## **Feminine Principle:**

**Women, Myth, and the Feminine Principle** Bettina Liebowitz Knapp, 1998-01-01 The book begins by probing the Divine Feminine in Tibet's Gesar of Ling one of the most fascinating myths of all time Especially intriguing is the hero's seemingly continuous dependency on the feminine principle for guidance The heroine in Kalidasa's Sanskrit drama Sakuntala focuses on the obstacles set in Sakuntala's earthly trajectory and how these were instrumental in her evolution from the stage of passive unconscious and withdrawn archetypal Maiden to that of the conscious decisive strong spiritual Mother To explore the highly complex personalities of Kriemhild and Brunhild in the High German Nibelungenlied is to enter the realm of sun and shadow the lightened regions of consciousness and the deep interiors of primal darkness *The Feminine Principle in the Sikh Vision of the Transcendent* Nikky-Guninder Kaur Singh, 1993-09-24 This work is a critical analysis of Sikh literature from a feminist perspective It begins with Guru Nanak's vision of Transcendent Reality and concludes with the mystical journey of Rani Raj Kaur the heroine of a modern Punjabi epic The eight chapters of the book approach the Sikh vision of the Transcendent from historical scriptural symbolic mythological romantic existential ethical and mystical perspectives Each of these discloses the centrality of the woman and show convincingly that Sikh Gurus and poets did not want the feminine principle to serve merely as a figure of speech or literary device it was intended rather to pervade the whole life of the Sikhs The present work bolsters the claim that literary symbols should be translated into social and political realities and in so doing puts a valuable feminist interpretation on a religious tradition which has remained relatively unexplored in scholarly literature **Women, Myth, and the Feminine Principle** Bettina Liebowitz Knapp, 1998-01-01 The book begins by probing the Divine Feminine in Tibet's Gesar of Ling one of the most fascinating myths of all time Especially intriguing is the hero's seemingly continuous dependency on the feminine principle for guidance The heroine in Kalidasa's Sanskrit drama Sakuntala focuses on the obstacles set in Sakuntala's earthly trajectory and how these were instrumental in her evolution from the stage of passive unconscious and withdrawn archetypal Maiden to that of the conscious decisive strong spiritual Mother To explore the highly complex personalities of Kriemhild and Brunhild in the High German Nibelungenlied is to enter the realm of sun and shadow the lightened regions of consciousness and the deep interiors of primal darkness *The Concept of Woman* Prudence Allen, 1997-05-22 This pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in more than seventy philosophers from ancient and medieval traditions The fruit of ten years work this study uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity Supplemented throughout with helpful charts diagrams and illustrations this volume will be an important resource for scholars and students in the fields of women's

studies philosophy history theology literary studies and political science      **The Goddess Re-Awakening** ,2014-08-22 This anthology with essays by Riane Eisler June Singer and others considers Goddess myths current psychological perspectives and the feminine principle in spirituality today It offers a worldview that integrates intuition intellect and feeling      *Goethe, Nietzsche, and Wagner* T. K. Seung,2006-01-01 The author reads Goethe s Faust as the first epic written under Spinoza s influence He shows how its thematic development is governed by Spinoza s pantheistic naturalism He further contends that Wagner and Nietzsche have tried to surpass their mentor Goethe s work by writing their own Spinozan epics of love and power in The Ring of the Nibelung and Thus Spoke Zarathustra These Spinozan epics are designed to succeed the Christian epics in the Western literary tradition Whereas the Christian epics dared to groom human beings for their destiny in the supernatural world the Spinozan epics try to reinstate humanity as the children of Mother Nature and overcome their alienation from the natural world which had been dictated by the long reign of Christianity However it has been well noted that none of these new epics seems to hang together thematically as a coherent work By his Spinozan reading the author not only demonstrates the thematic unity of each of them singly but further illustrates their thematic relation with each other
