Architects of the Underworld Bruce Rux, 1996 By painstakingly following the long international paper trails that connect such apparently unrelated manifestations and occurrences as crop circles alien abductions extraterrestrial activity and many other modern mysteries Bruce Rux uncovers a conspiracy of misinformation denial and silence among government officials 30 photos 50 illustrations

Gods and Spacemen of the Old West:
Ancient Astronauts in the New World W. Drake, 2017-01-11 Is the New World really the place where Earth s oldest secret lies buried Do such writings as The Book of the Dead The Stanzas of Dyzan and The Troana Manuscript prove that a race of supermen once ruled the world Are we the descendants of those supermen and can we expect them to return when they deem us ready to receive them Gods and Spacemen of the Old West carries the startling discoveries of Chariots of the Gods to the thrilling point of absolute certainty Written by the father of Ancient Astronaut theory W Raymond Drake it presents sensational new scientific evidence and fascinating Fortean fragments of our hidden past Here at last is a book that swings wide the doors of perception about the supercivilization that once flourished on planet Earth and the cataclysms that destroyed it

The Lure of the Edge Brenda Denzler, 2001-11-07 UFO phenomena entered American consciousness at the beginning of the Cold War when reports from astonished witnesses of encounters with unknown aerial objects captured the attention of the United States military and the imagination of the press and the public But when UFOs appeared not to be hostile and when some scientists pronounced the sightings to be of natural meteorological phenomena misidentified due to Cold War jitters military interest declined sharply and with it further overt scientific interest Yet sighting reports didn t stop and UFOs entered the public imagination as a cultural myth of the twentieth century Brenda Denzler s comprehensive clearly written and compelling narrative provides the first sustained overview and valuation of the UFO alien abduction movement as a social phenomenon positioned between scientific and religious perspectives Demonstrating the unique place ufology occupies in the twentieth century nexus between science and religion Denzler surveys the sociological contours of its community assesses its persistent attempt to achieve scientific legitimacy and concludes with an examination of the movement s metaphysical or spiritual outlook Her book is a substantial contribution to our understanding of American

popular culture and the boundaries of American religion and to the debate about the nature of science and religion Denzler presents a thorough and fascinating history of the UFO abduction movement and traces the tensions between those who are deeply ambivalent about abduction narratives that seemingly erode their quest for scientific credibility and the growing cultural power of those who claim to have been abducted She locates the phenomenon within the context of American religious history and using data gathered in surveys sheds new light on the social profile of these UFO communities The Lure of the Edge succeeds brilliantly in repositioning a cultural phenomenon considered by many to be bizarre and marginal into a central debate about the nature of science technology and the production of a modern myth **The Modern Myth,**

Ancient Astronauts and UFOs Morris Goran,1978 *Chixchulub was not Alone* GEORGE MITROVIC,2024-06-15 Was there only one cometary or meteoric impact that apparently caused the death of the dinosaurs There were several and some were much larger than we are led to believe Our planets history is much stranger than we are led to believe *Light and Dark* Trevor J. Hawkeswood,2013 Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime In Light and Dark he recounts some of these incredible interactions He believes that reality occurs on two separate but interwoven planes of existence the Earth plane and the multiple levels of the spiritual planes including the lower levels from where the dark souls of humans who have died reach out to us He has experienced more than one hundred sightings of the shadow people or black ghosts He credits guardian angels with saving him from harm or certain death on a number of occasions Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs He has personally experienced clairaudience voices from beyond and precognition or the ability to see the future His detailed account of a unique out of body experience OOB challenges what is known about this remarkable ability His OOB was unlike anything that has ever been described by others who have experienced it and he shares it all in Light and Dark But it hasn't all been safe or pleasant At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him A comprehensive handbook for the paranormal enthusiast Hawkeswood's work also provides a glossary and reference list of English language UFO books In Light and Dark he shares a lifetime of experiences ideas and theories about this fascinating field of study The Wisdom Category Ingo Swann,2018-09-02 THE REALITY OF INNATE HUMAN WISDOM MAKING In this sensitive work Ingo Swann once more opens up the continuing story of the fuller extent of human consciousness which by many accounts is amazing and intriguing These accounts are found in all cultures ranging from ancient to contemporary and the sum of them more than suggests that humans plus their innate consciousness are designed for a much richer and astonishing existence than what most societal programs encourage or permit The nexus or connected group of the discussions in this book turns on only two interactive questions Is human consciousness designed for self destruction OR Is it designed to continuously sustain its own pro survival into futurity There are many categories within human consciousness that work to sustain pro survival But all of them can be

affiliated with one central heading WISDOM without which our species could not have survived anything even itself

Secrets of the Lost Races Rene Noorbergen, 2001 An increasing number of historical and archaeological finds made around the world have been classified as out of place artifacts ooparts They have been called this because they appear unexpectedly among the ruins of the past with no evidence of a preceding period of development their technological sophistication seems far beyond the capabilities of ancient peoples Drawing on the literature and art of the Chaldeans Sumerians Babylonians and others Rene Noorbergen's contention is that a superior race of man was responsible for these scientific marvels that bear testimony to a civilization with technology comparable to our own

Handbook of New Religions and Cultural Production , 2012-03-28 The cultural products of new religions and spiritualities are frequently ignored or dismissed within academia often stemming from a hesitation to acknowledge these movements as genuine This volume explores the impact of new religions upon cultural production exemplifying the theological and spiritual principles of particular movements and demonstrating their substantial impact on wider society Contributions explore the realms of music architecture food art books films video games and more This scholarship will be of interest to those who wish to explore the gamut of modern religious expression and those who wish to broaden their knowledge of the spiritual origins of human culture
