Attributes of God Made Easy will help you unpack and understand God's character and promises in an easy to understand way Experience the wonder and joy that comes from enriching your understanding of God's identity Attributes of God Made Easy explains more than 30 traits of God Compassion Creator Eternal Father Glory Holy Infinite Love Mercy Omnipotent Omniscient Perfect Righteous Sovereign Trinity and many more Each attribute includes A key Bible verse that reveals the attribute A clear and concise explanation of what the attribute means Scripture references for further study What the attribute means for us and our world By learning about the divine attributes as revealed in the Bible we learn about God his nature character actions priorities and preferences By reflecting on who he is we can love worship pray and live each day more deeply and fully About the series The Made Easy series is a collection of concise pocket sized books that summarize key biblical teachings and provide clear user friendly explanations to common questions about the Christian faith *The Two Wills of God Made Easy* C. Matthew McMahon, 2016-09-06 This book is taken from McMahon's larger work *The Two Wills of God Does God Really Have Two Wills* which was a Ph D dissertation of over 800 pages In this newly revised concise form McMahon has updated and rewritten key parts to this vital work and removed extraneous portions in order to explain how the student of the bible should understand and hermeneutically study the will of God What biblical doctrine is more important than knowing what God's will is for our lives The secret things belong unto the LORD our God but those things

which are revealed belong unto us and to our children forever that we may do all the words of this law Deut 29 29 The theological subject of God s will reaches deeply into every theological concept Scripture teaches If the Christian s doctrine of God is wrong how can he be sure to have anything else right This study takes the most relevant and practical view of God s will according to Scripture and deals with questions like What is God s will in relation to His church Does God desire the salvation of all men or some men If the wicked perish and God desires their salvation is God s will frustrated when the sinner goes his own way Why is God seen as sovereign in one part of Scripture but seen as repenting sad and even changing His mind in another Does God change Does the Bible teach that there is such a thing as common grace Is God really good to all even the wicked Does God desire things He does not decree and decree things He does not desire As much as these questions are a matter of great theological importance they are also a matter of responsible hermeneutics This abridged version gives the Christian the proper hermeneutical tools to define God s will and how His will functions in and through redemptive history It solves critical questions surrounding God s nature demonstrating that proper biblical interpretation is the key to understanding the will of God Yet as difficult as this topic may initially seem this new version sets out to make studying the will of God easier

Catechism Made Easy Henry Gibson,1882      **Sermons ...** Charles Marriott (Vicar of St. Mary the Virgin, Oxford.),1850      **Faith, Election and the Believer's Assurance** George Gifford,C. Matthew McMahon,2020-10-27 In this Scriptural exhortation and teaching on 2 Peter 1 1 11 Gifford explains election by first attaching the importance of real faith and fruitful works to the life of the Christian There is no greater question asked among those doubtful of their salvation than how to gain real assurance Gifford biblically demonstrates the importance of a fruitful life of virtue in the first three chapters Then he describes how those primary principles of true biblical faith are set in the context of election This in turn provides the Christian with a mountain of assurance But how will they now know that such an entrance shall be ministered unto them in the Kingdom of heaven They know it through the truth of the word as it pertains to the work and merit of Christ and subsequently through the visible and sure fruits of righteousness that the Spirit works in them throughout their whole life The work of Christ applied to the soul of a true believer will exemplify the fruits of righteousness by the Spirit They will be discernably seen in their life and this in turn will become the Spirit s motion of assurance in them In following the Apostle Peter s outline in his epistle Gifford methodically shows the need for holiness and how the true believer who is fruitful can and should then set his heart soul and mind on the electing power of God in Christ for assurance For God has not only called believers to be elected but he hath called us unto glory and virtue If there is no virtue there will be no glory All this ties into Gifford s systematic elucidation of these most precious and important biblical truths of faith election and assurance This work is not a scan or facsimile has been carefully transcribed by hand being made easy to read in modern English and has an active table of contents for electronic versions      **My Sermon Notes** Charles Haddon Spurgeon,1885      **You Are NOT A Mistake! ,      One Simple Equation** David N. Heizer,2020-03-17 The book One

Simple Equation will take the reader on an inventive journey exploring Christian faith by introducing a revolutionary mathematical equation. An equation that helped the author, a devout atheist for forty two years, discover and understand with complete clarity the truth of the Gospel and the power of God's love. After coming to the realization that some of the greatest most promising theories in modern science share the same narrative as the Biblical description of creation, God placed on author David Heizer's heart an equation that would ultimately bring him to Jesus Christ. The equation  $F \cdot T \cdot L = 3$  is a simple expression of Christian faith. It is of profound importance that this book is rooted in God's love and His greatest expression of that love, Jesus Christ. The reader will learn why a mathematical expression of Christian faith illustrates our belief in God and Christ as our saviour so concisely. All people understand Mathematics, making it a universal language understood by all regardless of race, nationality, ethnicity, or language.  $1 + 1 = 2$  is the same for all human beings. Math is also the language of God as all things in the universe. God's creation can be expressed mathematically, from the swirling motion of the planets and stars and the human genome to the computer programs and phone apps we use every day. This fascinating equation will reveal to the reader Biblical truth and understanding. Inspired by Einstein's theory of relativity and God himself, the equation is broken down into three simple terms:  $F$  representing Faith, what we are solving for;  $T$  representing Trust, which is a variable that changes from one day to the next; and  $L$  representing God's Love, a steadfast, never changing, never failing constant we can all rely on. Raising God's love to the power of three represents the Trinity: the Father, Son, and Holy Spirit. The more Trust we apply to God's love, the greater our faith becomes. Read the testimonies of people getting through life's most difficult challenges by placing their trust in God's love. The reader will then be taken through a series of chapters that replace the constant love of God with other idolatrous terms such as money, material possessions, addictions, and the self, and how these temporary, corruptible terms fail at producing a sound faith on which to build life-giving principles. This one simple equation unlocks the meaning of life and answers one of the most difficult questions facing Christians today: How can a loving God allow bad things to happen to good people? This simple yet profound illustration of our faith reveals all this and much more.

**Soul, God and Buddha in Language of Science** Mathura Prasad, 2017-04-18

The Buddha answers all questions that a scientist like Stephen Hawking has in his mind. Two beginningless, self-existent entities are the Universe and the Buddha Field. At high energy level, both coexist in each other. The Buddha Field gives birth to physical and psychic particles/souls. At high energy level, a soul converts into the Buddha Field. Mass is of two kinds: Positive mass is due to souls. A soul is the cause of dark matter. Gravitational force is repulsive in nature between two souls; attractive between matters. Outer region of the Universe is dark because beings are without material bodies. Here TIME does exist BUT without SPACE. Psychic matter is the cause of an expanding Universe. God's atom does exist. All heavenly bodies, including black holes, are abodes of beings. Stars are born due to gravitational instability in the Orion Nebula, caused by God. Number of Gods is uncountable in the Universe. Very soon the world will see all religions barring Buddhism, Marxism, and all

other Wrong Views dying of natural death I have dedicated this book to Stephen Hawking one of the brilliant theoretical physicists since Einstein

**Jewish Answers to Jewish Questions Concerning the Messiahship of Jesus** Joseph David Office,2007 This book will explore the Old Testament roots of Christianity and how that Judaism and Christianity are inherently the same this book expounds the well founded connection to Jesus and the ancient prophetic writings Prophecy is one of the single most powerful pieces of evidence of the supernatural workings of God on earth and hence a focal point for establishing the Messiahship of Jesus This book is essential for any non believer seeking a case for why he or she should believe that Jesus died was resurrected and that He is ultimately the Savior of our souls In addition the knowledge and understanding that can be gained are not just relevant for non believers but the book is also a powerful tool for Christians who don t know everything there is to know about Messianic prophecy When Christians also understand the true potency of their own faith they are better able to teach Christ to others The author is a recent college graduate having earned his BS in Biology from Valdosta State University in 2005 His life in serving God began at the age of 13 at which time he personally experienced the life changing power of Christ and hence the purpose filled journey began Now he hopes to help others to experience the miraculous power of Jesus that he experienced In relation to the writing of this book the inspiration was born out of a love for the Jewish people and a desire to see all of God s lost sheep saved In addition he also hopes to enlighten everyday Christians making them more aware of the power of the surety of their hope in Christ He currently resides in the southeastern United States
