Whiteness at the Table Christina Berchini, Zachary A. Casey, Shannon K. McManimon, 2020-07-07 Antiracist work in education has proceeded as if the only social relation at issue is the one between white people and people of color But what if our antiracist efforts are being undermined by unexamined difficulties and struggles among white people Whiteness at the Table examines whiteness in the lived experiences of young children family members students teachers and school administrators It focuses on racism and antiracism within the context of relationships Its authors argue that we cannot read or understand whiteness as a phenomenon without attending to the

everyday complexities and conflicts of white people's lives This edited volume is entitled Whiteness at the Table then for at least three reasons First the title evokes the origins of this book in the ongoing storytelling and theorizing of the Midwest Critical Whiteness Collective a small collective of antiracist educators scholars and activists who have been gathering at its founders dining room table for almost a decade Second the book's authors are theorizing whiteness not just in terms of structural aspects of white power but in terms of how whiteness is reproduced and challenged in the day to day interactions and relationships of white people In this sense whiteness is always already at the table and this book seeks to illuminate how and why this is so Finally one of the primary aims of Whiteness at the Table is to persuade white people of their moral and political responsibility to bring whiteness as an explicit topic as perhaps the most important problem to be solved at this historical moment to the table This responsibility to theorize and combat whiteness cannot and should not fall only to people of color

The Mysterious Numerical Bible Code and Other Revelations Lawrence D. Shawbrooks, 2016-06-01 The Hebrew Christian religion remains the most potent verifiably truthful religion on the planet It suffers horrendously from murderous oppression in the Middle East its homeland and was crushed flat by the largest political State the world has ever known Soviet Russia and it endures heavy disheartenment by flawed innuendo and secularisation throughout Europe Despite these massive attacks from mistaken religion hard line atheists and don't know can't be bothered groups yet it remains And more than this It remains philosophically socially prophetically and scientifically the largest most credible and consistent belief system on the planet Its not by accident that non violent Christianity believing in the non violent Ten Commandments and the beautiful spirit of them

in the Beatitudes can survive such intense mentalphysical violent persecution and still remain so vibrant True Christians know The only reason it is so is because the holy Messiah God of Israel is the only true God He rules over all the kingdoms of men but its only the kingdom of Christianity which knows this He loves all humans but not their thoughtsactions However only Christians recognise this and sincerely give thanks that He is their God their prophet priest and king He prophesied that enormous ungodliness would come against His church and followers but these gates of hell would not overcome it and so it is now as we head towards Armageddon and the end of the human age This book explains His prophecies and associated key milestone calculations This is one of many ways witnessing that He is the genuine unique article just as the Hebrew Christian Bible says The purpose of our existence is to have a loving relationship with Him When humans choose to reject Him it causes us to create corrupt and false gods Without realising it many religious people worship corrupt gods and atheism worships its false no God god These cannot bring a person into the paradise of fruitful everlasting life their ways effectively bring people into a fruitless everlasting living death This grieves the Messiah God of Israel because He loves fruitful life To encourage us and to verify who He is He leaves indicators throughout history evidencing even now in these days of the deeply sceptical cheating spirit that humans are without excuse come the judgement Lawrence D Shawbrooks is now retired but continues to work as an Elder in the Church oversight *America, Donald Trump, God, and Me* Toni ME Taylor,2022-03-09 America Donald Trump God and Me Through My Great Grandma Eyes Let her liberty ring Let her fire be inextinguishable Ask not for whom the bell tolls It tolls for us Raging waters pound her shores relentlessly Inward fighting has taken its toll upon her Hostile forces anticipate her downfall Enemies near and far conspire against her liberties and freedoms Yet she stands resolute Her resounding liberty is cracked not shattered Her flaming torch of freedom is dim not out The adversarial bell clanging throughout this great nation cannot be unrung But a United America can change its tune God bless America The sun still shines upon her The Son of God still reigns within her But the one who looks into the Perfect Law the law of liberty and preserves being no hearer who forgets but a doer who acts he will be blessed in his doing James 1 25 Liberty and freedom are God ordained birthrights not selective rights to be doled out according to the whims of *Twenty six sermons on various subjects, selected from the works of W. communities in this work Drawing on direct research with children as they think theologically this book extends both theological and educational research Holy Work with Children offers practical examples for how congregational leaders parents and those who journey with children can encourage and guide them as they make theological meaning and discover ways to respond to God s grace and love making a difference in their communities and the world Spiritual Awakening John Ackerman,1994-12-01 Ackerman parish pastor spiritual director and consultant on spiritual formation provides an excellent guide for clergy desiring a congregation wide approach to developing spirituality rooted in the life of the congregation A six week program focuses on developing individuals spirituality in small groups and includes leader training and course plans Practical suggestions assist in developing the corporate spirituality of congregations **Married and Singles** Bukola Agunbiade Olajide,2021-05-06 God never created a marriage to fail hurt or be frustrated The only reason marriage is failing today is simply because we are trying to do different things from what God designed it to be Every couple has 100 percent chances for a successful marriage only if they can do it the way God planned it The problem is not with the marriage it s couples ignorance in understanding each other The best couples are the couple that realised they have many differences and make every effort to work on their differences If you are already married but going through a rough patch or simply want to strengthen your bond by allowing God to restore your marriage this particular book is for you If you re single contemplating marriage choosing a life partner is one of the most important decisions to make in life The choice of life partner you make can determine the quality of your life in the future much more than any other decision you make in your life Many singles spend more time developing academic knowledge deciding where to go to college choosing the cause to study building physical fitness but spending little time or no time on choosing the right future partner which has led to many failures in marriages today If you give God a chance to choose for you he can give you a description of the kind of person that he desires you to marry For you to have a successful marriage and if you want God s blessing over your marriage which you do then it s better to listen to God about the kind of person he wants you to marry Love alone is not enough reason to marry

W. Green, 2018-03-15 Robert Jenson has been praised by Stanley Hauerwas David Bentley Hart Wolfhart Pannenberg and others as one of the most creative and important contemporary theologians But his work is daunting for many both because of its conceptual demands and because of Jenson's unusual prose style This book is an attempt to give Jenson the kind of hearing that puts his creativity and significance on display and allows newcomers to and old friends of his theology the opportunity to hear it afresh **My Second Childhood** K. L. Smith, 2025-03-17 My Second Childhood is a collection of my random thoughts and memories I have lived through my first childhood and many years of being an adult Everything has seasons in the sun including us The spring summer and fall of my life have passed too quickly I am now living in the winter of my life or as some may call it my second childhood I consider it a blessing to have lived long enough to reach old age It is a gift that everyone does not receive I have released myself from the binding ties of doing what others think I should do I am no longer obligated to employers nor bonded by schedules I have turned the child in me loose to enjoy the last days of my life I am grateful that God has allowed me and my husband of nearly sixty years to enjoy our second childhood together I have time to sit for hours and reminisce and remember moments from my past I have time to analyze stories that were told to me by my ancestors about my family's history I wonder how much of the stories are true and complete Have there been parts of the stories omitted Relatives who have been disowned may not have been included in the accounts of the past We all have secrets and stories that we will never tell What secrets have not been told in these stories Are the stories altered or enhanced to make the past more glorified or sensational There are many questions that I wish I had asked my relatives while they were still alive The answers to these questions will probably go unanswered Over the years I have heard varying accounts of the same stories of our family's history from my younger ancestors Their stories are not congruent with the family history told to me from the lips of my ancestors Their stories do not track with the things that I myself experienced and observed in the presence of my long deceased relatives I was there in the flesh with some of these relatives I can still close my eyes and see them in my mind's eyes I can still hear their voices in my mind's ears I remember these relatives and what they were like In the pages of this book I have written stories about friends and relatives from my past and present I have written a partial accounting of my family's history according to how it was told to me and from my personal observations and experiences As I get older I find that a lot of things no longer matter It does not matter to me who my relatives were or where they came from All that matters is that I was born and had the privilege of living the four seasons

of my life in God's beautiful world. Ultimately we are all God's children and brothers and sisters in Christ. We are all connected through God. Queer Ministers' Voices from the Global South Lisa Isherwood, Hugo Córdova Quero, 2023-10-13. This book brings together the narratives of diverse ministers from the Global South in order to show that queer theologies are impacting many parts of the world and queer lives are molding and enriching Christian ministry. Across Asia, Africa, and Latin America, we are witnessing the emergence of queer faith-based communities in very different contexts and with very different histories. The perspectives included in the book form a tapestry that honors diversity among the Global South's queer communities and ministries. They demonstrate the various ways in which queer ministry challenges and changes theological understanding as well as religious practice. Each chapter highlights issues pertaining to liturgy, sacraments, pastoral rites, and the personal faith journey that each minister underwent to foster pastoral queer theologies. Contributors focus on their understanding of the relationship between faith and sexuality, how rituals relate to the daily lives of queer believers, and the struggles they face within the political structures of religious institutions. The narratives highlight some of the challenges and mechanisms deployed to cope with ingrained LGBTIQ phobia. They also evidence how communities enact interreligious and multi-religious dialog and rituals while honoring faith and activism, and how prophetic ministries counter oppressive discourses and colonial performativities. This is a valuable resource for academics and religious leaders interested in the study of queer theologies, Asian, African, and Latin American Christianity, as well as ecclesiastical and liturgical issues.
