Feminism The Family And The Politics Of The Closet Lesbian And Gay Displacement

Elzbieta H. Oleksy

Feminism The Family And The Politics Of The Closet Lesbian And Gay Displacement:

Feminism, the Family, and the Politics of the Closet Cheshire Calhoun, 2000-09-07 *Feminism the Family and the Politics of the Closet* is about placing sexual orientation politics within feminist theorizing It is also about defining the central political issues confronting lesbians and gay men The book brings the study of lesbians from the margins of feminist theory to the center by critiquing the analytic frameworks employed within feminist theory that renders invisible lesbians difference from heterosexual women This book also outlines the basic features of lesbian and gay subordination by exploring the differences between heterosexual dominance and gender and race relations Throughout Calhoun aims to re center lesbian and gay politics away from concerns with sexual regulations and toward concern with the displacement of gays and lesbians from the public sphere of visible citizenship and from the private sphere of romance marriage and family

Feminism, the Family, and the Politics of the Closet, 2000 How has feminism failed lesbianism What issues belong at the top of a lesbian and gay political agenda This book answers both questions by examining what lesbian and gay subordination really amounts to Calhoun argues that lesbians and gays aren't just socially and politically disadvantaged The closet displaces lesbians and gays from visible citizenship and both law and cultural norms deny lesbians and gay men a private sphere of romance marriage and the family *Feminism the Family and the Politics of the Closet* is about placing sexual orientation politics within feminist theorizing It is also about defining the central political issues confronting lesbian and gay men The book brings the study of lesbians from the margins of feminist theory to the centre by critiquing the analytic frameworks employed within feminist theory that renders invisible lesbians difference from heterosexual women This book also outlines the basic features of lesbian and gay subordination by exploring the differences between heterosexual dominance and gender and race relations Throughout Calhoun aims to re centre lesbian and gay politics away from concern with sexual regulations and toward concern with the displacement of gays and lesbians from the public sphere of visible citizenship and from the private sphere of romance marriage and family

The Ashgate Research Companion to Feminist Legal Theory Vanessa E. Munro, 2016-04-01 As a distinct scholarly contribution to law feminist legal theory is now well over three decades old Those three decades have seen consolidation and renewal of its central concerns as well as remarkable growth dynamism and change This Companion celebrates the strength of feminist legal thought which is manifested in this dynamic combination of stability and change as well as in the diversity of perspectives and methodologies and the extensive range of subject matters which are now included within its ambit Bringing together contributors from across a range of jurisdictions and legal traditions the book provides a concise but critical review of existing theory in relation to the core issues or concepts that have animated and continue to animate feminism It provides an authoritative and scholarly review of contemporary feminist legal thought and seeks to contribute to the ongoing development of some of its new approaches perspectives and subject matters The Companion is divided into three parts dealing with Theory Concepts and Issues The first part addresses

theoretical questions which are of significance to law but which also connect to feminist theory at the broadest and most interdisciplinary level The second part also draws on general feminist theory but with a more specific focus on debates about equality and difference race culture religion and sexuality The Issues section considers in detail more specific areas of substantive legal controversy

Radical Challenges to the Family Dr Ashley Lavelle, 2015-11-28 Drawing on archival research in the US UK and Australia the author asks what the emergence of same sex marriage movements and legislation mean for challenges to the nuclear family in the light of an original general hostility to marriage and family structures in the gay liberation movement whilst considering the extent to which the nuclear family might be included in the list of social and economic institutions subject to criticism on the part of more recent anti capitalist movements such as Occupy A detailed study of the extent to which the nuclear family remains susceptible to the radical critiques of the last century *Radical Challenges to the Family* examines whether the original challenges shed light on ensuring social problems including domestic violence child abuse homophobia and growing marital dissatisfaction

Radical Challenges to the Family Ashley Lavelle, 2016-03-03 Defending the nuclear family and extolling family values have long been central features of politics in capitalist societies in spite of radical left challenges from social counter cultural and gay rights movements This book examines these challenges as they emerged in the 1960s and 1970s re appraising their relevance in the light of recent developments including the spread of more diverse family forms and the rise of the same sex marriage movement Drawing on archival research in the US UK and Australia the author asks what the emergence of same sex marriage movements and legislation mean for challenges to the nuclear family in the light of an original general hostility to marriage and family structures in the gay liberation movement whilst considering the extent to which the nuclear family might be included in the list of social and economic institutions subject to criticism on the part of more recent anti capitalist movements such as Occupy A detailed study of the extent to which the nuclear family remains susceptible to the radical critiques of the last century *Radical Challenges to the Family* examines whether the original challenges shed light on ensuring social problems including domestic violence child abuse homophobia and growing marital dissatisfaction As such it will appeal to scholars of sociology and politics with interests in gender and sexuality the sociology of the family and feminist thought

The Case for Single Motherhood Katherine Elizabeth Mack, 2023-12-05 Delves into the rhetorical work of elective single mothers ESMs in the late twentieth and early twenty first centuries as they sought and continue to seek to legitimize their maternal identities and family formations Scholars of rhetoric have largely overlooked the inherent rhetoricity of family In *The Case for Single Motherhood* Katherine Mack posits family as a central concern of rhetorical studies by reflecting on how language is used by single mothers who seek to reenvision the personal social and political meanings of family Drawing on intersectional and rhetorical theories Mack demonstrates how the category of elective single motherhood emerged in response to the historically differential treatment of unwed mothers along racial and class lines Through her readings of a range of self

sponsored ESM texts guidebooks memoirs and interactive digital media written by and primarily for other ESMs and from her perspective as an elective single mother herself Mack evaluates the rhetorical power as well as the exclusions and hierarchies that the ESM label effects She analyzes how ESMs envision motherhood visions that entail their musings about who can and should mother Ultimately Mack offers women who are considering nonnormative paths to motherhood a way to affirm their maternal identities and paths without disparaging others Scholars in the fields of rhetoric and feminist rhetorical studies will find in this volume an illuminating perspective on the rhetorical power of self sponsored texts in particular Crafting a methodology to identify and evaluate the goals and effects of legitimacy work and selecting sources that bring academic attention to varied genres of self sponsored writings Mack paves the way for future rhetorical studies of motherhood and family

Intimate Citizenships Elzbieta H. Oleksy, 2009-03-23 With a focus on gender and sexuality studies this edited collection documents how people's most private decisions and practices are intertwined with public institutions and state policies

LGBT-Q Teachers, Civil Partnership and Same-Sex Marriage Aoife Neary, 2016-12-01 The introduction of legislative structures for same sex relationships provides a new lens for grappling with the politics of sexuality in schools and society The emergence of civil partnership and same sex marriage in Ireland brings to the fore international debates around public intimacy religion in the public sphere secularism and the politics of sexuality equality Building on queer feminist and affect theory in innovative ways this book offers insight into the everyday negotiations of LGBT Q teachers as they operate between and across the intersecting fields of education religion and LGBT Q politics Neary illustrates the complexity of negotiating personal and professional identities for LGBT Q teachers

Justifying Same-Sex Marriage Louise Richardson-Self, 2015-05-29 There is massive public interest in same sex marriage a controversial topic that is rarely out of the media This book investigates the extent to which legalizing same sex marriage can contribute to ending the discrimination and social stigma faced by lesbian gay bisexual and transgender men and women LGBT in the Western world This issue breaks down into several further questions can marriage equality be defended without reinforcing the idea that marriage is the most only valuable form of intimate relationship Can marriage equality be defended without further marginalizing non conforming LGBT people What kind of equality should LGBT people strive for What critical agency might they lose when this equality is achieved What institutional legacies should we embrace The book focuses on human rights arguments supporting same sex marriage and questions whether they are likely to both justify legal change and encourage shifts in the sociopolitical reception of LGBT people After critically analyzing various arguments in favor of same sex marriage the author puts forward a justification that allows for marriage equality and does not result in the assimilation of queer identities into heteronormative identity

Queer Kinship on the Edge? Families of Choice in Poland Joanna Mizielińska, 2022-05-18 *Queer Kinship on the Edge* Families of Choice in Poland explores ways in which queer families from Central and Eastern Europe complicate the mainstream picture of queer kinship and families researched in the Anglo

American contexts The book presents findings from under represented localities as a starting point to query some of the expectations about queer kinship and to provide insights on the scale and nature of queer kinship in diverse geopolitical locations and the complexities of lived experiences of queer families Drawing on a rich qualitative multi method study to address the gap in queer kinship studies which tend to exclude Polish or wider Central and Eastern perspectives it offers a multi dimensional picture of families of choice improving sensitivity towards differences in queer kinship studies Through case studies and interviews with diverse members of queer families i e queer parents their children and their families of origin parents and siblings the book looks at queer domesticity practices of care defining and displaying families queer parenthood familial homophobia and interpersonal relationships through the life course This study is suitable for those interested in LGBT studies sexuality studies kinship and Eastern European studies **Against Marriage** Clare

Chambers,2017-09-08 *Against Marriage* argues that marriage violates both equality and liberty and should not be recognized by the state Clare Chambers shows how feminist and liberal principles require creation of a marriage free state one in which private marriages whether religious or secular would have no legal status Part One makes the case against marriage Chambers investigates the critique of marriage that has developed within feminist and liberal theory Feminists have long argued that state recognised marriage is a violation of equality Chambers endorses the feminist view and argues in contrast to recent egalitarian pro marriage movements that same sex marriage is not enough to make marriage equal The egalitarian case against marriage is the most fundamental argument of *Against Marriage* But Chambers also argues that state recognised marriage violates liberty including the political liberal version of liberty that is based on neutrality between conceptions of the good Part Two sets out the case for the marriage free state Chambers criticizes recent arguments that traditional marriage should be replaced with either a reformed version of marriage such as civil partnership or a purely contractual model of relationship regulation She then sets out a new model for the legal regulation of personal relationships Instead of regulating by status the state should regulate relationships according to the practices they involve Instead of regulating relationships holistically assuming that relationship practices are bundled together in one significant relationship the marriage free state regulates practices on a piecemeal basis The marriage free state thus employs piecemeal practice based regulation It may regulate private marriages including religious marriages so as to protect equality But it takes no interest in defining or protecting the meaning of marriage *Black Women's Liberation Movement Music* Reiland

Rabaka,2023-10-30 *Black Women's Liberation Movement Music* argues that the Black Women's Liberation Movement of the mid to late 1960s and 1970s was a unique combination of Black political feminism Black literary feminism and Black musical feminism among other forms of Black feminism This book critically explores the ways the soundtracks of the Black Women's Liberation Movement often overlapped with those of other 1960s and 1970s social political and cultural movements such as the Black Power Movement Women's Liberation Movement and Sexual Revolution The soul funk and disco music of the Black

Women's Liberation Movement era is simultaneously interpreted as universalist feminist in a general sense and Black female focused. This music's incredible ability to be interpreted in so many different ways speaks to the importance and power of Black women's music and the fact that it has multiple meanings for a multitude of people. Within the worlds of both Black Popular Movement Studies and Black Popular Music Studies there has been a long standing tendency to almost exclusively associate Black women's music of the mid to late 1960s and 1970s with the Black male dominated Black Power Movement or the White female dominated Women's Liberation Movement. However this book reveals that much of the soul funk and disco performed by Black women was most often the very popular music of a very unpopular and unsung movement. The Black Women's Liberation Movement Black Women's Liberation Movement Music is an invaluable resource for students teachers and researchers of Popular Music Studies American Studies African American Studies Critical Race Studies Gender Studies and Sexuality Studies.

Making Human Rights Intelligible Mikael Rask Madsen, Gert Verschraegen, 2013-03-20 Human rights have become a defining feature of contemporary society permeating public discourse on politics law and culture. But why did human rights emerge as a key social force in our time and what is the relationship between rights and the structures of both national and international society? By highlighting the institutional and socio-cultural context of human rights this timely and thought provoking collection provides illuminating insights into the emergence and contemporary societal significance of human rights. Drawn from both sides of the Atlantic and adhering to refreshingly different theoretical orientations the contributors to this volume show how sociology can develop our understanding of human rights and how the emergence of human rights relates to classical sociological questions such as social change modernisation or state formation. *Making Human Rights Intelligible* provides an important sociological account of the development of international human rights. It will be of interest to human rights scholars and sociologists of law and anyone wishing to deepen their understanding of one of the most significant issues of our time.

Women in Philosophical Counseling Luisa de Paula, Peter Raabe, 2015-04-23 With contributions from eighteen professional women counselors from twelve different countries this book is the first to provide an overview of new born philosophical practices from an entirely female perspective. It gives voice to women's thoughts and brings to the reader a living portrait of philosophy as a service to people and a training for those in search of a fully lived existence. As the authors draw on first hand experience their philosophical analyses intertwine with changes in attitudes and real life stories unearthing that forgotten soul of philosophical thought which our ancestors referred to as the Anima. The book provides a lively sprightly and vivacious picture of how philosophy is used in practice a long way from the rigidity and stereotypical severity of its traditional image. It will not fail to inspire readers to live their thoughts and think their lives.

Legally Straight Joe Rollins, 2018 Argues that cultural conceptions of children and childhood played a key role in legalizing gay marriage. *Legally Straight* offers a critical reading of the legal debates over lesbian and gay marriage in the United States. The book draws on key judicial opinions to trace how our understanding of heterosexuality and

marriage has changed Upon closer inspection it seemed that the cultural value of marriage was becoming tarnished and the trouble appeared to center on one very specific issue reproduction As opponents of lesbian and gay marriage emphasized the link between marriage and accidental pregnancy the evidence mounted the arguments proliferated and resistance began to turn against itself Heterosexuality it seemed for a moment was little more than a set of palliative prescriptions for the worst of human behavior and children became the victims It thus became the province of the courts to reinforce the cultural value of marriage by resisting what came to be known as the procreation argument the assertion that marriage exists primarily to regulate the unruly aspects of heterosexual reproduction Cultural conceptions of children and childhood were being put at risk as gays and lesbians were denied marriage so that writing lesbian and gay families into the marriage law became the better option

Doing Care, Doing Citizenship Alessandro Pratesi, 2017-11-27 This book examines the emotional micro situated dynamics of status inclusion exclusion that people produce while caring for others by focusing in particular on non conventional families Grounded in empirical research that involves different types of care and family contexts the book situates care within more inclusive and critical approaches while shedding light on its multiple and often overlooked meanings and implications Engaging and accompanied by a useful methodological appendix *Doing Care Doing Citizenship* is essential reading for students and academics of sociology psychology social work and social theory It will also be of interest to practitioners interested in developing their understanding of the relationship between care emotions social inclusion and citizenship

Mad River, Marjorie Rowland, and the Quest for LGBTQ Teachers' Rights Margaret A. Nash, Karen L. Graves, 2022-08-12 Staking a claim in *Mad River* I had to be the fighter The meaning of *Mad River* implications of the case Coming out of the classroom closet LGBTQ teachers lives after *Mad River* Conclusion

Bisexuality and Transgenderism Fritz Klein, Karen Yescavage, Jonathan Alexander, 2012-12-06 Explore the common ground and the important differences between bisexuality and transgenderism This book guaranteed to provoke debate and discussion of sexuality and gender is the first devoted exclusively to the relationship between transgenderism and bisexuality Combining the work of scholars and activists professional writers and lay people *Bisexuality and Transgenderism InterSEXions of the Others* presents ideas thoughts feelings and insights from a variety of contributors who are committed to understanding and deepening our understanding of gender and sexuality You will find scholarly essays narratives poetry and a revealing interview with four male to female transsexuals two of whom are married to women who also participate in the discussion In addition the book includes insightful chapters by well known advocates of transgenderism including Jamison James Green Coralee Drechsler and Matthew Kailey The editors of *Bisexuality and Transgenderism InterSEXions of the Others* make the provocative but crucial claim that the larger queer community looks at B and T lives as mere add ons to L and G In this book they focus attention on bisexuality and transgenderism moving the margins to center stage and exploring how sexuality gender desire and intimacy are constructed and circulate in our society The book's inclusion of voices and scholarship from

Eastern cultures challenges our understanding of sexuality and gender constructions all the more giving this collection a global scope Here is a sample of what Bisexuality and Transgenderism InterSEXions of the Others examines biphobia and transphobia within the United States gay and lesbian community the bi trans and subversive aspects of the works and images of cultural icons Angelina Jolie and Sandra Bernhardt how bisexual and transgendered identities are socially constructed through relationships the false promise of pomosexual playwhy the concepts of postmodern sexuality fail to rewrite the construction of gender why swingers who practice bisexual and transgender behavior are often disdained and marginalized by other GLBT people suicidal thoughts and other mental health concerns of bisexual males and females as well as transgender people Eastern perspectives on sexual gender identitieswith revealing chapters on gender identity in Japan and Indonesia

Sexuality and the Law Vanessa Munro, Carl Stychin, 2007-05-07 Rediscovering the peculiarity of feminist perspectives rather than the range of gender oriented analyses in legal regulation and sexuality this edited collection avoids the reductionist and essentialist shortcomings of feminism unmodified

[Historical Dictionary of the Lesbian and Gay Liberation Movements](#) JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

Feminism The Family And The Politics Of The Closet Lesbian And Gay Displacement Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever.
