**Carol Ann Duffy** Jane Dowson, 2016-05-17 This is the only monograph to consider the entire thirty year career publications and influence of Britain s first female poet laureate It outlines her impact on trends in contemporary poetry and establishes what we mean by Duffyesque concerns and techniques Discussions of her writing and activities prove how she has championed the relevance of poetry to all areas of contemporary culture and to the life of every human being Individual chapters discuss the lyrics of love loss and longing the socially motivated poems about the 1980s the female centred volumes and poems the relationship between poetry and public life and poetry and childhood and written for children The book should whet the appetite of readers who know little of Duffy s work to find out more while providing students and scholars with an in depth analysis of the poems in their contexts It draws on a wide range of critical works and includes an extensive list of further reading

**Theory Into Poetry** Eva Müller-Zetzelmann, Margarete Rubik, 2005 At the beginning of the 21st century there is still no generally accepted comprehensive definition of the lyric or differentiated modern toolkit for its analysis The reception of poetry is largely characterised either by an empathetic identification of critics with the lyric persona or by exclusive interest in formal patterning The present volume seeks to remedy this deficit All the contributors theorise the lyric to overcome the impasse of an impressionistic and narrowly formalistic critical debate on the genre Their papers focus on a variety of different questions the problem of establishing a framework for definition and classification the search for dynamic and potent critical approaches investigations of poetry's cultural performance and its fundamental relevance for the construction of group cohesion

**The Parable of His-Story** Nick Taylor, 2011-12-09 If History is written by the victors then this is His Story as corrected by the losers The Parable of His Story is a telling of the age where men have been in charge Inspired by ideas of feminism and spirituality it suggests that eternal rules are temporary examples of a one sided story repeatedly told to glorify the masculine and denigrate the feminine Charting the origin of this story at the dawn of civilization the book details how his story spread across the world through successive masculine driven empires and affected our ideas of sex gender sexuality and race As the financial system crumbles as religious and political ideologies grow more extreme and as more of us contribute to a collective consciousness through the Internet The Parable offers suggestions as to what we need to remember in order to bring ourselves and our relations with our planet back into balance If you've ever wondered why zero has been taught to mean nothing why gay has come to be synonymous with rubbish and why all the major monotheistic gods are blokes then this book is for you
