He has a great plan for us.
But we are still the carpenters
and we should construct our lives
according to His plan*

God Is An Engineer:

God Is an Engineer Butch Webb, 2004 *God's Engineer* Daniel Sargent, 1954 **The Transhumanism Handbook** Newton Lee, 2019-07-03 Modern humanity with some 5 000 years of recorded history has been experiencing growing pains with no end in sight It is high time for humanity to grow up and to transcend itself by embracing transhumanism Transhumanism offers the most inclusive ideology for all ethnicities and races the religious and the atheists conservatives and liberals the young and the old regardless of socioeconomic status gender identity or any other individual qualities This book expounds on contemporary views and practical advice from more than 70 transhumanists Astronaut Neil Armstrong said on the Apollo 11 moon landing in 1969 One small step for a man one giant leap for mankind Transhumanism is the next logical step in the evolution of humankind and it is the existential solution to the long term survival of the human race

Christian Life God's Way Larry Harmsen, 2022-08-01 Larry has come to understand that there are two basic ways that the Bible can be taught The first is the most prevalent It consists of telling the Christian the things that he or she should be doing and the things that he or she should not be doing sometimes accompanied with relatively meaningless ways of doing or not doing these things The second way to teach the Bible is to teach it by revealing what God says in the Bible which we call expository preaching or teaching I am very much in favor of expository teaching If a Christian is taught the Bible not taught about the Bible but actually taught to understand God and God's desire to live in and through us in a fulfilling meaningful way the Christian will be able to determine for him or herself what to do or what not to do as it becomes a part of the person's life rather than just something added to the person's life If living the vibrant Christian life through knowing God and His Word becomes the desire and goal of the Christian life learned from the Holy Spirit through God's Word that inner force becomes an external force far more useful to God than being told what to do or what not to do That desire to teach Christians in a way to build that inner force of God through knowing Him has been mine for many years This book contains Bible studies to help develop that inner force that is only by grace Brotherhood of Locomotive Engineer's Monthly Journal , 1868

God's Plan Henrietta C. Mears, 2008-05-01 Finding Yourself in His Grand Design God's plan is exciting and timely and God's Word is relevant today Henrietta Mears vital concern was for people that they might have a comprehensive grasp of the Bible and realize that God has a wonderful plan to reveal to each one who seeks Him In God's Plan you'll discover that God does have a plan and His plan is eternal His plan predates creation and continues forever without limits The essence of God's plan is love pure unrequited love by the Almighty God for people This love prompted God to create the heavens and the earth to select a chosen people to reveal the plan of salvation to establish the church to direct the activities of that which He has created and one day to return in glory *How to Handle Adversity* Charles F. Stanley, 1991-12-19 You lost your job Your son ran away A loved one just died from cancer Your best friend is getting a divorce The list is endless Adversity is a reality that no one can avoid Everyone asks why when adversity strikes Yet Dr Stanley contends As much as we all want to know the

Oscar Thompson's classic book on evangelism shows Christians how to spread the love and good news of Christ by building and repairing personal relationships. Too often the only kind of evangelism encouraged is the preaching to strangers, anonymous crowds, and foreign countries. This book hits readers where they live, teaching them that the most effective way to witness is through a simple plan of meeting the needs of close family first, then friends, and then all others. Published posthumously, this book is a living testament of the brilliance of Oscar Thompson and his innovative method. It will be a perfect guide to lifestyle evangelism for church study groups, conferences, and the classroom.
