God Guts And Guns:

God, Guts, and Guns Phillip Finch,1983 *God, Guts, and Guns Literary Archive* Phillip Finch,Laird M. Wilcox,1980

Encyclopedia of Right-Wing Extremism in Modern American History Stephen E. Atkins,2011-09-13 This encyclopedia covers American right wing extremist groups and extremism from the 1930s to the present day including neo Nazis the Ku Klux Klan and various anti government organizations Right wing extremism in America has had an established presence from the 1930s through the present day The election of America s first African American president and the resuscitation of big government policymaking have stimulated a reaction from and a reemergence of right wing extremists Neo Nazis racist skinheads and white supremacists Unfortunately it seems Americans are still living in an age of extremism The Encyclopedia of Right Wing Extremism in Modern American History provides useful authoritative information about these groups and their histories covering conservative extremism from the 1930s onward such as white supremacist groups and neo Nazis Christian Identity and other right wing religious movements and anti American government extremists An introductory overview insightful conclusion chapter and useful up to date bibliography are also included **Machiavelli in America** Thomas Block,2014-03-01 Machiavelli advised us that people are so mean small and selfish that they will only act under necessity so the successful prince must force the population through whatever means necessary to follow his dictates This book traces the influence of the Florentine thinker on American politics from the Founders c 1770s through today s rough and tumble political panorama Machiavelli s ideas have been re interpreted internationally as real politik He proposed that the ends justify the means and that any manner of fraud violence or corruption must be utilized in attaining and retaining power He maintained that the most powerful form of fraud was the appearance of religiosity and said that the successful prince must hold no art higher than that of war In this disturbing erudite and highly readable book America is shown to be a surprising example of Machiavellian politics utilizing all of the post modern methods of information distribution and legal fraud and corruption Lee Atwater Karl Rove George W Bush the Supreme Court s Citizens United v the Federal Election Commission 2010 and the Super PACs it spawned the massive amounts of money power s master key the intermingling of the language of religion and war and the 90% negative advertising of the 2012 Presidential campaign channeling Machiavelli s dictum that the adversary must be assassinated though in contemporary America by character assassination and even Barack Obama s Machiavellian machinations are looked at in light of the Renaissance political philosopher s ideas The last section of the book offers a response to this with a specific implementable program that will begin to devolve the power of American democracy back to the people **The Crisis of School Violence** Marianna King,2020-12-01 The Crisis of School Violence is the only interdisciplinary book about school violence It presents a broad and in depth approach to the key questions about why bullying continues at an unprecedentedly high rate and why rampage school shootings continue to shock the nation Based on extensive research The Crisis of School Violence investigates human

nature and its relation to aggressive behavior with a special focus on the culture of violence that predicates school violence including rampage shootings and perpetuates industries that profit from violence Marianna King presents the considerable psychological and neuroscientific research that investigates the effects of violent entertainment media on the brain and subsequently on behavior which clearly reveals a causal connection between exposure to violent electronic entertainment media especially violent video games and increased aggressive and violent behavior The book also reveals a more specific connection between exposure to violent video games and rampage school shootings Ultimately this volume is a call to action that includes recommendations for parents teachers decision makers and citizens alike **Perfect Killer** Lewis

Perdue,2010-02-20 When a prominent Mississippi civil rights attorney asks renowned neurosurgeon Bradford Stone to help her save the life of a white racist condemned to death for the cold case murder of a black man he has no idea that he is about to be dragged through a deadly past he thought he had escaped once and for all **Opposing Censorship in Public**

Schools June Edwards,1997-12-01 In the past several years hundreds of challenges a year to books used in public schools have been reported across the nation Most of these have come from the Religious Right This book confronts the attacks on public education and commonly used literature books by challenging the religious assumptions the biblical interpretations and the intimidation tactics of the Religious Right Part I counters the claims of these censors by presenting opposing views on democracy secular humanism religion the Bible morality and the purposes of literature In Part II six books frequently taught in high school classes are analyzed Edwards shows why they have been challenged by the Religious Right and presents a case for their moral and religious virtues as well as their literary worth The book differs from other anti censorship works because it deals primarily and directly with the religious and moral aspects that educators often tend to avoid This book offers teachers and school administrators scholarly counterarguments that can help confront with literature challenges from the Religious Right *American Extremism* D. J. Mulloy,2004-08-02

American Extremism explains how at the heart of the politics practiced by the militia movement is an attempt to define the nature of Americanism and shows how militia members employ the myths metaphors and perceived historical lessons of the American Revolution the constitutional settlement and America s frontier experience to do so Mulloy argues that militia members search for the authority of history leads them to a position best characterized as ahistorical historicism in which political interests in the present are given greater weight than the demands of a historically accurate reading of the past With discussion of such recent events as the Oklahoma City bombing Waco and the September 11th attacks alongside topical issues including militia conspiracy theories and the origins of Americans right to keep and bear arms this work provides the deepest understanding to date of the American militia movement *Gender and Firearms* Peter Squires,2024-04-01 Private gun ownership for self defense remains a major personal and public issue in the United States driven by concerns about crime vulnerability and a range of ideological factors including race and gender As media attention centres upon the extent to which women are taking up

firearms with the gun lobby and firearms manufacturers celebrating the new armed woman and guns being promoted as Rape Prevention Kits this book explores the changing gendered aspects of gun ownership Can ownership of firearms by women be considered as some have claimed the embodiment of what might be termed pioneer feminism as women resist male violence in a dangerous world or are different stories told by the prominence of women in firearms control campaigns or the fact that women remain frequent victims of male gun ownership Analysing representations of the armed woman in firearm and gun lobby marketing and advertising campaigns together with television and popular music forms Gender and Firearms My Body My Choice My Gun examines the directions taken in the public debate on weaponisation in the United States considering the role of women in the politics of gun safety and gun control The book draws on statistical evidence in order to shed light on trends in gun ownership whilst engaging with feminist scholarship on the relationship between gender violence risk and vulnerabilities thus opening up critical new debates surrounding identity performance gender and risk in contemporary societies As such the book will be of likely interest to sociologists and scholars of sociology criminology and cultural and media studies with interests in gender embodiment risk crime and violence A Cry from the Far Middle P. J. O'Rourke, 2020-09-15 In a time of chaos the 1 New York Times bestselling political humorist asks his fellow Americans to take it down a notch Is there an upside to being woke and unable to get back to sleep If we license dentists why don't we license politicians Is your juicer sending fake news to your FitBit about what's in your refrigerator The legendary P J O'Rourke addresses these questions and more in this hilarious new collection of essays about our nation's propensity for anger and perplexity which includes such gems as An Inaugural Address I'd Like to Hear Ask not what your country can do for you ask how I can get the hell out of here and Sympathy vs Empathy which contemplates whether it's better to hold people's hands or bust into their heads Also included is a handy quiz to find out where you stand on the Coastals vs Heartlanders spectrum From the author of Parliament of Whores None of My Business and other modern classics this is a smart look at the current state of these United States and a plea to everyone to take a deep breath relax and enjoy a few good laughs To say that P J O'Rourke is funny is like saying the Rocky Mountains are scenic accurate but insufficient Chicago Tribune The funniest writer in America The Wall Street Journal The Fiction of Ian McEwan M. Hutton, 2005-09-19 Ian McEwan is one of Britain's most established and controversial writers This book introduces students to a range of critical approaches to McEwan's fiction Criticism is drawn from selections in academic essays and articles and reviews in newspapers journals magazines and websites with editorial comment providing context drawing attention to key points and identifying differences in critical perspectives The book features selections from published interviews with Ian McEwan and covers all of the writer's novels to date including his latest novel Saturday **The Politics of Righteousness** James A. Aho, 2014-04-15 From their home bases in Idaho and neighboring areas of the Northwest organizations such as the Order the Aryan Nations Church the Posse Comitatus and the Golden Mean Society have drawn national attention and spread the gospel of a constitutionally pure

Christian homeland For the reader who knows these groups only from a selection of inflammatory quotes and violent deeds this compelling work presents the first disciplined exploration of the backgrounds and belief systems of the Christian patriot movement Using information gathered from interviews and direct observation of patriot gatherings Aho replaces the stereotype of solitary crazies from the fringes of society with more complex and disturbing realities Continuity and Change in the Rhetoric of the Moral Majority W David Snowball,1991-03-30 The persuasive strategies employed by the Moral Majority in the early 1980s reassured and calmed a segment of the American population left confused and uncertain by recent national events David Snowball analyzes this powerful movement how its rhetoric energized its supporters the positions it endorsed and causes it championed and its response to political and media critics By examining the fundamental messages the tactics used and the personalities involved the study reveals that while the basic message of the Moral Majority remained constant its changing popular image and maturing rhetoric which initially added momentum to its rapid rise may also have been at the root of its swift decline by the end of the decade While tracing the movement s origins Snowball investigates in depth the American people s reaction to the influence of the Moral Majority He subsequently reviews its founding tenets and the language typically used to encourage its disciples A look at the specific issues which polarized critics and followers exposes the reasons for the movement s collapse and poses questions regarding its future Although the primary focus of this study is the history of the Moral Majority the analysis also provides valuable insight into the nature of the American political system s response to religiously motivated movements in general **Christian Identity** Chester L. Quarles,2014-11-18 The Ku Klux Klan the Aryan Nations and many ultra right wing racist religious organizations adhere to a doctrine called Christian Identity Christian Identity is not a denomination but a loosely organized movement embracing a range of beliefs Its foundation is the theory that Anglo Saxons and Aryans in most cases are the true descendants of the Lost Tribes of Israel and are the chosen people of God Christian Identity is a bloodline religion a belief system irrevocably tied to race As such it lends itself to the violence racism and anti-Semitism of its more militant practitioners and its growth and links to domestic terrorism warrant a better understanding of the movement This survey of the Christian Identity Movement traces its development and beliefs from its origins to its modern manifestations It examines the doctrines and visions of the future of Identity communities and organizations in America The initial chapter explores British Israelism forerunner of most bloodline Identity groups the oral traditions behind the movement are reviewed in the second The third chapter outlines the American Israel Israel Identity and bloodline Identity movements including major figures and groups The following chapters provide an introduction to Christian Identity itself its general religious tenets and post Creation beliefs upon which much of the theory is based Subsequent chapters describe militant bloodline and Identity groups and individual militant Identity leaders The final chapter explores the Third American Revolution predicted by these groups a forthcoming war based on race and religion

Social Stratification and Power in America Lynda Ann Ewen,1998 To find out more on Rowman Littlefield titles please

visit us a www.rowmanlittlefield.com *Decade of Nightmares* Philip Jenkins, 2006-03-15 Why did the youthful optimism and openness of the sixties give way to Ronald Reagan and the spirit of conservative reaction a spirit that remains ascendant today Drawing on a wide array of sources including tabloid journalism popular fiction movies and television shows Philip Jenkins argues that a remarkable confluence of panics scares and a few genuine threats created a climate of fear that led to the conservative reaction He identifies 1975 to 1986 as the watershed years During this time he says there was a sharp increase in perceived threats to our security at home and abroad At home America seemed to be threatened by monstrous criminals serial killers child abusers Satanic cults and predatory drug dealers to name just a few On the international scene we were confronted by the Soviet Union and its evil empire by OPEC with its stranglehold on global oil by the Ayatollahs who made hostages of our diplomats in Iran Increasingly these dangers began to be described in terms of moral evil Rejecting the radicalism of the 60s which many saw as the source of the crisis Americans adopted a more pessimistic interpretation of human behavior which harked back to much older themes in American culture This simpler but darker vision ultimately brought us Ronald Reagan and the ascendancy of the political Right which more than two decades later shows no sign of loosening its grip Writing in his usual crisp and witty prose Jenkins offers a truly original and persuasive account of a period that continues to fascinate the American public It is bound to captivate anyone who lived through this period as well as all those who want to understand the forces that transformed and continue to define the American political landscape **Be All You Can Be** Shawn E. Hamilton, 2014-03-24 There is something sad about a person who blindly sacrifices his life for his country for he is unaware of the real issues If a person can grasp the truth about war it can't help but color his thinking on such issues as draft dodging The name draft dodger suggests the evasion of a just debt or obligation In reality a draft dodger is either a person who rejects military service on religious or moral grounds or plainly doesn't want to allow himself to be killed Any of those reasons should be good enough and I don't think that he should be persecuted or prosecuted A person who is willing to sacrifice his life for his country is merely a dupe in the profit game of the military industrial complex A man who has the courage to stand up against such twisted idealism and refuse to be sacrificed for profiteers is no coward My opinion of the draft dodger differs from the opinion of many of my peers but then my generation is probably one of the biggest collections of fools on record Major Ralph E. Hamilton WW2 Veteran 1976 *Encyclopedia of American Social Movements* Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women's equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice *Free the Animals* Ingrid Newkirk, 2000 This is the true story of how the animal liberation underground started in the US It is a plea for the rights of animals and an action packed story of underground adventure **Hunted** William W. Johnstone, 2016-05-10 Legend Outcast Free Man The natural enemy of every free man is his own government The land of the free and the home of the brave is no longer a safe place for men like Darry

Ransom Once he believed in the promise of a nation based on liberty and justice for all Now he is a heretic and a rebel an endangered species in a world ruled by those who call themselves guardians of a free society Ransom calls them Enemy Now as he roams the present day Idaho wilderness seeking the peace that has eluded him for centuries the lone wolf suddenly becomes the prey The hunt has begun for the fugitive who will never conform cannot be tamed and refuses to die and the natural enemy of every government is a free man

Recognizing the way ways to get this ebook **God Guts And Guns** is additionally useful. You have remained in right site to start getting this info. acquire the God Guts And Guns belong to that we manage to pay for here and check out the link.

You could purchase guide God Guts And Guns or get it as soon as feasible. You could quickly download this God Guts And Guns after getting deal. So, taking into account you require the ebook swiftly, you can straight get it. Its in view of that categorically simple and hence fats, isnt it? You have to favor to in this atmosphere
