Sia,2012-12-06 One of the controversial issQes which have recently come into prominence among philosophers and theologians is how one should understand the term I God It seems that despite the fact that a certain idea of God is assumed by not most people there is a degree of disagreement over the meaning many if of the term God is generally taken to refer to a supreme Being the Creator who is perfect and self existent holy personal and loving This understanding of God corresponds to what many have either been brought up to believe in or have

come to accept as the meaning of this word Nevertheless theists appear to be defending a particular idea of God and to be accusing atheists of attacking another one which does not tie in with the theistic interpretation Cardinal Maximos IV for instance is quoted as saying The God the atheists don't believe in is a God I don't believe in either 2 On the other hand atheists have been challenging believers to explain clearly what they mean by God because these critics cannot see how that idea can have any acceptable meaning Furthermore theists themselves seem to be divided over the issue H P Owen in his book Concepts of Deity shows quite convincingly that there is a bewildering variety of concepts of God among theists One has only to ask around for confirmation of this observation

*A Concordance of the Qur'an* Hanna E. Kassis, 2023-11-03 From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur'an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur'an is not really translatable This does not mean that the Qur'an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis's concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur'an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur'an the word pride for example is directed immediately to the roots of the Arabic Qur'anic terms for pride At the entries for these Arabic roots all the derivative forms are shown and the verses of the Qur'an in which they appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivable

of many steps Sometimes our steps move us forward or backwards Sometimes we take steps to the left or to the right Our goal should be that our steps move us toward a definite destination We hope that our steps are taking us nearer to that which will make us stronger better or even be greater people As our steps are crucial our end point is as well If we want to have the life that God has in store for us we need to be walking toward Him daily God has a life of peace and joy for us Not problem free but one of peace Not without tribulations or trouble but one of triumph In order for us to possess this life God has to be our end destination He has to be the one that we are focusing and He has to be the one that we are depending upon In order for us to grow in the Lord and step closer to Him we must be intentional It would be wonderful if we could just wake up and be spiritually stronger than we have ever been before But that is not reality We must be systematic and strategic if we are going to grow in the Lord This book will help and lead you to grow spiritually Jesus said If we are to follow Him we are to take up our cross daily One Step Closer is a tool that will not only strengthen us now it will impact our eternity      Revise
