**We Gather Together** Neil J. Young, 2016 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day We Gather Together recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years      *The Christian Countercult Movement* Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga salvation religious pluralism and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement This Element explores the history of this movement from its origins in the anti heresy writings of the early church to its modern development as a reaction to religious pluralism in North America It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith based opposition both to new religious movements and to non Christian religions will only deepen as religious pluralism increases It provides a concise understanding of the two principal goals of Christian countercult apologetics support for the evangelization of non Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview      *The Mormon Image in the American Mind* J.B. Haws, 2013-12 What do Americans think about Mormons and why do they think what they do This is a story where the Osmonds the Olympics the

Tabernacle Choir Evangelical Christians the Equal Rights Amendment Sports Illustrated and even Miss America all figure into the equation The book is punctuated by the presidential campaigns of George and Mitt Romney four decades apart A survey of the past half century reveals a growing tension inherent in the public's views of Mormons and the public's views of the religion that inspires that body

**New Perspectives in Mormon Studies** Eric F. Mason, Quincy D. Newell, 2013-03-18

Scholarship in Mormon studies has often focused on a few key events and individuals in Mormon history The essays collected by Quincy D Newell and Eric F Mason in this interdisciplinary volume expand the conversation One of the main purposes of this volume is to define and cross boundaries Part 1 addresses internal boundaries walls that divide some Mormons from others One chapter examines Joseph Smith's writings on economic matters and argues that he sought to make social distinctions irrelevant Another considers Jane James an African American Latter day Saint and her experiences at the intersection of religious and racial identity In part 2 contributors consider Mormonism's influence on Pentecostal leader John Alexander Dowie and relationships between Mormonism and other religious movements including Methodism and Presbyterianism Other chapters compare Mormonism and Islam and examine the group Ex Mormons for Jesus Saints Alive in Jesus Part 3 deals with Mormonism in the academy and the ongoing evolution of Mormon studies Written by contributors from a variety of backgrounds these essays will spark scholarly dialogue across the disciplines

**The Truth about "the God Makers"** Gilbert W. Scharffs, 1986

Mormon Studies Ronald Helfrich, Jr., 2021-12-30

Mormonism arose in early 19th century New York and has fired the imaginations of its devotees critics and students ever since Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned over District of western New York State and upper north eastern Ohio Others read Mormonism as an authoritarian reaction to Jacksonian democracy Finally some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century It covers those who fought over Mormonism's truth or falsity on those who tried to understand Mormonism as a religious and sociological phenomenon and on those who explored the history of Mormonism from a more dispassionate perspective It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s

**The God Makers** Richard C. Cheatham, 2009-07-13

A disembodied spirit that actually was encountered by the author and an informed view of the development of the church blend to create a tale of mind and mystery that challenges traditional views of church doctrines and authority The author readily acknowledges that many people may not believe the story He admits that he had difficulty believing it even while he was living it Yet he insists that he tells it precisely as it occurred Other he says because of their life experience will have no difficulty in accepting and following the tale At the root of the theological dialogue that runs throughout the story is the question What gives a minister or priest the right to proclaim a greater understanding of Deity

than a working person who has dealt with and reflected upon the complexities of life In doing so the author who holds a doctorate in church history lifts many little known facts about the development of the early church The open minded spiritual seekers will find this book a delight      **Nelson's Illustrated Guide to Religions** James A. Beverley,2009-05-17 A comprehensive introduction to the religions of the world analyzed from a Christian perspective Nelson s Illustrated Guide to Religions covers more than 200 religions sects and cults most of them ones the reader might encounter on any given day It is the most complete and up to date Christian guide to world religions Perfect for the student as well as the layperson Written by leading expert in religions James A Beverley      **Man of Holiness: The Mormon Search for a Personal God** John L. Bracht,2010-07-11 Serious efforts to understand Mormonism in a non confrontational non polemical way are few and far between In this book the author John Bracht has drawn together a multitude of LDS sources in order to demonstrate differences between Mormonism and traditional Christian views on the nature of God and the Godhead      *Atheism: a Lecture* Felix Adler,1879      **The game of the Godmakers 6** Ethan,2024-12-24      **Who Murdered Butterfly Dancer J.** Charles Harris,2024-02-07 As a young man Jon Charles Harris sought guidance for his life by fasting for four days in the spiritual silence of mountains searching for a sign Although he did not know it then he did find his answer when a butterfly visited him He preferred a visit from a wolf but he got a butterfly the butterfly talked but Harris did not understand Little did he know what this visit really meant and how butterflies would become important to him and in that moment unbeknownst to him his life started to change And now with Who Murdered Butterfly Dancer J Charles Harris offers readers a chance to see what Butterfly Dancer taught Harris about what the butterfly said that Harris did not understand A reader may see that what is often taught as incorruptible knowledge that should be enforced with perpetual tradition is not what Love is giving us a chance to do to become the intention of the creation you were made to be Just as young Harris himself changed when Butterfly Dancer visited him and asked him to understand love me as I am Or a reader may be trying to express their true self within a community they fear will reject them or on the other side of that coin may be trying to accept and have compassion for a member of their community they did not previously embrace Those who challenge themselves to read this book who dare themselves to consider possibilities outside what they have known will discover what all explorers find when they persist treasure      **The God Makers II** Ed Decker,Caryl Matrisciana,1993 A decade ago the groundbreaking movie and book The God Makers caused mayhem within the Mormon empire resulting in a modification of several of the religion s supposedly unchangeable doctrines God Makers II documents the surprising metamorphosis of Mormonism and exposes the side of the sect that TV promotions don t show      **Dialogues on Popery** Jacob Stanley,1856
