The Biblical Cosmos Robin A. Parry, 2014-10-08 Welcome to the weird and wonderful world of the Bible When we read Scripture we often imagine that the world inhabited by the Bible's characters was much the same as our own We would be wrong The biblical world is an ancient world with a flat earth that stands at the center of the cosmos and with a vast ocean in the sky chaos dragons mystical mountains demonic deserts an underground zone for the dead stars that are sentient beings and if you travel upwards and through the doors in the solid dome of the sky God's heaven the heart of the universe This book takes readers on a guided tour of the biblical cosmos with the goal of opening up the Bible in its ancient world It then goes further and seeks to show how this very ancient biblical way of seeing the world is still revelatory and can speak God's word afresh into our own modern worlds

How to Read the Bible (Without Switching Off Your Brain) Simon Taylor, 2015-09-17 This clear and practical approach will enable anyone to read the Bible better Tackles the key questions that people ask about the Bible Courteous and humorous style helps break through preconceptions Explains all its references and indeed how the Bible is referred to Suitable for individual use or in study or book groups Bible reading for everyone that's what this book offers It will speak to those who already read the Bible but find themselves asking why and to those who don't read the Bible but would like to if only it weren't so strange It explains what the Bible offers an overview of what is found in it and addresses questions people ask such as Does science disprove the Bible Why is there so much violence in the Bible What does the Bible say about sex The author also presents an account of reading the Bible in the context of a life of faith and suggests how the Bible might be integrated with a life of prayer

God with Us Christoph Barth, 1991-04-30 This is a print on demand book and is therefore non returnable God's dynamic initiative is the main theme of biblical testimony says Christoph Barth Here he expounds the message of the Old Testament in a manner that is faithful to the Old Testament itself as an account of the mighty acts of God rather than a series of abstract doctrines A theology of the Old Testament is not simply a study of God however Old Testament theology also encompasses teaching about the world and humanity about life

and death about origin nature and destiny And Old Testament theology must also take into account the New Testament which confirms what is announced in Israel s Scripture and thus is part of it Barth elucidates the importance of the Old Testament for the New Testament and hence for Christians surveys God s redemptive acts as recorded in the confessional summaries of history in the Old and New Testaments and offers contemporary applications of these biblical themes Working his way through the Old Testament Barth treats nine key topics each of which deals with one of the divine acts that are the essential subject matter of Israel s Scripture creation election of the patriarchs exodus wilderness wandering Sinai revelation gift of Canaan election of David kingship election of Jerusalem and sending of prophets He has divided each of the nine chapters into sections on one main aspect of the topic considering theological anthropological soteriological and eschatological points as well Throughout his examination of each theme Barth pays special attention to its scriptural context God With Us is an excellent textbook for introductory or survey courses in the Old Testament each section begins with a thesis statement summarizing its contents and details are treated in small print sections Barth originally wrote his Old Testament theology in Indonesian and later rewrote the entire book in English Geoffrey Bromiley has condensed the original four volumes in this edition Frank Leslie's Sunday Magazine Charles Force Deems,1878 **The Ocean Book** Frank Sherwin,2004-06-01 The oceans may well be Earth s final frontier These dark and sometimes mysterious waters cover 71 percent of the surface area of the globe and have yet to be fully explored Under the waves a watery world of frail splendor foreboding creatures and sights beyond imagination awaits The Ocean Book will teach you about Giant squid and other monsters of the seas Centuries of ocean exploration Hydrothermal vents The ingredients that make up the ocean Harnessing the ocean s energy Icebergs Coral reefs Ships submarines and other ocean vessels The major ocean currents El Nino whirlpools and hurricanes Harvesting the oceans resources Whales dolphins fish and other sea creatures Learning about the oceans and their hidden contents can be exciting and rewarding The abundance and diversity of life the wealth of resources and the simple mysteries there have intrigued explorers and scientist for centuries A better understanding of our oceans ensures careful conservation of their grandeur and beauty for future generations and leads to a deeper respect for the delicate balance of life on planet Earth Children's Books in Print ,1986
