

FOUCAULT *and* FEMINISM

LOIS McNAY

Feminism And Foucault

Helen O'Grady

Feminism And Foucault:

Foucault and Feminism Lois McNay, 2013-05-29 This book offers a systematic attempt to explore the point of convergence between feminist theory and the work of Michel Foucault **Up Against Foucault** Caroline

Ramazanoglu, 2002-11 Questions of sexuality and power were central to Foucault's writing yet Foucault largely ignored feminism This book considers the implications of his work for feminism and of feminism for his work **Feminism and Foucault** Irene Diamond, Lee Quinby, 1988-06-23 Although Michel Foucault's ideas on sexuality ideology and power have established him as one of this century's most influential thinkers the implications of his work for feminists continue to be the subject of heated debate This book fosters an unprecedented dialogue between Foucault and the fertile ground of contemporary feminism and explores the many ways these disparate approaches to cultural analysis converge and interact

Feminism, Foucault, and Embodied Subjectivity Margaret A. McLaren, 2002-10-10 Addressing central questions in the debate about Foucault's usefulness for politics including his rejection of universal norms his conception of power and power knowledge his seemingly contradictory position on subjectivity and his resistance to using identity as a political category McLaren argues that Foucault employs a conception of embodied subjectivity that is well suited for feminism She applies Foucault's notion of practices of the self to contemporary feminist practices such as consciousness raising and autobiography and concludes that the connection between self transformation and social transformation that Foucault theorizes as the connection between subjectivity and institutional and social norms is crucial for contemporary feminist theory and politics

Feminist Interpretations of Michel Foucault Susan J. Hekman, 1996 The exciting possibilities of a Foucauldian approach to issues of the subject and identity especially as they relate to sex and the body are detailed in several of the essays collected here Despite the possibilities however Foucault's approach has raised serious questions about an equally crucial area of feminist thought politics Some feminist critics of Foucault have argued that his deconstruction of the concept woman also deconstructs the possibility of a feminist politics Several essays explore the implications of this deconstruction for feminist politics and suggest that a Foucauldian feminist politics is not viable Overall this collection illustrates the range of interest Foucault's thought has generated among feminist thinkers and both the advantages and liabilities of his approach for the development of feminist theory and politics **Disciplining Foucault** Jana Sawicki, 2020-10-07 In this book the

author attempts to integrate previous work on Foucault with feminist theory She expands discussion of feminism and sexual liberation charts the impact of Foucault on humanistic studies and picks up an aspect of the mothering theme the question of new reproductive technologies **Feminism and Foucault** Irene Diamond, 1988 **Feminism and the Final Foucault** Dianna Taylor, Karen Vintges, 2004 *Feminism and the Final Foucault* is the first systematic offering of contemporary international feminist perspectives on the later work of philosopher Michel Foucault Rather than simply debating the merits or limitations of Foucault's later work the essays in this collection examine women's historical self practices conceive of

feminism as a shared ethos and consider the political significance of this conceptualization in order to elucidate experiment with and put into practice the conceptual tools that Foucault offers for feminist ethics and politics The volume illustrates the ways in which Foucault's later thinking on ethics as care of the self can reintroduce a number of issues and themes that feminists jettisoned in the wake of postmodernism including consciousness raising feminist therapy the subject woman identity politics and feminist agency Taken as a whole the diversity of feminist viewpoints presented provide important new insights into the final Foucault and thus serve as a productive intervention in current Foucault scholarship

The Power of Feminist Theory Amy Allen, 2018-03-05 Power is clearly a crucial concept for feminist theory Insofar as feminists are interested in analyzing power it is because they have an interest in understanding critiquing and ultimately challenging the multiple array of unjust power relations affecting women in contemporary Western societies including sexism racism heterosexism and class oppression In *The Power of Feminist Theory* Amy Allen diagnoses the inadequacies of previous feminist conceptions of power and draws on the work of a diverse group of theorists of power including Michel Foucault Judith Butler and Hannah Arendt in order to construct a new feminist conception of power The conception of power developed in this book enables readers to theorize domination resistance and solidarity and perhaps more importantly to do so in a way that illuminates the interrelatedness of these three modalities of power

Feminist Interpretations of Michel Foucault Susan Hekman, 2010-11-01 Despite the possibilities however Foucault's approach has raised serious questions about an equally crucial area of feminist thought politics Some feminist critics of Foucault have argued that his deconstruction of the concept woman also deconstructs the possibility of a feminist politics Several essays explore the implications of this deconstruction for feminist politics and suggest that a Foucauldian feminist politics is not viable

Foucault, Feminism, and Power Nina L. Molinaro, 1991 This study focuses on Esther Tusquets's published work four novels and a collection of short stories and elaborates a potential aesthetics of power as it is manifested in and through narrative The five analytical chapters are framed by an introduction and a conclusion that suggest theoretical issues and approaches

Interrogating Incest Vikki Bell, 2002-09-11 Winner of British Sociological Association Philip Abrams Memorial Prize 1993 Examines the taboo of incest from historical and sociological perspectives Raises important questions on the criminalization of incest

Foucault, Feminism, and Sex Crimes Chloë Taylor, 2018-10-08 This book brings together Foucault's writings on crime and delinquency on the one hand and sexuality on the other to argue for an anti carceral feminist Foucauldian approach to sex crimes The author expands on Foucault's writings through intersectional explorations of the critical race decolonial critical disability queer and critical trans studies literatures on the prison that have emerged since the publication of *Discipline and Punish* and *The History of Sexuality* Drawing on Foucault's insights from his genealogical period the book argues that those labeled as sex offenders will today be constructed to re-offend twice over once in virtue of the delinquency with which they are inculcated through criminological discourses and in the criminal

punishment system and second in virtue of the manners in which their sexual offense is taken up as an identity through psychological and sexological discourses The book includes a discussion of non retributive responses to crime including preventative redistributive restorative and transformative justice It concludes with two appendixes the original 19th century medico legal report on Charles Jouy and its English translation by the author Foucault Feminism and Sex Crimes will be of interest to feminist philosophers Continental philosophers Women s and Gender Studies scholars social and political theorists as well as social scientists and social justice activists *Feminist Experiences* Johanna Oksala,2016-01-31 Feminist Experiences develops and defends a distinctive understanding of feminist philosophy as social critique Feminist philosophy is essentially a political endeavor Johanna Oksala argues aiming to expose analyze and ultimately change gendered power relations However such an understanding of feminist philosophy raises a host of theoretical problems and paradoxes Oksala investigates the philosophical challenges and outlines the ontological presuppositions and methodological innovations the project requires Drawing on conceptual tools from the thought of Michel Foucault but also from the tradition of phenomenology she explores the role of experience in feminist philosophy and its relationship to language and linguistic meaning Oksala concludes by sketching a feminist ontology of the present through a critical investigation of neoliberalism and the challenges it presents to feminist theory and politics **Woman's Relationship with Herself** Helen O'Grady,2005-02-25 Employing Foucault s notion of panoptical power Helen O Grady explores the relationship women have with themselves and explores the link between debilitating practices of self surveillance and the broader mechanisms of social control **How to Read Foucault's Discipline and Punish** Anne Schwan,Stephen Shapiro,2011-07-08 Michel Foucault s Discipline and Punish is one of the best selling works of critical theory and a key text on many undergraduate courses However it is a long difficult text which makes Anne Schwan and Stephen Shapiro s excellent step by step reading guide a welcome addition to the How to Read Theory series Undergraduates across a wide range of disciplines are expected to have a solid understanding of Foucault s key terms which have become commonplace in critical thinking today While there are many texts that survey Foucault s thought these are often more general overviews or biographical pr cis that give little in the way of robust explanation and discussion In contrast Schwan and Shapiro take a plain speaking yet detailed approach specifically designed to give students a thorough understanding of one of the most influential texts in contemporary cultural theory Self-Transformations Cressida J. Heyes,2007-08-16 The subject of normalization and its relationship with sex gender is a major one in feminist theory and Heyes book takes a theoretical approach to Foucault s work in this area **The Power of Feminist Theory** Amy Allen,2025-06-17 In this new second edition of The Power of Feminist Theory Domination Resistance Solidarity Amy Allen diagnoses the inadequacies of previous feminist conceptions of power and draws on the work of a diverse group of theorists of power including Michel Foucault Judith Butler bell hooks and Hannah Arendt in order to construct a new feminist conception of power The conception of power developed in this book enables readers to theorize

domination resistance and solidarity and perhaps more importantly to do so in a way that illuminates the interrelatedness of these three modalities of power The new edition of this foundational text includes substantial new material on intersectionality and power transnational feminism and power in relation to homonationalism and neo imperialism and empowerment feminism It addresses important criticisms of Foucault Arendt and Butler that have been raised by Black feminists critical philosophers of race postcolonial theorists and Marxists The Power of Feminist Theory Domination Resistance Solidarity is an essential text for students engaging with feminist analyses of power feminist theory and feminist political thought

Sex, Violence and Crime Adrian Howe, 2009-01-21 What happens when you sex violent crimes More specifically what happens when you make men s violence against women the subject of a conversation or the focus of scholarly attention The short answer is all hell breaks loose Adrian Howe explores some of the ways in which this persistent and pervasive form of violence has been named and unnamed as a significant social problem in western countries over the past four decades Addressing what she calls the Man question so named because it pays attention to the discursive place occupied or more usually vacated by men in accounts of their violence against women she explores what happens when that violence is placed on the criminological and political agenda Written in a theoretically informed yet accessible style Sex Violence and Crime Foucault and the Man Question provides a novel and highly original approach to questions of sex and violence in contemporary western society Directed at criminologists students and more widely at anyone interested in these issues it challenges readers to come to grips with postmodern feminist reconceptualisations of the fraught relationship between sex violence and crime in order to better combat men s violence against women and children

Feminist Theory and the Body Janet Price, Margrit Shildrick, 2017-09-25 This Reader provides students with a comprehensive overview of differing feminist approaches to the body Its wide range of contributions locate the important historical developments interdisciplinary perspectives and key discourses that have shaped this dynamic area of feminist theory

Decoding **Feminism And Foucault**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
