and identifies the emergence of groups who strongly resisted the attempt to reform the law feminists against censorship and sex radicals Finally she examines the way in which institutional practices are shaped by and yet shape the power relations between groups The emphasis is on the way such power relations are embodied in the policy making process Drawing on Michel Foucault s concept of power knowledge Lacombe reveals how the process to criminalize pornography inaugurated a controversial politics that produced collective identities and transformed power relations She shows law reform as a strategy that both constrains and enables action

**Pornography and Feminism** Feminists Against Censorship, Feminists Against Censorship (Organization), 1991 **Pornography** Mari Mikkola, 2019-01-02 This book provides an introduction to philosophical treatments of pornography It considers relevant debates in ethics aesthetics feminist philosophy political philosophy epistemology and social ontology thus offering a comprehensive examination of the topic While offering an introduction the book also puts forward substantive philosophical views on pornography **Anti-Porn** Julia Long, 2012-09-13 Anti porn feminism is back Countering the ongoing pornification of Western culture and society with lads mags on the middle shelf and lap dancing clubs in residential areas anti porn movements are re emerging among a new generation of feminist activists worldwide This essential new guide to the problems with porn starts with a history of modern pro and anti political stances before examining the ways in which the new arguments and campaigns around pornography are articulated deployed and received Drawing on original ethnographic research it provides an in depth analysis of the groups campaigning against the pornography industry today as well as some eye opening facts about the damage porn can do to women and society as a whole This unique and inspiring book explains the powerful comeback of anti porn feminism and it controversially challenges liberal perspectives and the mainstreaming of a porn culture that threatens to change the very nature of our intimate relationships **Wild Zones** Kelly Ives, 2017-10-23 WILD ZONES PORNOGRAPHY ART AND FEMINISM By Kelly Ives REVISED AND UPDATED WITH NEW ILLUSTRATIONS Kelly Ives explores the worlds sexual representation in art and pornography from a feminist viewpoint The book includes chapters on the depiction of sexuality in art from contemporary art and pornography back through the Renaissance to prehistory on the problematic relations between showing sexuality and censorship the history of porn and women s art and how women artists have depicted sexual acts and identities Fully illustrated with images from the history of representing sexuality from prehistory to the present day Includes notes and bibliography The book has been revised for this edition [www.crmoon.com](http://www.crmoon.com) **Defending Pornography** Nadine Strossen, 2024-03-05 A new edition of a groundbreaking feminist defense of pornography as free speech Named a Notable Book by The New York Times Book Review in 1995 Defending Pornography examines a key question that has divided feminists for decades is censoring pornography good or bad for women Nadine Strossen makes a powerful case that increasing government power to censor sexual expression beyond the limits that the First Amendment sensibly permits for example outlawing child pornography would do more harm than good for women and others who have traditionally been

marginalized due to sex or gender She explains how the very anti porn laws pushed by some feminists have led to the censorship of LGBTQ and feminist works and she examines the startling connections between anti porn feminists and right wing fundamentalists In an illuminating new Preface Strossen lays out the multiple current assaults on sexual expression which continue to come from across the ideological spectrum She shows that freedom for such expression remains an essential prerequisite for the equality safety and dignity of women and sexual gender minorities

**The Pornography of Representation** Susanne Kappeler, 2013-05-03 This book marks a radical and powerful intervention in traditional arguments about pornography Kappeler re examines the artistic distinctions between fantasy and reality pornography and erotica and challenges the legal definition of obscenity as well as the intellectual defence of freedom of expression By linking images of actual violence with the imaginative portrayal of women in the realm of the aesthetic she establishes vital connections between modes of representation and social forms of power and domination It is essential reading for anyone concerned with issues of pornography and sexual politics and related debates in literary criticism and cultural studies

Pornography, Sex, and Feminism Alan Soble, 2011-02 In this unabashed defense of pornography from a utilitarian hedonist perspective philosopher Alan Soble strongly rebuts both feminist and conservative critics Soble demonstrates that neither conservative nor feminist critics of pornography show much acquaintance with the genre they criticize This suggests that purely political motives underlie their critiques instead of reasoned objective arguments based on thorough empirical research Soble also faults critics of pornography for their failure of empathy they refuse to see pornographic images from the various perspectives of their viewers In approaching these images literally detractors promulgate the worst possible interpretation of pornography Further they do not do justice to the social and psychological research about pornography and its purported harms Conservatives and feminists manufacture their case against pornography and its consumers based on oversimplified interpretations of the images and a poor understanding of scientific studies This sardonic and well reasoned critique of feminist and conservative moral outrage over pornography is sure to be controversial

Beyond Speech Mari Mikkola, 2017-03-01 This collection contains eleven new papers on pornography from an analytic feminist perspective Despite a rich literature on pornography deep disagreements about central questions tend still to define the corpus This collection aims to clarify key feminist philosophical commitments pertaining to pornography and to surpass prevalent analyses by highlighting novel topics in feminist pornography debates

*Reconcilable Differences* Lynn S. Chancer, 2023-04-28 This volume examines controversial faultlines in contemporary feminism pornography the beauty myth sadomasochism prostitution and the issue of rape from an original and provocative perspective Lynn Chancer focuses on how among many feminists the concepts of sex and sexism became fragmented and mutually exclusive Exploring the dichotomy between sex and sexism as it has developed through five current feminist debates Chancer seeks to forge positions that bridge oppositions between unnecessary and sometimes unwitting either/or binaries Chancer's book attempts to incorporate both the need for

sexual freedom and the depth of sexist subordination into feminist thought and politics This volume examines controversial faultlines in contemporary feminism pornography the beauty myth sadomasochism prostitution and the issue of rape from an original and provocative perspective Lynn Chancer focuses on how among many feminists the co **Making Violence Sexy** Diana E. H. Russell,1993 Pornography Margaret Smith,Barbara Waisberg,1985 Pornography Feminism Rich Moreland,2015-01-30 During the sex wars of the 1980s sex positive feminism entered the adult film industry with a performer support group known as Club 90 Over the next three decades feminism found a home among an influential group of women in pornography Pornography Feminism As Powerful as She Wants to Be is a popular history of this unfolding saga told largely through personal interviews along with scholarly works previous popular histories and film reviews **Bad Girls and Dirty Pictures** Alison Assiter,Avedon Carol,1993 For well over a decade half baked analysis and phony science have been used by some feminists to side track the women s movement into puritanical campaigns against sexual material and imaginative sexual exploration Many feminists would say that this widely publicised version of feminism is itself sexist and that the increasingly vocal anti pornography campaigns are founded on theoretical dead ends that have allowed feminists to deviate drastically from the basic goals of women s liberation Bad Girls Dirty Pictures puts these anti sex anti porn arguments under the microscope of a more thorough and considered feminist analysis It examines the flaws in the research that purports to prove the harm of pornography and warns against the continuing use of censorship by politicians and the moral right as well as exposing the dangers of anti porn feminist arguments Contributions from a wide range of women including sex workers and academics remind us that pornography does not have a special place in our oppression and that censorship must still be seen as dangerous enemy of women Bad Girls Dirty Pictures is a much needed antidote to falsehoods shabby thinking and patronising sexism that have fuelled anti pornography campaigns and misled the women s movement

*Pornography, Feminism, and the Individual* Alison Assiter,1989 Pornography affects all of us men and women It affects the way women are perceived by men and the way women perceive themselves But what exactly is pornography A photograph that is pornography for some people is considered by others as art Does it incite men to commit rape Or does it prevent crimes against women In assessing recent literature on the subject of pornography Alison Assiter attempts to answer some of these questions Feminists, Pornography & the Law Betty-Carol Sellen,Patricia A.
