Rebirthing Into Androgyny Berenice Andrews, 2012-11 In these interesting times when many people are searching for spiritual nourishment this book is intended to be a means of providing it Rebirthing Into Androgyny Your Quest For Wholeness And Afterward offers to the hungry ones a familiar yet totally different feast While it sets forth an already established metaphysics it also presents a radical new idea one that has been implicit in that spiritual thought but unavailable until now and the new awareness associated with quantum physics In other words while this book provides soul searchers also known as learners with an ages old means of generating a fundamental inner change a rebirthing it also provides a new living prototype of what is being reborn Thus a person's rebirthing is both a gestation and a labor a quest producing an ever increasing knowing gnosis which gradually becomes being that can finally merge with the Beloved Self And the new living prototype is that of the human soul not as what a person has but as what a person is a creative energy being who generates its own bodies out of its soul substance its creative consciousness energy by means of its archetypal human energy system while always being guided by its nucleus of divinity In this book which is a textbook for soul searchers all of this transformative change is offered explored and explained in a series of carefully crafted lessons lovingly taught by a shamanic teacher healer in a stone circle classroom the ancient site of a modern teaching There is a grand feast awaiting The cover design was created by Paula Kozak Sarasota Florida set in a circle representing the Unity of the Cosmos the Oneness that includes all people the hexagram is an ancient symbol of androgyny The Nordic rune Dagaz across its center signifies breakthrough and transformation The gold of the hexagram against the white background indicates the ever present divine energies that quide and sustain while the light spectrum surrounding the circle and extending in all directions indicates the auric field of a human energy being inseparable from its Creator Feminine Force Georgette Mosbacher, 1995 The Word Harold W. Percival, 1917 **The Word** .1917 Chaucer's Approach to Gender in the Canterbury Tales Anne Laskaya, 1995 This volume presents a feminist approach to the Canterbury Tales investigating the ways in which the tensions

and contradictions found within the broad contours of medieval gender discourse write themselves into Chaucer's text Four discourses of medieval masculinity are examined which simultaneously reinforce and resist one another heroic or chivalric Christian courtly love and emerging humanist models Each chapter attempts to negotiate both contemporary assumptions of gender construction and essentialist readings of gender common to the middle ages throughout the author argues that the Canterbury Tales offer a sophisticated discussion of masculinity and that it strongly indicts some of the prevalent medieval notions of ideal masculinity while still remaining firmly homosocial and homophobic The book concludes that on the question of gender issues the Tales are best studied as male authored texts containing representations and negotiations revealing much about late medieval masculinities Dr ANNE LASKAYA teaches in the English Department at the University of Oregon

The Interval Rebecca Hill, 2014-11-14 The Interval offers the first sustained analysis of the concept grounding Irigaray s thought the constitutive yet incalculable interval of sexual difference In an extension of Irigaray's project Hill takes up her formulation of the interval as a way of rereading Aristotle's concept of topos and Bergson's concept of duration Hill diagnoses a sexed hierarchy at the heart of Aristotle's and Bergson's presentations Yet beyond that phallocentrism she points out how Aristotle's theory of topos as a sensible relation between two bodies that differ in being and Bergson's intuition of duration as an incalculable threshold of becoming are indispensable to the feminist effort to think about sexual difference Reading Irigaray with Aristotle and Bergson Hill argues that the interval cannot be grasped as a space between two identities it must be characterized as the sensible threshold of becoming constitutive of the very identity of beings The interval is the place of the possibility of sexed subjectivity and intersubjectivity the interval is also a threshold of the becoming of sexed **Secret Teachings of Moses** Aunel va Daath, 2025-01-01 Moses the great patriarch in the heart of Judaism forces Christianity and Islam wrote the first five books of the Bible or Tanakh perhaps the most influential books in Western history Yet because they were written in Hebrew a highly symbolic and deeply mystical language few have revealed the true meanings of the stories and events he described When you know the Hebrew letters and the structures of Kabbalah the secret teachings of Moses radiate with stark clarity and echo throughout the entire range of Jewish and Christian scriptures especially in the Gospels of Jesus This book focuses on the second chapter of Genesis Bereshit which establishes the foundation of the Jewish and Christian religions With this knowledge you can understand the true meaning of Adam and Eve the Garden of Eden the presence of the serpent and all of the rest of the teachings that follow these symbols Yet this is not merely scholarly theology by understanding what Moses actually wrote anyone can see the true basis of human suffering and The Comprehension of the Holy Spirit within the Human Condition Arthur Fanning, 2015-08-17 The how to change it force of the Holy Spirit is coming Are you ready The spiritual forces within the self have been neglected causing a lot of difficulty In this series of channelings from the Spirit of Space and Gabriel et al through Arthur Fanning you ll learn how to acknowledge respect and make the most of these spiritual forces as you continue to work toward ascension Read about how
