Underestimated Mary Marantz, 2025-04-29 It's all been done I can't start until it's perfect What if the critics come What if I start and then can't follow through What if my voice doesn't matter What if I don't actually matter What if it's already too late Sound familiar Do you find that year after year you stay stuck in the same tired broken scripts fear uses on all of us It's time for a wake up call Because so often when faced with the choice between creating nothing and creating failure we choose nothing Another year goes by The clock goes on ticking And the world is worse for our absence It's time to move from stuck to start This book does the heavy lifting to dismantle all the lies fear uses move you out of an endless spiral of your own excuses not to mention other people's opinions and bring you right up to a threshold of no return this place where we become people who feel the fear and move forward anyway With equal parts powerful prose and tactical action steps Underestimated will become the essential go to field guide for anyone who is ready to once and for all quit playing small
