**God Talk** Randall VanderMey, 1993 Randall J VanderMey examines Christian cliches stressing that the language we use shapes for good or ill our understanding of God the gospel the church and the world 193 pages paper A Theology of God-Talk J. Timothy Allen, Harold G Koenig, 2018-12-07 Use this common coping mechanism to help people respond to crises This thoughtful book offers a fresh theological interpretation for the ways people talk about God in times of crisis A Theology of God Talk The Language of the Heart probes the meaning behind phrases like It must have been God's will and The Lord took Uncle Harry Though many caring professionals dismiss such talk as insensitive or irrational these phrases offer powerful clues to the speaker's personal religious feelings A Theology of God Talk demonstrates the ways that God talk moves the sufferer through the grief and doubt of the crisis By recognizing the ways God talk resembles myth apocalyptic tale tragedy story and even prayer all literary categories the caregiver can begin to help sufferers rewrite their personal narratives in the wake of tragedy A Theology of God Talk examines the crucial issues of God talk including common false assumptions about it the theology of God talk interpretations and misinterpretations how to glean counseling insights from God talk differing stances for sufferers and survivors of tragedy Bringing together psychology theology and narrative theory this insightful and sensitive book offers new ways of looking at this common reaction to crisis A Theology of God Talk is an instant classic and an essential resource for pastors chaplains therapists grief counselors and theologians Reframing the Soul Gregory Spencer, 2018-03-13 When you frame your life what's in the picture We don't just remember the past We remember it as we have framed it Jesus calls us to reframe life grace instead of law love instead of retaliation demonstrating that our faith work is framework In this book readers will be awakened to the power of the words they choose As we begin to change our word choices we become empowered to reframe our story according to the truth of our lives and the wisdom of the gospel New circumstances a divorce a new job an illness or a revelation about the past often drive us to reframe In these times of crisis or change we realize that the words and labels we have previously accepted are unsatisfying Reframing the Soul guides readers through remembering the past with gratitude anticipating the future with hope dwelling within themselves with peace and relating to others in love *The Strategic Smorgasbord of Postmodernity* Deborah Bowen, 2011-05-25 Contemporary Christian critique often talks about postmodernism apocalyptically in terms of cultural crisis and decline instead the contributors to this volume believe that there is a new place for Christian entries on the academic Smorgasbord of postmodernity and they see the postmodern turn as an opportunity for fresh perspectives on the spiritual dimensions of reading literature These twenty scholars are an eclectic group differing in theological and theoretical commitments but all identifying as Christian In this collection they enter into dialogue with a wide range of contemporary literary theorists and theoretical perspectives and offer new readings of primary texts informed by both these theoretical constructs and their Christian faith The manuscript strikes out in important new directions in its sympathetic reading of postmodern theory from

a Christian perspective and even more significantly in its careful and measured dialogic approach to the relationship of Christian thought and contemporary literary theory Daniel Coleman Canada Research Chair in Critical Ethnicity and Race Studies Department of English and Cultural Studies McMaster University Too often Christian literary critics and theologians have preemptively dismissed postmodern theory even as secular critics have been equally dismissive about the contributions that the Christian faith tradition makes to the study of literature This volume successfully brings these two worlds together in innovative at times challenging and always rich ways I do not know of a similar volume in existence a work that gathers in one convenient publication a wide ranging set of discussions of contemporary literary theory by Christian scholars The editor has gathered an impressive and important set of papers here and I believe the volume will raise much interest and provoke a good deal of constructive debate Susan VanZanten Gallagher Professor of English Director Center for Scholarship and Faculty Development Seattle Pacific University     Learning to Speak God from Scratch Jonathan Merritt, 2018-08-14 In a rapidly changing culture many of us struggle to talk about faith We can no longer assume our friends understand words such as grace or gospel Others like lost and sin have become so negative they are nearly conversation enders Jonathan Merritt knows this frustration well After moving from the Bible Belt to New York City he discovered that the sacred terms he used to describe his spiritual life didn't connect as they had in the past This launched him into an exploration of an increasing American reluctance to talk about faith and the data he uncovered revealed a quiet crisis of affecting millions In this groundbreaking book Jonathan revives ancient expressions through incisive cultural commentary vulnerable personal narratives and surprising biblical insights Both provocative and liberating *Learning to Speak God from Scratch* will breathe new life into your spiritual conversations and invite you into the embrace of the God who inhabits them     *The Crisis of Evangelical Christianity* Keith C. Sewell, 2016-04-26 In the broad context of Christianity as it developed over two millennia and with special reference to the last three centuries this discussion finds that Evangelicalism has repeatedly offered a reduced and distorted understanding of the faith The evangelical outlook is much less scriptural than evangelicals generally assume When it comes to appreciating the order of creation our calling to develop integral Christian thinking and living the religious significance of culture and the coming of the kingdom reductionist Evangelicalism struggles with its only rarely acknowledged deficiencies As a result we have all too often ended up with a Christianity shorn of its cosmic scope and wide cultural implications and restricted to institutional church life and the cultivation of private spiritual experience The consequences are frequently enervating and corrosive Without disregarding what is important in the past evangelicals are here challenged to take the Bible much more seriously and thereby transcend the limitations of their habitual reductionism Evangelicals are encouraged to embrace an integral and full orb'd understanding of Christian discipleship that will equip the faithful to address the deep and complex challenges of the twenty first century     Counseling and Community Rod Wilson, 2003-04 Traditionally counseling has focused primarily on the individual overlooking the interaction between the

community and the individual Wilson has created a biblically based counseling model that anchors the individual within the community The result is a perspective that encompasses all aspects of a person's life where the community becomes a helper in the counseling process The thesis of this book is tied to the assumption that we need a counseling approach that is community oriented rather than exclusively focused on the individual When this is the case we will be able to appreciate the biblical emphasis on the people of God While he prizes a relationship with individuals God's heart is with a body a fellowship a community Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process Rod Wilson PhD York University is President and Professor of Counselling and Psychology at Regent College in Vancouver B C Canada He is also the author of *Exploring Your Anger and Helping Angry People* **Charm School** Randall VanderMey, 2006 Homer's *Odyssey* springs to life in comically witty psychologically rich poetry full of epic resonance in Randall J VanderMey's *Charm School Five Women of the Odyssey* Artamo Press 2007 In dramatic monologues and dialogues the drama of Odysseus's long delayed homecoming from the Trojan War is told as a series of encounters with five strong women Circe Calypso Nausicaa Athena and Penelope The famed encounters are there the Cyclops the Lotus Eaters the Clashing Rocks the descent into the Underworld but the real story here is one of seduction faithfulness devotion to duty and the ultimate testing of love Who is the greater hero in the end tardy Odysseus or long suffering Penelope Though full of contemporary references *Charm School* is true to its Homeric source it will make a thought provoking addition to any course in Greek mythology **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of *Evangelisches Kirchenlexikon* Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA
