BODYBUILDING AND FITNESS EXPERIENCE THAT IS ESPECIALLY DESIGNED FOR YOU **Women of Steel** Maria R. Lowe, 1998 A lot of people in the general public think female bodybuilding is gross and freaky that that's not what a woman is supposed to look like So says Michelle a national bodybuilding judge In fact athletic women especially those in sports where strength muscle and sweat feature prominently are typically viewed by the public as being outside the boundaries of appropriate femininity And perhaps no group of women athletes embodies this gender outlaw status more than female bodybuilders who by their bulk and sheer strength challenge our very notions of what it means to be a woman Why would women choose to look like that And what does it take to get and stay so muscular Maria R Lowe has interviewed more than one hundred people connected with women's bodybuilding from the bodybuilders themselves to trainers family members spouses judges and sponsors In *Women of Steel* Lowe introduces us to a world where size and strength must be balanced with a nod toward grace and femininity Lowe who actually worked out with a couple of the bodybuilders she interviewed gets at the heart of what it is to be a woman bodybuilder We learn about paying the price doing the necessary exercise and sometimes drugs that allows women to rise to the top of their profession We follow their successes and failures and discover the benefits including increased self esteem and physical strength as well as the sometimes unhealthy effects of their training regimen from dehydration to baldness to rampant acne to high blood pressure We travel with the women from competition to competition and find that judges standards seem to vary alarmingly depending on momentary notions of what constitutes the overall package that elusive perfect body that catches judges eyes and wins competitions Above all *Women of Steel* is a keenly observant diary of life in women's bodybuilding a must read for people interested in sports competition physical culture and gender *Ultimate Body-Building And Fitness* Wings of Success, Body Building Tips For Success Body Building When To Start And Stop Body Building Time Management Body Building Clothes And more **Keeping Fit** Bernarr Macfadden, 1923 Sportswomen's Apparel Around the World Linda K. Irregular Connections Andrew P. Lyons, Harriet Lyons, 2004-12-01 *Irregular Connections* traces the anthropological study of sex from the eighteenth century to the present focusing primarily on social and cultural anthropology and the work done by researchers in North America and Great Britain Andrew P and Harriet D Lyons argue that the sexuality of those whom anthropologists studied has been conscripted into Western discourses about sex including debates about prostitution homosexuality divorce premarital relations and hierarchies of gender class and race Because sex is the most private of activities and often carries a high emotional charge it is peculiarly difficult to investigate At times such as the late 1920s and the last decade of the twentieth century sexuality has been a central concern of anthropologists and focal in their theoretical formulations At other times the study of sexuality has been marginalized The anthropology of sex has sometimes been one of the main faces that anthropology presented to the public often causing resentment within the discipline Andrew P Lyons is an associate professor of anthropology at Wilfrid Laurier University Harriet D Lyons is an associate professor of anthropology at the University of Waterloo
