**Longrun Dynamics** G. Snooks, 1998-04-08 Longrun Dynamics is a ground breaking work that begins where the author's Economics without Time 1993 left off It employs the inductive method proposed by J S Mill to develop a general dynamic theory that integrates the separate disciplines of economic growth economic fluctuations and political decision making The central feature of this general theory is dynamic demand which provides both a realist form for the model and a new explanation of macroeconomics variables The general theory also provides an entirely new basis for policy and is designed to counter the influence of neo liberalism in economic theory *Le Pays renversé: Amérindiens et Européens en Amérique du Nord-Est 1600-1664* Denys Delâge, 2011-11-01 This innovative interdisciplinary study offers a comprehensive analysis of the French

Dutch and English colonization of northeastern North America during the early and middle decades of the seventeenth century It is the first book to pay serious attention to the European economic and political factors which promoted colonization and it argues that the prime determinant was the uneven development of agricultural systems in western Europe

*Ethnic Groups and Marital Choices* Madeline Kalbach, 2011-11-01 Since the late nineteenth century the rate of intermarriage between members of different European ethnic and cultural groups in Canada has increased and resulted in a gradual blending of these communities This book the first detailed comparative study of ethno religious intermarriage provides the background for understanding the dynamics of intermarriage in a culturally pluralistic society like Canada Using for the first time data from the 1871 Census of Canada in conjunction with data from the 1971 Census Madeline Richard delineates the general patterns of ethnic intermarriage in 1871 and 1971 and specifically considers the trends for the English Irish Scotch French and Germans Choosing a number of characteristics such as level of literacy nativity age and place of residence for the husbands the author determines the odds for their marrying outside their communities She also examines the socio demographic characteristics such as group size sex ratio per cent urban and level of literacy of each group to determine the marriage patterns of the husbands Richard s findings confirm that marital assimilation was occurring to some extent as early as 1871 and that the rate of intermarriage has doubled since then Of particular interest are the major shifts exhibited by Irish Scottish and German husbands who in 1871 overwhelmingly married within their community while in 1971 they typically found their mates outside This book is not only about marital patterns it is also about the ethnic groups themselves It gives detailed descriptions of the English Irish Scottish French German Italian Dutch Polish Scandinavian Ukrainian and other groups their immigration history settlement patterns and socio demographic characteristics as these all have some bearing on patterns of mate selection [Access to History: The Witchcraze of the 16th and 17th Centuries Second Edition](#) Alan Farmer, 2020-05-04 Exam board Pearson Edexcel OCR Level AS A level Subject History First teaching September 2015 First exams Summer 2016 AS Summer 2017 A level Put your trust in the textbook series that has given thousands of A level History students deeper knowledge and better grades for over 30 years Updated to meet the demands of today s A level specifications this new generation of Access to History titles includes accurate exam guidance based on examiners reports free online activity worksheets and contextual information that underpins students understanding of the period Develop strong historical knowledge in depth analysis of each topic is both authoritative and accessible Build historical skills and understanding downloadable activity worksheets can be used independently by students or edited by teachers for classwork and homework Learn remember and connect important events and people an introduction to the period summary diagrams timelines and links to additional online resources support lessons revision and coursework Achieve exam success practical advice matched to the requirements of your A level specification incorporates the lessons learnt from previous exams Engage with sources interpretations and the latest historical research students will evaluate a rich collection

Jevons* Sandra Peart, 2002-09-11 William Stanley Jevons occupies a pivotal position in the history of economic thought spanning the transition from classical to neo classical economics and playing a key role in the Marginal Revolution The breadth of Jevons s work is examined here which includes a detailed consideration of a wide range of his work policy theoretical methodological applied and empirical relies on textual exegesis takes account of a wide range of secondary sources A new approach to the Jevonian revolution is adopted which emphasizes the link between poverty and economics and focuses on the nature and meaning of rationality in Jevonian economics      Collected Papers James Meade V3 Susan Howson, 2013-11-26 First Published in 2004 This is Volume III of four on the collected papers of James Meade and looks at International Economics James Meade was Professor of Commerce London School of Economics from February 1948

**Secondary School Manual: Syllabus for the Social Sciences** Maine. Department of Education, 1927      *The Local Origins of Modern Society* David Rollison, 2005-08-11 Through a series of sharply focused studies spanning three centuries David Rollison explores the rise of capitalist manufacturing in the English countryside and the revolution in consciousness that accompanied it Combining the empiricism of English historiography with the rationalism of Annales and drawing on ideas from a wide range of disciplines he argues that the explosive implications of the rise of rural industry created new social formations and altered the communal cultural and social contexts of peoples lives Using localized case studies of families and individuals the book starts with significant detail and moves out to build up a subtle and innovative view of English cultural identities in the early modern period      **Merchant Colonies in the Early Modern Period** Victor N Zakharov, Gelina Harlaftis, Olga Katsiardi-Hering, 2015-10-06 Merchant colonies were a significant factor for economic growth in Europe during the early modern period The essays in this collection look at merchant colonies across Europe assessing their function legal status interaction with local traders and assimilation into their host countries      *Family and Business During the Industrial Revolution* Hannah Barker, 2017 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Small businesses were at the heart of the economic growth and social transformation that characterized the industrial revolution in Britain In towns across north west England shops and workshops dominated the streetscape and helped to satisfy an increasing desire for consumer goods Yet despite their significance we know surprisingly little about these firms and the people who ran them for whilst those engaged in craft based manufacturing retailing and allied trades constituted a significant proportion of the urban population they have been generally overlooked by historians Instead our view of the world of business is more usually taken up by narratives of particularly successful firms and especially those involved in new modes of production By examining some of the forgotten businesses of the industrial revolution and the men and women who worked in them *Family and Business During the Industrial Revolution* presents a

largely unfamiliar commercial world Its approach which spans economic social and cultural history as well as encompassing business history and the histories of the emotions space and material culture alongside studies of personal testimony testatory practice and property ownership tests current understandings of gender work family class and power in the late eighteenth and early nineteenth centuries It provides us with new insights into the lives of ordinary men and women in trade whose relatively mundane lives are easily overlooked but who were central to the story of a pivotal period in British history
