The Gods of Pegāna Lord Dunsany, 2015-11-02T00:10:27Z The Gods of Peg na Lord Dunsany s first published book is a strange and wondrous creation In it he creates the pantheon of gods who rule over the titular world The prose alternates between being biblical high minded and childish with the gods frustrating their human subjects through their single minded and often completely inscrutable actions When they re not busy being mysterious they re busy taking revenge on each other It s possible these short tales were written to convey lessons about life

death and the nature of belief though the rhythmic simplicity of the prose and the strange and often petty nature of the gods leaves that up to debate Regardless The Gods of Pegana is a fascinating and influential read This book is part of the Standard Ebooks project which produces free public domain ebooks Irenaeus, Joseph Smith, and God-Making Heresy Adam J. Powell,2015-10-30 Irenaeus Joseph Smith and God Making Heresy seeks both to demonstrate the salience of heresy as a tool for analyzing instances of religious conflict far beyond the borders of traditional historical theology and to illuminate the apparent affinity for deification exhibited by some persecuted religious movements To these ends the book argues for a sociologically informed redefinition of heresy as religiously motivated opposition and applies the resulting concept to the historical cases of second century Christians and nineteenth century Mormons Ultimately Irenaeus Joseph Smith and God Making Heresy is a careful application of the comparative method to two new religious movements highlighting the social processes at work in their early doctrinal developments The Gods Of Pegana Edward John Moreton Drax Plunkett Baron Dunsany,2019-11-22 The Gods of Pegana by Lord Dunsany is an imaginative book of fantasy and one of the most important collections compiled of short stories from the early part of the 20th century Dunsany fully exploits the fantasy and adventure of imaginary lands which include gods witches magic and spirits The God of Pegana is both an important science fiction work which is both for its ability to be an excellent collection children s fairy tales as well as sophisticated enough to work well at an adult level **Gods "Literal" Plan of Creation - Vs.- the Great Satan Generation of Viper** Jack Hall,2010-08-04 The Holy Bible is the figurative allegory of Gods creation It was only fitting that in a dual heaven and earth unity of object and subject that both the literal translation of the word as well as the figurative be combined in the only absolute truth known to man This inspired revelation was nullified by the 15th century age of science which will bisect creation closing the subjective curtain to heaven and placing Big Bang upon Gods vacated throne This will turn creation inside out unleashing the great Satan viper to adulterate freedom in its constraint of earths fiery genesis of chaos America will become an immoral cesspool script to a deceptive liberal and progressive mindset of a false utopia unattainable on imperfect earth This book cries out to the Tea Party freedom loving patriot to rid the scourge now overtaking the land **Gods in the Desert** Glenn S. Holland,2009-07-16 Gods in the Desert explores the fascinating religious cultures of the ancient Near East From the mysterious pyramids tombs and temples of Egypt to the powerful heroes gods and legends of Mesopotamia Glenn Holland guides readers through the early religions that are the root of many of today s major faiths Holland compares the religions of ancient Egypt Mesopotamia and Syria Palestine including Israel and Judah from the Neolithic era through the conquest of Alexander the Great He provides a historical survey of each region then discusses the gods the rulers the afterlife and the worship rituals This accessible overview makes clear how these religions converged and diverged and are intimately connected to many of the religions we recognize today sometimes in surprising ways **Retrieving Augustine's Doctrine of Creation** Gavin Ortlund,2020-07-14 How might premodern exegesis of Genesis inform Christian debates about creation

today Pastor and theologian Gavin Ortlund retrieves Augustine's reading of Genesis 1:3 and considers how his premodern understanding of creation can help Christians today shedding light on matters such as evolution animal death and the historical Adam and Eve

Truth Made Simple John Todd, 1839

God's Quest Lyman C.D. Kulathungam, 2019-12-09

Why bother with God when he is viewed as a sacred superstition a discarded non entity or a pretext for religious wars Jews and Christians have doubted and discarded God at many times throughout the ages and have also justified countless conflicts in his name Their history however tells a different story Here we observe the historical reality of God's relentless quest to relate with people whether Jew or gentile Despite significant differences between these communities this is the DNA that binds them and places them in a paradigm different from the one articulated in The Quest Christ Amidst the Quest where people are seeking to be freed from their predicament The Judeo Christian narrative shows God's incessant quest orchestrated through various channels such as scriptural revelation miraculous interventions covenantal commitments divine presence in the tabernacle or the temple God's sacrificial incarnation in Christ and the advent of the anticipated Jewish Messiah The narrative climaxes in a grand finale when humans and their habitat will be ushered into an age of peace and harmony Journeying through such a narrative will provide assurance that God is walking with you amidst life's turmoil and that the best is yet to be

God And His Coexistent Relations To The Universe: George D. Shollenberger, 2014 The author says that the social contract theory of John Locke the immortal souls of humans and doubts of the divinity of Jesus by Ben Franklin Thomas Jefferson and John Adams caused the separation of the U S colonists from England on July 4 1776 However the author says that the USA has lost its God and has no facts about the universe in which we live He also says that Locke's social contract theory and the immortal souls of humans were never installed by Congress And he says that the doubts of the divinity of Jesus were never verified In his new book the author opens his widely respected mind to find answers to the above unknowns In his studies of the immortal souls the author concludes that all nations must become equal so that the immortal souls of every Little God can be reborn naturally by God His study provides answers of all doubts about the divinity of Jesus and says that only one active God exists and governs the immortal souls and the universe forever In time only one religion will exist

Studies in Platonic Political Philosophy Leo Strauss, 2024-05-31 The award winning philosopher explores the conflict between philosophy and political society through a series of essays One of the

outstanding thinkers of our time offers in this book his final words to posterity Studies in Platonic Political Philosophy was well underway at the time of Leo Strauss's death in 1973 Having chosen the title for the book he selected the most important writings of his later years and arranged them to clarify the issues in political philosophy that occupied his attention throughout his life As his choice of title indicates the heart of Strauss's work is Platonism a Platonism that is altogether unorthodox and highly controversial These essays consider among others Heidegger Husserl Nietzsche Marx Moses Maimonides Machiavelli and of course Plato himself to test the Platonic understanding of the conflict between philosophy and political society Strauss argues that an awesome spiritual impoverishment has engulfed modernity because of our dimming awareness of that conflict Thomas Pangle's Introduction places the work within the context of the entire Straussian corpus and focuses especially on Strauss's late Socratic writings as a key to his mature thought For those already familiar with Strauss Pangle's essay will provoke thought and debate for beginning readers of Strauss it provides a fine introduction A complete bibliography of Strauss's writings is included
