*Correspondence and Documents 1901-1925* Rudolf Steiner, 1988. This volume provides unique insight both into the development of the anthroposophic movement and the relationship between Rudolf and Marie Steiner through the letters between them. Their letters cover everything from the esoteric view of evolution and human development to how to deal with problem personalities as well as many discussions of organizational details. Also included are the numerous wills that Steiner wrote. *Correspondence and Documents 1901-1925* is a translation from German of Rudolf Steiner and Marie Steiner von Sivers, *Briefwechsel und Dokumente 1901-1925* GA 262. [The Temple Legend](#) Rudolf Steiner, 2014-12-05. In these unique lectures given to members of his Esoteric School 1904-14, Rudolf Steiner's main intention is to throw light on the hidden content of the picture language of myths, sagas, and legends. Pictures, he explains, are the real origin of all things, the primeval spiritual causes. In the ancient past, people assimilated these pictures through myths and legends. In order to work in a healthy way with pictures or symbols today, however, it is necessary that one should first become acquainted with their esoteric content to understand them. At the time of these lectures, Steiner was planning to inaugurate the second section of the Esoteric School, which was to deal in a direct way with a renewal out of his own spiritual research of ritual and symbolism. He gave these lectures as a necessary preparation to clarify the history and nature of the cultic tradition. He thus discusses principally Freemasonry and its background, but also the Rosicrucians, Manichaeism, the Druids, the Prometheus Saga, the Lost Temple, Cain and Abel, and much else besides. Book jacket. *The Curiosity of School* Zander Sherman, 2012-08-07. It's one thing we all have in common: We've all been to school. But as Zander Sherman shows in this fascinating, often shocking account of institutionalized education, sending your kids off to school was not always normal. In fact, school is a very recent invention. Taking the reader back to 19th-century Prussia, where generals worried about soldiers troubling individuality sought a way to standardize every young man of military age through to the most controversial debates that swirl around the world about the topic of education today, Sherman tells the often astonishing stories of the men and women and corporations that have defined what we have come to think of as both the privilege and the responsibility of being educated. Along the way, we discover that the SAT was invented as an intelligence test designed to allow the state to sterilize imbeciles; that suicide in the wake of disappointing results in the state university placement exams is the fifth leading cause of death in China; and that commercialized higher education seduces students into debt as cynically as credit card companies do. Provocative, entertaining, and even educational, *The Curiosity of School* lays bare the forces that

shape the institution that shapes all of us      **The Way of the Beloved** Robert Arsdale, Diana Van Arsdale, 2016-11-18 The foundation of the Way of the Beloved is discovered in the heart of love itself where there lives and moves a will to exaltation of the other To truly love another is to will the spiritual ideal upon that beloved one When there is a mutual intention to exalt infusing the daily life of a man and woman they enter into the Way of the Beloved This handbook is an attempt to put into book form what authors Robert and Diana Van Arsdale have been teaching to small groups of couples since 1976 Their workshops offer an ageless set of protocols for the transformation of the love relationship between a woman and a man into a path of spiritual development Here they present an integrated body of progressive experiential exercises and meditations that were taught originally taught by Herman Rednick Simply stated The Way of the Beloved teaches a couple how to actualize the potential of their relationship through the intensification of love and compassion Designed for couples in search of spiritual and emotional exploration this guide offers methods intended to help them realize a vision of love fulfilled

*From the Course of My Life* Rudolf Steiner, 2013 Your favorite occupation Pondering and musing Your idea of happiness Pondering and musing Your most extreme aversion Pedantry and a sense of order Of what are you afraid Punctuality These quotations are from a questionnaire filled in by a young man in his late twenties That person Rudolf Steiner would later initiate Spiritual Science or Anthroposophy and the many practical disciplines that arose from it Eventually he would write his Autobiography Chapters in the Course of My Life although its completion would be interrupted by his unexpected death This book is an essential complement to Steiner's unfinished Autobiography It gathers a wealth of personal testimonies including lectures r sum s notebook entries a questionnaire as well as biographical notes written for douard Schur much of which has not been previously published in English The various materials together with rare photographs have been expertly collated and introduced by Walter Kugler See also the comprehensive biography by Christoph Lindenberg *Rudolf Steiner A Biography*      *Rudolf Steiner* Colin Wilson, 2019-02-21 Of all the important thinkers of the twentieth century Rudolf Steiner 1861 1925 is perhaps the most difficult to come to grips with For the unprepared reader his work presents a series of formidable obstacles from the dauntingly abstract style to the often bizarre pronouncements on the nature of man and his cosmic destiny And yet Steiner was perhaps the most influential and charismatic occult philosopher of his generation and the movement he launched Anthroposophy with its educational agricultural and artistic applications still has many thousands of followers worldwide No one interested in esoteric thought can ignore Steiner but until now there has been no genuinely accessible introduction to his ideas This lucid and sympathetic account describes Steiner's development from shy scholar to the international figurehead of Anthroposophy his break with Madam Blavatsky's Theosophy his struggles to find a voice and the essence of his insights into the supersensible world      **Publications of the English Goethe Society** , 1951      **Letters and Documents** Rudolf Steiner , Marie Steiner von Sivers, 2019-10-23 I send you fondest thoughts on your birthday On this day I will think a lot of all the beautiful things which were and are contained in our work together and which now always

stand so beautifully before my inner eye when I describe them Let me assure you that I write this description with love

Rudolf Steiner to Marie Steiner 13 March 1925 Containing all the correspondence between Rudolf and Marie Steiner to be found in their respective estates this volume provides unique insight into the couple s pivotal relationship The years 1901 25 were a time of struggle as Rudolf Steiner faithfully supported by the young Marie von Sivers later to become Marie Steiner in 1914 endeavoured to build a completely new spiritual movement on earth Their letters cover everything from the esoteric view of evolution and human advancement to dealing with organizational details challenging personalities and of course their own relationship In addition to the correspondence a number of documents have been inserted chronologically throughout the text The famous notes written by Rudolf Steiner for Edouard Schure for example provide a unique introduction to the volume giving profound insights into the development of the anthroposophical movement Also included are the many versions of Rudolf Steiner s will Comprehensive notes are provided as well as an index of persons and an itinerary giving dates of relevant lectures and eurythmy performances

**Goethe in England, 1909-1949** A. J. Dickson, 1951 Rudolf Steiner's Vision of Love Bernard Nesfield-Cookson, 2011-03-14 Gathering together references to the logic of the heart from throughout Steiner s work the author encapsulates the great teacher s revelations on the meaning of love and indicates the supreme importance of the greatest of all deeds of love Cover

**The Burning Bush** Edward Reaugh Smith, 1997-07 Even more significant for Christianity in the long run than the twentieth century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner s works Virtually unavailable until the end of the twentieth century English translations from the German archives are gradually coming into print Both Steiner and his works have thus far been virtually unknown in traditional theological circles No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy Now ten years after first encountering a written comment about Rudolf Steiner Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner The result is the first Bible commentary in the light of anthroposophic insight This is the first volume of a series of Bible commentary by the author It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during the first quarter of the twentieth century Bible commentaries have always reflected the general line of thinking of their authors However the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here A large part of The Burning Bush is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit

Autobiography Rudolf Steiner, 2006-05 4 lectures Dornach June 28 July 18 1923 CW 350 Truth and striving for truth must taste good to you and lies once you are conscious of them must taste bitter and poisonous You must not only know that human judgments have color but also that printer s ink nowadays is mostly deadly nightshade juice You must be able to experience this in all honesty and

rectitude and once you can do so you will be in a state of spiritual transformation Rudolf Steiner What is the relationship between coming to see the secrets of the universe and one's own view of the world How far must one go before finding the higher worlds on the path of natural science Do cosmic forces influence all of humanity What connection do plants have with the human being and the human body In answering these questions Steiner covers a wide range of topics from the development of independent thinking and the ability to think backward to the uses of what seems boring and the reversal of thinking between the physical and spiritual worlds and from the physiology of dreams to living into nature and the spiritual dimension of various foods we eat As always in his lectures to the workers Steiner's style is clear direct and accessible This volume is a translation from German of four lectures from *Rhythmen im Kosmos und im Menschenwesen Wie kommt man zum Schauen der geistigen Welt* GA 350      **The National Union Catalog, Pre-1956 Imprints** Library of Congress, American Library Association.
