*God Struck Me Dead* Clifton H. Johnson, 2011-01-01 An invaluable collection of vivid conversion narratives and autobiographies by illiterate but powerfully articulate ex slaves *God Struck Me Dead* is a window into the soul of America and its religious history Gathered from the Fisk Social Science Institute's massive study during the 1930s on race relations and originally published by the Pilgrim Press in 1969 this volume is a rich resource of liberation from those whose faith was borne and tested by the cruelest of human degradations slavery Includes a preface by Paul Radin author and expert on primal religion **God Struck Me Dead** Fisk University. Social Science Institute, 1969 Scholars who are today engaged in reinterpreting and reevaluating American history in terms of the contributions of minority groups recognize a heavy indebtedness to Charles S Johnson Paul Radin and other members of the Fisk University Social Science Institute for their pioneer research in the field of Negro life and culture Under Dr Johnson's direction the Institute in the 1930s became one of the leading research centers for the social sciences in the nation While pioneering in research methods and areas of study the Institute was also preserving for future scholars documentary evidence of the contemporary scene of the South in general and of the Negro in particular Preface *God Struck Me Dead* Fisk University. Social Science Institute, 1945 **God Struck Me Dead**, 1945 *Voices of Black Folk* Terri Brinegar, 2022-04-19 Recipient of a 2023 Certificate of Merit for Best Historical Research in Recorded Blues R B Gospel Hip Hop or Soul Music from the Association for Recorded Sound Collections In the late 1920s Reverend A W Nix 1880 1949 an African American Baptist minister born in Texas made fifty four commercial recordings of his sermons on phonographs in Chicago On these recordings Nix presented vocal traditions and styles long associated with the southern rural Black church as he preached about self help racial uplift thrift and Christian values As southerners like Nix fled into cities in the North to escape the rampant racism in the South they contested whether or not African American vocal styles of singing and preaching that had emerged during the slavery era were appropriate for uplifting the race Specific vocal characteristics like those on Nix's recordings were linked to the image of the Old Negro by many African American leaders who favored adopting Europeanized vocal characteristics and musical repertoires into African American churches in order to uplift the modern New Negro citizen Through interviews with family members musical analyses of the sounds on Nix's recordings and examination of historical documents and relevant scholarship Terri Brinegar argues that the development of the phonograph in the 1920s afforded preachers like Nix the opportunity to present traditional Black vocal styles of the southern Black church as modern Black voices These vocal styles also influenced musical styles The moaning voice used by Nix and other ministers was a direct connection to the blues moan employed by many blues singers including Blind Willie Blind Lemon and Ma Rainey Both Reverend A W Nix and his brother W M Nix were an influence on the Father of Gospel Music Thomas A Dorsey The success of Nix's recorded sermons demonstrates the enduring values African Americans placed on traditional vocal practices **Philip's Daughters** Estrelida

Glave,2010-08 With a basis in environmental history this groundbreaking study challenges the idea that a meaningful attachment to nature and the outdoors is contrary to the black experience The discussion shows that contemporary African American culture is usually seen as an urban culture one that arose out of the Great Migration and has contributed to international trends in fashion music and the arts ever since However because of this urban focus many African Americans are not at peace with their rich but tangled agrarian legacy On one hand the book shows nature and violence are connected in black memory especially in disturbing images such as slave ships on the ocean exhaustion in the fields dogs in the woods and dead bodies hanging from trees In contrast though there is also a competing tradition of African American stewardship of the land that should be better known Emphasizing the tradition of black environmentalism and using storytelling techniques to dramatize the work of black naturalists this account corrects the record and urges interested urban dwellers to get back to the land     **Gospel Conversations** Robert W. **Reading Hebrews Missiologically** Abeneazer G. Urga,Edward L. Smither,Linda P. Saunders,2023-02-28 Gaining New Insights from Hebrews God s interactions with Israel were a foreshadowing of the perfect reality in the person of Jesus absolutely God and absolutely human Jesus came to earth to establish his kingdom and all that God had initiated in the old covenant There is a continuity of theological understanding as we move from the Old Testament to the letter sent to the

Christians in Rome The discussion on the theology of mission in the New Testament usually focuses on Jesus and Paul with minimal attention given to the General Epistles However Reading Hebrews Missiologically tries to fill that gap and focuses on the theology of mission in the book of Hebrews and fleshes out the unique contribution it has to the discussion of a New Testament theology of mission The twelve contributors from various theological geographical and missiological contexts explore the missionary motive the missionary message and the missionary method of the Epistle to the Hebrews All Scripture can be read missiologically and the letter to the Hebrews with its emphasis on the supremacy of Christ is no exception We pray that this book will inspire fresh approaches to practical mission in the world today      **Spirit(s) in Black Religion** Kurt Buhring,2022-09-10 In this book Kurt Buhring explores concepts of spirit s within various Black religions as a means to make a constructive theological contribution to contemporary Black theology in regard to ideas of the Holy Spirit or pneumatology He argues that there are rich resources within African and African based religions to develop a more robust notion of the Holy Spirit for contemporary Black liberation theology In so doing Buhring offers a pneumatology that understands divine power and presence within humanity and through human action The theology offered maintains the fundamental claim that God acts as liberator of the oppressed while also calling for greater human responsibility and capability for bringing about liberation      Knowing Christ Crucified Copeland, Shawn M.,2018 A timely and challenging collection of essays on Jesus Christ through the perspective of the slaves and the struggles of African Americans today      *Indigenous Black Theology* J. Clark,2012-10-10 This work is concerned with the way Black Christian formation because of the acceptance of universal absolute and exclusive Christian doctrines seems to justify and even encourage anti African sentiment      *A Theology of Race and Place* Andrew Thomas Draper,2016-08-26 In a world marked by the effects of colonial displacements slavery s auction block and the modern observatory stance can Christian theology adequately imagine racial reconciliation What factors have created our society s racialized optic a view by which nonwhite bodies are objectified marginalized and destroyed and how might such a gaze be resisted Is there hope for a church and academy marked by difference rather than assimilation This book pursues these questions by surveying the works of Willie James Jennings and J Kameron Carter who investigate the genesis of the racial imagination to suggest a new path forward for Christian theology Jennings and Carter both mount critiques of popular contemporary ways of theologically imagining Christian identity as a return to an ethic of virtue Through fresh reads of both the tradition and liberation theology these scholars point to the particular Jewish flesh of Jesus Christ as the ground for a new body politic By drawing on a vast array of biblical theological historical and sociological resources including communal experiments in radical joining *A Theology of Race and Place* builds upon their theological race theory by offering an ecclesiology of joining that resists the aesthetic hegemony of whiteness embed container position relative padding bottom 56 25% height 0 overflow hidden max width 100% embed container iframe embed container object embed container embed position absolute top 0 left 0 width 100% height 100%      **From Jeremiad to Jihad** John D.

Carlson, Jonathan H. Ebel, 2012-06-06 Violence has been a central feature of America's history, culture, and place in the world. It has taken many forms from state-sponsored uses of force such as war or law enforcement to revolution, secession, terrorism, and other actions with important political and cultural implications. Religion also holds a crucial place in the American experience of violence, particularly for those who have found order and meaning in their worlds through religious texts, symbols, rituals, and ideas. Yet too often the religious dimensions of violence, especially in the American context, are ignored or overstated in either case poorly understood. From Jeremiad to Jihad: Religion, Violence, and America corrects these misunderstandings. Charting and interpreting the tendrils of religion and violence, this book reveals how formative moments of their intersection in American history have influenced the ideas, institutions, and identities associated with the United States. Religion and violence provide crucial yet underutilized lenses for seeing America anew, including its outlook on and relation to the world.

*The Bible in Folklore Worldwide* Eric Ziolkowski, 2023-12-31 *The Bible in Folklore Worldwide*, a two-volume illustrated Handbook, provides readers with original studies of the reception of the Bible in the folklores of different cultures around the world. This second volume focuses on biblically derived characters, tales, and motifs in Asian, African, Oceanic, and American cultures.

**This Far By Faith** Judith Weisenfeld, Richard Newman, 2014-04-23 *This Far By Faith* brings together a collection of essays on the religious identities and experiences of African American women. Spanning from the period of slavery to the present, the essays profile American figures such as Sojourner Truth, Harriet Tubman, and Willie Mae Ford Smith, exploring the role that religious institutions and impulses played in their lives.

*Visions of Religion* Stephen S. Bush, 2014-10-01 Winner of the Gustave O. Arlt Award in the Humanities, *Visions of Religion* offers three understandings of the nature of religion: religion as experience, symbolic meaning, and power. These have dominated scholarly discussions in succession for the past hundred years. Proponents of each of these three approaches have tended to downplay, ignore, or actively criticize the others. But why should the three approaches be at odds? Religion, as it is practiced, involves experiences, meanings, and power, so students of religion should attend to all three. Furthermore, theorists of religion should have an account that carefully conceptualizes all three aspects without regarding any of them as more basic than the others. *Visions of Religion* provides just such an account. Stephen S. Bush examines influential proponents of the three visions, arguing that each approach offers substantial and lasting contributions to the study of religion, although each requires revision. Bush rehabilitates the concepts of experience and meaning, two categories that are much maligned these days. In doing so, he shows the extent to which these categories are implicated in matters of social power. As for power, the book argues that the analysis of power requires attention to meaning and experience. *Visions of Religion* accomplishes all this by articulating a social-practical theory of religion that can account for all three aspects, even as it incorporates them into a single theoretical framework.
