God Creature Revelation A Neoclassical Framework For Fundamental Theology:

God-creature-revelation Jerry D. Korsmeyer, 1995 Educated Western Christians seek to understand the scientific basis of evolution as well as to justify why a God worth worshiping can be responsible yet not indictable for evil The author creates an innovative theological framework that addresses these concerns and provides part of a structure for fundamental theology which is based on the neoclassical metaphysics of Charles Hartshorne and the speculative cosmology of Alfred North Whitehead His model of the divine has three basic principles God is love God is the creator and this creativity is an integral part of divine essence From this model he develops a fundamental theology which focuses on the nature of divinity the interaction between human and the divine and divine revelation He attributes much of his own concept of revelation to Whitehead's model in which revelation is indicative of a successful communion between human and divine This revelation is achieved through symbolic mediation and it is as much interpersonal reconciliation as it is a universal resonance of the creative essence between heaven and earth This framework shows initial agreement with Christian traditions it is highly coherent universal in scope and most importantly it has rich potential for future Christian understanding **Evolution and**

Eden Jerry D. Korsmeyer, 1998 In this study Jerry Korsmeyer examines how an evolutionary perspective impacts on a traditional understanding of original sin He reviews the history of the doctrine as well as the church's interaction with the theory of evolution Using clues provided by evolution and process thought the author suggests an interpretation of original sin that incorporates both modern Catholic scholarship and scientific evidence Ultimately he moves toward a theology of evolution BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Elenchus of**

seriously Paul Helm is J I Packer Professor in Theology and Philosophy at Regent College in Vancouver British Columbia Formerly he was Professor of the History and Philosophy of Religion at King s College He has also served as President of the British Society for the Philosophy of Religion He the author of many books including *The Providence of God Calvin and the Calvinists and Eternal God* Theology of Revelation Rene Latourelle,2009-11-01 For fruitful discussion within the Church for a meaningful dialogue with other Christians for the renewal of the theology of preaching for these and many other reasons we need a new understanding of the nature of revelation The usual apologetical treatment of revelation bent on proving its existence touches but the fringe of the reality Our day and age needs a theology of revelation which probes the nature depths and dimensions of the mystery Father Latourelle s study is a significant contribution in this unfurrowed field and may well be recognized as a landmark for years to come His treatment of scriptural data on the notion of revelation is grounded on the advances of twentieth century exegesis He admirably handles the multifaceted Old Testament notion of revelation and his detailed study of the Synoptics Acts Paul and John heightens the point that the Old Testament s revelation foreshadowed the New and the New is only intelligible against the background of the Old His summary of the patristic idea of revelation is erudite and stimulating and probes the thoughts of twenty writers from the Apostolic Fathers to Augustine The richness of patristic insight contrasts sharply with later theological studies of the nature of revelation His study of the theological thought of the scholastic and neo scholastic schools is critical and informative Their approach culminated in overstressing the apologetical aspects of revelation a course which modern theology is abandoning to re discover a theology of revelation that is Christ centered Scriptural historical and interpersonal In treating of the magisterium the author presents a splendid analysis of official documents from Trent to Vatican II and his summary underscores the point that the Church documents present a view of revelation that closely resembles that of the biblical and patristic sources The author s personal reflections enable us to view many aspects of revelation in a new light He draws on the insights of modern linguistics to give a new dimension to revelation s traditional definition locutio Dei He elucidates the point that revelation is neither event alone nor word alone its structure is sacramental and consists of events interpreted by word In dealing with preaching miracles and other themes Father Latourelle combines wide erudition and lucidity and his work stands as a major contribution to modern theological thought **Revelation** Gerald O'Collins,2016 Since the late 1980s the theme of God s self revelation has been treated only briefly in Christian theology at times simply ignored and often confused with biblical inspiration *Revelation Towards a Christian Theology of God s Self Revelation* lays out its basic characteristics and begins by distinguishing between revelation in the primary sense a living encounter with God s self disclosure and in the secondary sense statements of faith derived from that encounter or propositional revelation It considers revelation as transforming and informing as being sacramental or mediated through words and deeds as communicated through an endless variety of means and mediators as related to but distinct from biblical inspiration and truth and as reaching those of other faiths or of no faith at all Gerald O

Collins skilfully distinguishes between past or foundational revelation present or dependent revelation and future or eschatological revelation He expounds with ecumenical sensitivity the complex relationship between tradition and scripture O Collins moves into controversial areas by insisting that the divine self revelation takes place only when received by human faith and that outside revelation there is no salvation extra revelationem nulla salus This volume offers a coherent account of God s self revelation which can serve as a basis for all that follows in theology and for dialogue with those who follow other living faiths or none at all O Collins extends and enriches what he has proposed in earlier books and articles about the characteristics of God s self revelation

Revelation and Reason: The Christian Doctrine of Faith and Knowledge Emil Brunner,1946 **Divine Revelation...** Paul Helm,1982 *Theology of Revelation* Domenic Marbaniang,2012-12-21 The book is a study of the theology of revelation in the writings of seven modern theologians viz Charles Hodge Karl Barth Emil Brunner Harold DeWolf Millard J Erickson J Rodman Williams and Donald G Bloesch It also includes a concluding chapter by the author on the theology of revelation General Revelation G. C. Berkouwer,1955-05-31 This is a print on demand book and is therefore non returnable Asserting that there is no more significant question in the whole of theology than that of the nature and reality of revelation Berkouwer examines this question along with the claims of natural theology and the radical character of the history of religion since the nineteenth century Revelation and Grace Philip Djung,2021-06-01 Our globalized world with its increasingly pluralistic societies necessitates a theological framework that enables Christians to embrace their neighbors with respect understanding and love without compromising the essential components of their own faith In *Revelation and Grace* Dr Philip Djung explores the ways in which Hendrik Kraemer s theology of religions offers the church such a framework By placing Kraemer in conversation with other twentieth century Dutch Reformed theologians namely Herman Bavinck Johan H Bavinck and Abraham Kuyper Dr Djung allows the doctrine of revelation and grace to inform his interpretation of Kraemer s work He provides a critical assessment of Kraemer s theology illustrating the significance of Kraemer s commitment to the uniqueness of Christ and the necessity of Christian mission while advocating for the need to amend certain aspects of Kraemer s perspective to more fully reflect God s presence in world religions

Revelation and Theology Edward Schillebeeckx,1968 In effect *Revelation and Theology* is Schillebeeckx s general introduction to theology Its fifteen chapters were originally published separately between 1954 and 1962 but the thematic collection offers a vivid picture of the theological renewal in the wake of World War II Schillebeeckx s erudition and broad scholarly orientation are clearly demonstrated in this volume Throughout there are pointers to the at that time new ecumenical approach to Scripture and tradition The problem concerning the function of the scholastic tradition is highlighted Although Schillebeeckx draws extensively on Thomas Aquinas s thinking this early work already shows that he is not a neo Thomist in the narrow sense of the word Unlike the single Dutch volume the English version was published in two volumes In the *Collected works of Edward Schillebeeckx* however here they are published together in the sequence that the author
