Climate Change and European Emissions Trading Michael G.

Faure, Marjan Peeters, 2008 A collection of twelve superbly written contributions by leading researchers and scientists on greenhouse gas emissions trading by members of the European Union as well as alternatives and new developments in this specialized area of global warming and reduction related commercial exchange a seminal and strongly recommended work of particular relevance and value for both academic and governmental reference library collections on international environmental studies Midwest Book Review This timely book focuses on the EU wide greenhouse gas emissions trading scheme for major sources It combines legal and economic approaches and reviews the major revision of this scheme A distinguished range of authors assess the experiences thus far and also consider future development from both theoretical and practical perspectives They also discuss many design options including auctioning credit and trade the inclusion of aviation emissions and linking possibilities Moreover attention is paid to the role of legal principles the role of case law and to aspects of democratic accountability within an emissions trading scheme Ways to avoid carbon leakage and the role of national climate policies are also discussed This book makes clear that the economic efficiency and effectiveness of an emissions trading scheme depend to a large extent on the specific legislative choices and hence the legislative design of such a scheme deserves meticulous attention Discussing legal and economic aspects of emissions trading this book offers new insights to academics and policy makers both in the public and private sector Those insights are not only relevant for understanding the past but moreover for guiding the future design of emissions trading for greenhouse gases **Ahead of**

the Curve? Louis Emmerij, Richard Jolly, Thomas G. Weiss, 2001-07-22 Ideas and concepts are arguably the most important legacy of the United Nations Ahead of the Curve analyzes the evolution of key ideas and concepts about international economic and social development born or nurtured refined or applied under UN auspices since 1945 The authors evaluate the policy ideas coming from UN organizations and scholars in relation to such critical issues as decolonization sustainable development structural adjustment basic needs human rights women world employment the transition of the Eastern bloc the role of nongovernmental organizations and global governance The authors find that in many instances UN ideas about how to tackle problems of global import were sound and far sighted although they often fell on the deaf ears of powerful member states until it was apparent that a different approach was needed The authors also identify important areas where the UN has not stood constructively at the fore *A History of Eastern Europe* Robert Bideleux, Ian Jeffries, 2007-09-12 This

welcome second edition of *A History of Eastern Europe* provides a thematic historical survey of the formative processes of political social and economic change which have played paramount roles in shaping the evolution and development of the region Subjects covered include Eastern Europe in ancient medieval and early modern times the legacies of Byzantium the Ottoman Empire and the Habsburg Empire the impact of the region's powerful Russian and Germanic neighbours rival concepts of Central and Eastern Europe the experience and consequences of the two World Wars varieties of fascism in

Eastern Europe the impact of Communism from the 1940s to the 1980s post Communist democratization and marketization the eastward enlargement of the EU A History of Eastern Europe now includes two new chronologies one for the Balkans and one for East Central Europe and a glossary of key terms and concepts providing comprehensive coverage of a complex past from antiquity to the present day **Handbook of the Economics and Political Economy of Transition** Paul

Hare, Gerard Turley, 2013-05-02 Transition from central planning to a market economy involving large scale institutional change and reforms at all levels is often described as the greatest social science experiment in modern times As more than two decades have passed since the fall of the Berlin Wall and the collapse of the Soviet Union it is now an excellent time to take stock of how the transition process has turned out for the economies that have moved on from socialism and the command economy This new handbook assembles a team of leading experts many of whom were closely involved in the transition process as policymakers and policy advisors to explore the major themes that have characterized the transition process After identifying the nature of initial conditions and the strengths and weaknesses of institutions the varying paths and reforms countries have taken are fully analyzed from the shock therapy privatization or gradualism of the early years to the burning issues of the present including global integration and sustainable growth Topics covered include the socialist system pre transition economic reforms institutions the political economy of transition performance and growth enterprise restructuring and people and transition The country coverage is also extensive from the former socialist countries of the USSR and the satellite states of Central and Eastern Europe to the Asian countries of China Vietnam and others The rise of China as a key actor in the drama is chronicled along with the emergence of a new more confident oil rich Russia The comparative prosperity of the Central European countries such as Poland and the Czech Republic is contrasted with the mixed fortunes of the former USSR where some countries are stagnating while others boom This Handbook of the Economics and Political Economy of Transition is the definitive guide to this new order of things in the former Communist world

Economic Survey Europe 1999 Economic Survey Of Europe 1999 Vol 3: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Economic Survey Europe 1999 Economic Survey Of Europe 1999 Vol 3 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
