Gods Own Tale Of Transformations:

A God's Own Tale Terry F. Kleeman,1994-08-04 This scripture was revealed through spirit writing in 1181 It traces Wenchang s development through his many transformations culminating in his apotheosis as director of the Wenchang Palace and custodian of the Cinnamon Record that determines men s and women s fates The god has since assumed a high position in the Taoist pantheon has been introduced into the school system and Confucian temples and now controls the all important civil service examinations in China The text translated here provides a unique window into the religious world of Traditional China Numerous anecdotes of good and evil doers reveal the ethical dilemmas facing men and women of the time from social questions like infanticide and discrimination against women to more purely religious issues such as how evil gods are punished and how China s divergent religious traditions can be reconciled **A God's Own Tale** Terry F.

essential corpus widely venerated and recited to this day that is still largely untapped by research Using historical and ethnographic approaches this volume for the first time offers a comprehensive overview of the history of spirit writing examining its evolution over a millennium the practices and technologies used and the communities involved

Oedipal God Meir Shahar, 2015-08-31 Oedipal God offers the most comprehensive account in any language of the prodigal deity Nezha Celebrated for over a millennium Nezha is among the most formidable and enigmatic of all Chinese gods In this theoretically informed study Meir Shahar recounts Nezha's riveting tale which culminates in suicide and attempted patricide and uncovers hidden tensions in the Chinese family system In deploying the Freudian hypothesis Shahar does not imply the Chinese legend's identity with the Greek story of Oedipus For one in Nezha's story the erotic attraction to the mother is not explicitly acknowledged More generally Chinese oedipal tales differ from Freud's Greek prototype by the high degree of repression that is applied to them Shahar argues that despite a disastrous father-son relationship Confucian ethics require that the oedipal drive masquerade as filial piety in Nezha's story dictating that the child god kill himself before trying to avenge himself upon his father Combining impeccable scholarship with an eminently readable style the book covers a vast terrain It surveys the image of the endearing child god across varied genres from oral and written fiction through theater cinema and television serials to Japanese manga cartoons It combines literary analysis with Shahar's own anthropological field work providing a thorough ethnography of Nezha's flourishing cult Crossing the boundaries between China's diverse religious traditions it tracks the rebellious infant in the many ways he has been venerated by Buddhist monks Daoist priests and possessed spirit mediums whose dramatic performances have served to negotiate individual familial and collective tensions Finally the book offers a detailed history of the legend and the cult reaching back over two thousand years to its origins in India where Nezha began as a mythological being named Nalak barahma whose sexual misadventures were celebrated in the Sanskrit epics as early as the first centuries BCE Here Shahar reveals the long-term impact that Indian mythology has exerted through the medium of esoteric Buddhism upon the Chinese imagination of divinity A tour de force of literary analysis ethnographic research psychological insight and cross-cultural investigation Oedipal God is a must-read for anyone interested in Chinese studies and the historical connection between India and China Shahar's broad reach and engaging approach will appeal to specialists and students in a variety of disciplines including Chinese religion Chinese literature anthropology Buddhist studies psychology Indian studies and cross-cultural history

Modern Chinese Religion I (2 vols.), 2014-12-04 A follow-up to Early Chinese Religion Brill 2009-10 Modern Chinese Religion focuses on the third period of paradigm shift in Chinese cultural and religious history from the Song to the Yuan 960-1368 AD As in the earlier periods political division gave urgency to the invention of new models that would then remain dominant for six centuries Defining religion as value systems in practice this multi-disciplinary work shows the processes of rationalization and interiorization at work in the rituals self-cultivation practices thought and iconography of elite forms of Buddhism Daoism and Confucianism as

well as in medicine At the same time lay Buddhism Daoist exorcism and medium based local religion contributed each in its own way to the creation of modern popular religion With contributions by Juhn Ahn Bai Bin Chen Shuguo Patricia Ebrey Michael Fuller Mark Halperin Susan Huang Dieter Kuhn Nap yin Lau Fu shih Lin Pierre Marsone Matsumoto K ichi Joseph McDermott Tracy Miller Julia Murray Ong Chang Woei Fabien Simonis Dan Stevenson Curie Virag Michael Walsh Linda Walton Yokote Yutaka Zhang Zong

Gods of Mount Tai Susan NAQUIN,2022-05-16 At the intersection of art and religious history this work suggests a fresh method for studying Chinese gods and sacred places Susan Naquin tells the full story of the transformations of the Lady of Mount Tai North China s most important female deity and her mountain home This generously illustrated visual history presents a rich array of overlooked statues prints murals and paintings of gods that were discovered in museums auctions and extensive travel By focusing on ordinary images temples and region based materiality Naquin demonstrates how this flexibly gendered new god flourished while her male predecessor was neglected Both suffered greatly during the last century but Mount Tai continues to be a culturally significant monument and China s most popular tourist mountain Winner of the 2024 Levenson Prize Pre 1900 awarded by the Association for Asian Studies <https://www.asianstudies.org/aas/2024/prizes>

[The Making of a New Rural Order in South China](#) Joseph P. McDermott,2013-11-28 A landmark study of the long term dynamics of Chinese village history proposing a new framework for understanding pre modern economies in Asia

The Making of a New Rural Order in South China: Volume 1, Village, Land, and Lineage in Huizhou, 900-1600 Joseph P. McDermott,2013-11-28 Among the large caches of private documents discovered and collected in China few rival the Huizhou sources for the insight they provide into Chinese local society and economy over the past millennium Having spent decades researching these exceptionally rich sources Joseph P McDermott presents in two volumes his findings about the major social and economic changes in this important prefecture of south China from around 900 to 1700 In this first volume we learn about village settlement competition among village religious institutions premodern agricultural production the management of land and lineage the rise of the lineage as the dominant institution and its members application of commercial practices to local forestry operations This landmark study of religious life and economic activity of lineage and land and of rural residents and urban commercial practices provides a compelling new framework for understanding a distinctive path of economic and social development for premodern China and beyond

Religion and Chinese Society Vol. 2 John Lagerwey,2021-09-24 Thirty years ago Hu Shih s views of Chinese society and history were representative of Sinology in general China itself had no native religion just local customs its only real religion was an import Buddhism These views have now been completely overturned with massive implications for our understanding not only of China but also of humanity as a whole it is no longer possible to imagine that at least one major traditional society constructed and construed itself without reference to a non mundane world that permeated every facet of society and it therefore becomes indispensable for students of China to take the history of Chinese religion into account and for students of

religion to take into account the Chinese experience of and Chinese categories for dealing with religious phenomena The present volumes contain a selection of twenty one essays presented in a conference convened jointly by the Ecole française d'Extrême Orient and the Centre for the Study of Religion and Chinese Society of the Chinese University of Hong Kong on Religion and Chinese Society The Transformation of a Field and Its Implications for the Study of Chinese Culture held on May 29 June 2 2000 The collection aims at providing as wide a coverage as possible of recent research in the history of Chinese religion and seeks to draw some tentative conclusions about the implications for the study of Chinese religion and society in general

Goddess on the Frontier Megan Bryson, 2016-11-02 Dali is a small region on a high plateau in Southeast Asia Its main deity Baijie has assumed several gendered forms throughout the area s history Buddhist goddess the mother of Dali s founder a widowed martyr and a village divinity What accounts for so many different incarnations of a local deity Goddess on the Frontier argues that Dali s encounters with forces beyond region and nation have influenced the goddess s transformations Dali sits at the cultural crossroads of Southeast Asia India and Tibet it has been claimed by different countries but is currently part of Yunnan Province in Southwest China Megan Bryson incorporates historical textual studies art history and ethnography in her book to argue that Baijie provided a regional identity that enabled Dali to position itself geopolitically and historically In doing so Bryson provides a case study of how people craft local identities out of disparate cultural elements and how these local identities transform over time in relation to larger historical changes including the increasing presence of the Chinese state

Living with Separation in China Charles Stafford, 2003-09-02 First Published in 2004 Separation for example the process of leaving behind temporarily or permanently individuals to whom we are attached is something experienced by humans in all societies In the case of China the rituals and practices associated with separation and with its corollary reunion are especially elaborate They are crucial elements within the Chinese cultural tradition In addressing through the use of case studies the central theme of separation this book also provides a good general introduction to many of the classic debates within anthropological and historical analyses of China It will therefore prove an interesting and useful resource to students of Asian studies and anthropology as well as the general reader with an interest in the Chinese cultural tradition

On the Trail of the Yellow Tiger Kenneth Swope, 2018-07-01 The Manchu Qing victory over the Chinese Ming Dynasty in the mid seventeenth century was one of the most surprising and traumatic developments in China s long history In the last year of the Ming the southwest region of China became the base of operations for the notorious leader Zhang Xianzhong 1605-47 a peasant rebel known as the Yellow Tiger Zhang s systematic reign of terror allegedly resulted in the deaths of at least one sixth of the population of the entire Sichuan province in just two years The rich surviving source record however indicates that much of the destruction took place well after Zhang s death in 1647 and can be attributed to independent warlords marauding bandits the various Ming and Qing armies vying for control of the empire and natural disasters On the Trail of the Yellow Tiger is the first Western study to examine in detail the aftermath of

the Qing conquest by focusing on the social and demographic effects of the Ming Qing transition By integrating the modern techniques of trauma and memory studies into the military and social history of the transition Kenneth M Swope adds a crucial piece to the broader puzzle of dynastic collapse and reconstruction He also considers the Ming Qing transition in light of contemporary conflicts around the globe offering a comparative military history that engages with the universal connections between war and society

Laws of the Land Tristan G. Brown,2023-12-05 A groundbreaking history of fengshui's roles in public life and law during China's last imperial dynasty Today the term fengshui which literally means wind and water is recognized around the world Yet few know exactly what it means let alone its fascinating history In *Laws of the Land* Tristan Brown tells the story of the important roles especially legal ones played by fengshui in Chinese society during China's last imperial dynasty the Manchu Qing 1644 1912 Employing archives from Mainland China and Taiwan that have only recently become available this is the first book to document fengshui's invocations in Chinese law during the Qing dynasty Facing a growing population dwindling natural resources and an overburdened rural government judicial administrators across China grappled with disputes and petitions about fengshui in their efforts to sustain forestry farming mining and city planning *Laws of the Land* offers a radically new interpretation of these legal arrangements they worked An intelligent considered and sustained engagement with fengshui on the ground helped the imperial state keep the peace and maintain its legitimacy especially during the increasingly turbulent decades of the nineteenth century As the century came to an end contentious debates over industrialization swept across the bureaucracy with fengshui invoked by officials and scholars opposed to the establishment of railways telegraphs and foreign owned mines Demonstrating that the only way to understand those debates and their profound stakes is to grasp fengshui's longstanding roles in Chinese public life *Laws of the Land* rethinks key issues in the history of Chinese law politics science religion and economics

Filial Obsessions P. Steven Sangren,2017-03-13 This book employs a broad analysis of Chinese patriliney to propose a distinctive theoretical conceptualization of the role of desire in culture It utilizes a unique synthesis of Marxian and psychoanalytic insights in arguing that Chinese patriliney is best understood as simultaneously a mode of production of desire and as instituted fantasy The argument advances through discussions and analyses of kinship family gender filial piety ritual and especially mythic narratives In each of these domains P. Steven Sangren addresses the complex sentiments and ambivalences associated with filial relations Unlike most earlier studies which approach Chinese patriliney and filial piety as irreducible markers of cultural difference Sangren argues that Chinese patriliney is better approached as a topic of critical inquiry in its own right

Portrait of a Community Hugh R. Clark,2007 *Portrait of a Community* examines emerging kinship structures as embedded in the social and cultural history of a river valley in a central coastal Fujian province from the ninth through thirteenth centuries The book demonstrates how cultural innovation often begins at a local level

[Syncretism in Religion](#)

Anita Maria Leopold,Jeppe Sinding Jensen,2016-05-06 Long a fascinating but problematic category of religious studies

syncretism is an elastic term that describes a wide range of practices characterized by the mixing or overlap of traditions Syncretism in Religion offers the student a broad selection of essays both classical contributions to the study of syncretism and new essays commissioned especially for this volume Some important selections appear here in English for the first time Also included is a list of references for further reading **Asia in the Making of Christianity**, 2013-04-23 Drawing on first person accounts Asia in the Making of Christianity studies conversion in the lives of Christians throughout Asia past and present Fifteen contributors treat perennial questions about conversion continuity and discontinuity conversion and communal conflict and the politics of conversion Some study individuals An Chungg n of Korea Liang Fa of China Nehemiah Goreh of India while others treat ethnolinguistic groups or large scale movements Converts sometimes appear as proto nationalists while others are suspected of cultural treason Some transition effortlessly from leadership in one religious community into Christian ministry while others re convert to new forms of Christianity The accounts collected here underscore the complexity of conversion balancing individual agency with broader social trends and combining micro with macrocontextual approaches Feng Menglong's Treasury of Laughs Pi-ching Hsu, 2015-04-21 The Treasury of Laughs is a treasure house for students of literature psycholinguistics history sociology and cultural anthropology Feng Menglong systematically collected and edited 700 odd humorous skits that presented the entire spectrum of traditional Chinese jokes and wrote commentaries of great philosophical insight The anthology offers satirical caricatures of human follies from the cradle to the grave and reveals tension in all sectors of human societies and institutions Hsu Pi ching reconstructs the complete Ming Chinese original with meticulous editorial work in modern punctuated typesetting and provides the only complete English translation available with useful footnotes on word plays literary allusions and historical background Readers should find the introductory essays on the connections between humour and emotions states of mind particularly illuminating Health Care in Eleventh-Century China Nathan Sivin, 2015-09-04 By examining all the prevalent varieties of therapy from self care to religious ritual this book explores health care practices in China before modern times In ancient China most people were unable to afford a doctor even in the unlikely case that one lived near their village and was willing to treat peasants What did they do when their children got sick The answer is to be found in this book which goes far beyond the history of medicine The author uses methods of medical anthropology to explain the curative roles of popular religion Daoism Buddhism and the therapeutic rites performed by imperial officials Readers will discover the steady interaction of religious healing and classical medicine in this culture This highly readable book builds on over forty years of study and analysis of early liturgical and medical writings and a wide variety of other sources Its focus on the eleventh century throws new light on a period of rapid transition in many aspects of therapy and it will appeal to scholars and general readers alike
