Goethe: His Life and Times Richard Friedenthal, Originally published London Weidenfeld and Nicolson 1965 *Goethe's Life-poem as Set Forth in His Life and Works* Denton Jaques Snider, 1915 **Goethe** Richard Friedenthal, 2017-07-28 The study of Goethe's life is a task that each generation must undertake anew Thus writes Richard Friedenthal author of this rich biography Spanning eight momentous decades of war revolution and social upheaval Goethe's life reveals itself as one of conflict and dynamic development of inner contradiction and unceasing creativity As novelist dramatist and poet Goethe produced epochal works of fiery romanticism only later to dedicate himself to a classical ideal of purity and measure His superb love lyrics immortalize a succession of ardent relationships yet in him too was a strain of frigid egotism mingled with an Olympian detachment The new introduction serves to place in perspective this outstanding work on the German master He was capable of tirelessly exploring the external world as physiologist geologist and botanist He was equally capable of plunging to the depths of profound subjective analysis A minister of state a model of distinguished probity Goethe nonetheless lived a life of passionate seeking eternally questioning official values Nothing perhaps better sums up this vast complexity than his lifelong work Faust the supreme dramatization of man's quest on earth Goethe Richard Friedenthal, Martha Friedenthal-Haase, 2010 Originally published London Weidenfeld and Nicolson 1965 **On Borrowed Time** Harald Weinrich, 2010-02-15 Life is short This indisputable fact of existence has driven human ingenuity since antiquity whether through efforts to lengthen our lives with medicine or shorten the amount of time we spend on work using technology Alongside this struggle to manage the pressure of life's ultimate deadline human perception of the passage and effects of time has also changed In *On Borrowed Time* Harald Weinrich examines an extraordinary range of materials from Hippocrates to Run Lola Run to put forth a new conception of time and its limits that unlike older models is firmly grounded in human experience Weinrich's analysis of the roots of the word time connects it to the temples of the skull demonstrating that humans first experienced time in the beating of their pulses Tracing this corporeal perception of time across literary religious and philosophical works Weinrich concludes that time functions as a kind of sixth sense the crucial sense that enables the other five Written with Weinrich's customary narrative elegance *On Borrowed Time* is an absorbing and fittingly succinct meditation on life's inexorable brevity **The Biography Book** Daniel S.
