice chorale movement Those interested in theology and popular culture as well as scholars of music social justice racial identity LGBTQ studies and gender studies will find new aspects of the broad spectrum of protest music and its diverse spiritual connections Theology and Protest Music also features invited contributions by pioneering choral activist Catherine Roma and world renowned performer composer and educator Dr Ysaye Maria Barnwell Between the Psalms and the Twelve Matthew I. Ayars, Peter C. W. Ho, 2025-02-14 This book initiates dialogue between recent scholarship on the Psalms and on the Book of the Twelve While these two biblical corpora are seemingly similar the scholarship on them has not been brought into fruitful conversation until now This volume seeks to demonstrate that insights gained from reading the two sets of biblical texts even if done separately can productively inform the reading of both when brought together in conversation An international team of specialists who have worked extensively with either one or both sets of texts seeks to break fresh ground and shed new light The Hebrew Bible and Environmental Ethics Mari Joerstad, 2019-05-23 The environmental crisis has prompted religious leaders and lay people to look to their traditions for resources to respond to environmental degradation In this book Mari Joerstad contributes to this effort by examining an ignored feature of the Hebrew Bible its attribution of activity and affect to trees fields soil and mountains The Bible presents a social cosmos in which humans are one kind of person among many Using a combination of the tools of biblical studies and anthropological writings on animism Joerstad traces the activity of non animal nature through the canon She shows how biblical writers go beyond sustainable development asking us to be good neighbors to mountains and trees and to be generous to our fields and vineyards They envision human communities that are sources of joy to plants and animals The Biblical writers attention to inhabited spaces is particularly salient for contemporary environmental ethics in their insistence that our cities suburbs and villages contribute to flourishing landscapes Scripture as Social Discourse Todd Klutz, Casey Strine, Jessica M. Keady, 2018-06-14 Throughout the last several decades professional biblical scholars have adapted concepts and theories from the social sciences particularly social and cultural anthropology in order to cast new light on ancient biblical writings early Jewish and

Christian texts that circulated with the Scriptures and the various contexts in which these literatures were produced and first received The present volume of essays draws much of its inspiration from that same development in the history of biblical research while also offering insights from other newer approaches to interpretation The contributors to this volume explore a wide range of broadly social scientific disciplines and discourses cultural anthropology sociology archaeology political science the New Historicism forced migration studies gender studies and provide multiple examples of the ways in which these diverse methods and theories can shed new and often fascinating light on the ancient texts The fruit of scholarly work that is both international in flavour and truly collaborative this volume provides fresh perspectives not only on familiar portions of Jewish and Christian Scripture but also on select passages from the Dead Sea Scrolls the Nag Hammadi library and previously untranslated French texts Abraham Shaul Bar, 2025-08-08 Was Abraham a real historical figure or is he a figment of the imagination a product of a literary tradition Abraham is not mentioned in any of the extra biblical documents from the third and second millennia BCE This led scholars to the conclusion that many details in the book of Genesis are fiction that project later romantic ideals and faith The stories describe an imaginary past that were created to fulfill political needs of a later period Is there validity to these assertions or are these stories about Abraham firmly based in history The author surveys epigraphic and archeological material that includes names of nations people sites as well as legal and social customs to find the historical and ethnic background of these stories The study provides provocative and useful insights into the life and image of the patriarch Abraham and his period Fortress Commentary on the Bible Matthew J. M. Coomber, Hugh R. Page Jr., Gale A. Yee, 2015-04-01 The Fortress Commentary on the Bible Old Testament and Apocrypha presents a balanced synthesis of current scholarship enabling readers to interpret Scripture for a complex and pluralistic world The contributors bring a rich diversity of perspectives to the task of connecting solid historical critical analysis of the Scripture with sensitivity to theological cultural and interpretive issues arising in our encounter with the text The contributors represent a broad array of theological commitmentProtestants Catholics Jews and others The introductory articles and section introductions in the volume discuss the dramatic challenges that have shaped contemporary interpretation of the Old Testament and Apocrypha Individual book articles provide an introduction and commentary on key sense units that are explored through the lenses of three critical questions The text in its ancient context What did the text probably mean in its original historical and cultural context The text in the interpretive tradition How have centuries of reading and interpreting shaped our understanding of the text The text in contemporary discussion What are the unique challenges and interpretive questions that arise for readers and hearers of the text today. The result is a commentary that is comprehensive and useful for preaching teaching and research
