conditions such as anorexia hearing loss diabetes and cancer In each case the healed person expresses their deep love and appreciation for God and His presence in their adversity **Did God Care?** Dylan M. Burns,2020-07-27 Is God involved Why do bad things happen to good people What is up to us These questions were explored in Mediterranean antiquity with reference to providence *pronoia* In *Did God Care* Dylan Burns offers the first comprehensive survey of providence in ancient philosophy that brings together the most important Greek Latin Coptic and Syriac sources from Plato to Plotinus and the Gnostics Burns demonstrates how the philosophical problems encompassed by providence transformed in the first centuries CE yielding influential notions about divine care evil creation omniscience fate and free will that remain with us today These transformations were not independent developments of Pagan philosophy and Christian theology but include fruits of mutually influential engagement between Hellenic and Christian philosophers *A God Who Cares?* Ernst Conradie,2025-02-26 This monograph may be read as a constructive supplement to Volume 4 of the series entitled *An Earthed Faith Telling the Story amid the Anthropocene* Volume 4 of this series is on the Christian doctrine of providence and is entitled *Making Room for the Story to Continue* In addition to an extended introduction on the state of the debate in the field this monograph includes three constructive essays on the doctrine of providence employing the traditional Reformed distinction between *conservatio gubernatio* and *concursus* as aspects of God's providence as well as a concluding essay provocatively entitled *Who Cares a Damn* The argument of this contribution may be captured in the following way 1 That God's providence is best understood in terms of the deeply held Christian conviction that God cares for every creature and not in terms of Greek assumptions around a pervading rational world order 2 That *conservatio* and *gubernatio* have found rough secular equivalents in global debates on sustainability mitigation and adaptation in the context of climate change 3 That *conservatio* and *gubernatio* are typically in tension with each other when it comes to the question whether God maintains order in nature and society or whether God transforms unjust orders the call for ecojustice 4 That *concursus* is not only an implication of *conservatio* and *gubernatio* but also captures the heart of the problem posed by the advent of the Anthropocene namely that some humans have become a geological force of nature while God's agency has become sidelined or usurped by the Promethean quest to become divine In each of these essays a highly constructive contribution is offered that advances the debate in eco theology by placing providence in the context of the shift from the Holocene to the Anthropocene The method adopted is a constructive argument based on a critical review of the available literature This monograph is scholarly and is addressed to other scholars in the fields of eco theology systematic theology and Reformed theology *Does God Care about You and Me?* E Dale Davis,E. Dale Davis,2009-05 The book is in a non denominational point of view Scripture readings and text reflect the author's protestant background It is written to teach readers about dealing with problems that all believers must face It is especially concerned to show results of recent Biblical scholarship It avoids terminology and vocabulary that would be a problem for readers who are not college graduates or scholars The book

Powers, 2017-08-30 Thanks to coded notes taken by the teenager John Pynchon this volume transports the reader virtually back to Sundays in the seventeenth century when the community gathered to listen to the Rev George Moxon The setting was Springfield Massachusetts founded in 1636 by John s father William Pynchon As a note taker John recorded just what he heard in this rare resource which allows the reader to listen in on the weekly sermons he documented in the 1640s This symbol by symbol transcription into a word for word text preserves the character of the minister s original remarks and reveals Moxon as an able engaging speaker who offered encouragement and challenge to the growing plantation he faithfully served through its earliest years on the edge of a wilderness Not only do the sermons in this collection provide snippets of popular theological discourse at particular moments in the 1600s they also point to issues of the day and they help us get inside the thoughts and word patterns of that era **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** , 2003
