Greeley, 2000-09-30 Greeley the bestselling Catholic priest turned writer departs from his usual style to venture into the realm of heroic fantasy with an unusual slant His story centers around a man who starts seeing images of real people on his computer screen people in desperate trouble whom he feels compelled to help **Encyclopædia of Religion and Ethics: Mundas-Phrygians** James Hastings, John Alexander Selbie, Louis Herbert Gray, 1917 Scope theology philosophy ethics of various religions and ethical systems and relevant portions of anthropology mythology folklore biology psychology economics and sociology God's Country: The Trail to Happiness James Oliver Curwood, 2018-09-21 Reproduction of the original God's Country The Trail to Happiness by James Oliver Curwood **The God of Shattered Glass** Frank Rogers Jr., 2011-01-01 Where does one find hope in the midst of profound suffering Tony Backman aches to know A blues harmonica playing child psychologist at a residential treatment center in Santa Rosa California Tony specializes in narrative therapy His story based technique empowers abused teenagers to reimagine their lives through myths and folktales and so restore their vitality Such vitality however eludes Tony in his own life Mired in depression he longs for his fractured family and fends off childhood flashbacks too painful to face Tony's mentor recommends classical underworld myths as a roadmap for the spiritual journey toward healing and hope but Tony is too drained for the undertaking Until Carey Foster enters his life Carey is a golden voiced eleven year old choral soloist at a local Catholic boys home Brought to Tony's treatment center with his wrists sliced Carey cowers mutely with his secrets in the center's locked ward a flicking middle finger his only beacon Carey's healing depends on Tony's ability to navigate the labyrinth of deception and cryptic self disclosure that conceals the soul's darkest secrets It also depends upon Tony's willingness to navigate the labyrinth of love and disappointment lodged in his own soul At once a psychological study of how trauma is healed a hero's journey through the underworld of abuse betrayal

and shattered faith and a theological thriller in search of a credible and sustaining Sacred in the midst of unspeakable suffering The God of Shattered Glass reveals that stories do indeed heal and that the way to God is not up but down

Echoes from the Rocky Mountains John Wesley Clappitt,1889 **Echoes from the Rocky mountains, reminiscences** John W. Clappitt,1888 **God's Country: The Trail to Happiness** James Oliver Curwood,2019-12-06 In God s Country The Trail to Happiness James Oliver Curwood takes readers on an evocative journey through the untamed wilderness of North America intertwining themes of nature adventure and self discovery The book marries an engaging narrative with rich descriptive prose capturing the essence of the majestic landscapes and the transformative power they hold over the human spirit Curwood s literary style is heavily infused with romanticism reflecting both his deep appreciation for the natural world and a philosophical quest for happiness amidst life s trials making it a significant work within the early 20th century American wilderness literature James Oliver Curwood was not only a celebrated author but also a dedicated conservationist and outdoorsman experiences that undoubtedly informed his writing Born in 1878 in Michigan Curwood s love for nature was cultivated through various outdoor pursuits fueling both his novels and his advocacy for wildlife preservation His profound respect for the world around him is mirrored in the authenticity and passion conveyed in this book serving as a reminder of the cohesive relationship between humanity and nature This book is a compelling read for anyone seeking inspiration through the exploration of the great outdoors or looking for reflections on joy and fulfillment Curwood s heartfelt narrative invites readers to reflect on their own paths to happiness making it a timeless piece that resonates with those yearning for connection with both self and nature **After Sunday** Armand Larive,2004-05-01 Many people devote themselves to their work And it is an easy step from there to show that this devotion has a strong religious bent But does it follow that devotion to work is bending the knee to idolatry giving service to mammon This book says no not necessarily In many cases human work is co creative with the Creator Why then is there so little effort to explore the theological dimension of everyday work The principal impediment to a proper theological understanding of work is the church s voracious appetite to concentrate everything onto Sunday and its own institutional needs The kingdom of God gets foreshortened to ecclesiastical boundaries so that the shop floor the foundry or the lumberyard and all other places of work are out of bounds Another impediment keeps the doctrine of the laity too anemic to possess a creativity of its own This book lays a positive theological framework for a Christian understanding of work be it manual intellectual service related or not It does this chiefly around the doctrine of the Trinity It then turns to show how this system can underpin an ethics and spirituality of work **The Christian Advocate** ,1926
