*The SAGE Handbook of Television Studies* Manuel Alvarado, Milly Buonanno, Herman Gray, Toby Miller, 2014-12-09 Genuinely transnational in content as sensitive to the importance of production as consumption covering the full range of approaches from political economy to textual analysis and written by a star studded cast of contributors Emeritus Professor Graeme Turner University of Queensland Finally we have before us a first rate and wide ranging volume that reframes television studies afresh boldly synthesising debates in the humanities cultural studies and social sciences This volume should be in every library and media scholar s bookshelf Professor Ravi Sundaram Centre for the Study of Developing Societies Bringing together a truly international spread of contributors from

across the UK US South America Mexico and Australia this Handbook charts the field of television studies from issues of ownership and regulation through to reception and consumption Separate chapters are dedicated to examining the roles of journalists writers cinematographers producers and manufacturers in the production process whilst others explore different formats including sport novella and soap opera news and current affairs music and reality TV The final section analyses the pivotal role played by audiences in the contexts of gender race and class and spans a range of topics from effects studies to audience consumption The SAGE Handbook of Television Studies is an essential reference work for all advanced undergraduates graduate students and academics across broadcasting mass communication and media studies

*Mass Media and the Shaping of American Feminism, 1963-1975* Patricia Bradley, 2009-09-18 Beginning in 1963 with the publication of Betty Friedan's *The Feminine Mystique* and reaching a high pitch ten years later with the televised mega event of the Battle of the Sexes the tennis match between Billie Jean King and Bobby Riggs the mass media were intimately involved with both the distribution and the understanding of the feminist message This mass media promotion of the feminist profile however proved to be a double edged sword according to Patricia Bradley author of *Mass Media and the Shaping of American Feminism 1963 1975* Although millions of women learned about feminism by way of the mass media detrimental stereotypes emerged overnight Often the events mounted by feminists to catch the media eye crystalized the negative image All feminists soon came to be portrayed in the popular culture as bra burners and strident women Such depictions not only demeaned the achievements of their movement but also limited discussion of feminism to those subjects the media considered worthy primarily equal pay for equal work Bradley's book examines the media traditions that served to curtail understandings of feminism Journalists following the craft formulas of their trade equated feminism with the bizarre and the unusual Even women journalists could not overcome the rules of What Makes News By the time Billie Jean King confronted Bobby Riggs on the tennis court feminism had become a commodity to be shaped to attract audiences Finally in mass media's pursuit of the new counter feminist messages came to replace feminism on the news agenda and helped set in place the conservative revolution of the 1980s Bradley offers insight into how mass media constructs images and why such images have the kind of ongoing strength that discourages young women of today from calling themselves feminist The author also asks how public issues are to be raised when those who ask the questions are negatively defined before the issues can even be discussed *Mass Media and the Shaping of American Feminism 1963 1975* examines the media's role in creating the images of feminism that continue today And it poses the dilemma of a call for systematic change in a mass media industry that does not have a place for systematic change in its agenda

**Research Handbook on Law, Movements and Social Change** Steven A. Boutcher, Corey S. Shdaimah, Michael W. Yarbrough, 2023-07-01 The study of law and social movements provides an ideal lens for rethinking fundamental questions about the relationship between law and power This Research Handbook takes up that challenge framing a new more global dynamic reflexive and contextualised phase of social movement

studies     **Feminist Media** Claire Sedgwick, 2020-08-07 *Feminist Media From the Second Wave to the Digital Age* analyses the relationship between second wave feminist media production and capitalism as well as identifying the tradition that can be drawn between second wave feminism Riot Grrrl and feminist blogging today There has been a recent re evaluation of the importance of second wave feminist media demonstrated by the digitization of *Spare Rib* by the British Library in 2015 However up until now research on the magazine has been limited This book analyses the relationship between *Spare Rib* and the capitalist publishing industry comparing it to American feminist magazine *Ms* The book argues that it is important to understand the cultural economies of the magazines as this had an impact on the assumed readership of the magazines therefore having an impact on the issues that were privileged The second half of the book charts a crucial and often overlooked link between feminist media production in the second wave and more contemporary forms of feminist media activism     *The Limitations of Social Media Feminism* Jessica Megarry, 2020-11-27 *MeToo* Digital networking Facebook groups Social media continues to be positioned by social movement scholars as an exciting new tool that has propelled feminism into a dynamic fourth wave of the movement But how does male power play out on social media and what is the political significance of women using male controlled and algorithmically curated platforms for feminism To answer these questions Megarry foregrounds an analysis of the practices and ethics of the historical Women's Liberation Movement WLM including the revolutionary characteristics of face to face organising and the development of an autonomous print culture Centering discussions of time space and surveillance she utilises radical and lesbian feminist theory to expose the contradictions between the political project of women's liberation and the dominant celebratory narratives of Web 2.0 This is the first book to seriously consider how social media perpetuates the enduring logic of patriarchy and how digital activism shapes women's oppression in the 21st century Drawing on interviews with intergenerational feminist activists from the UK the USA Australia Canada and New Zealand as well as archival and digital activist materials Megarry boldly concludes that feminists should abandon social media and return to the transformative powers of older forms of women centred political praxis This book will be of interest to scholars and students of Women's and Gender Studies Lesbian and Queer Studies Social Movement Studies Critical Internet Studies and Political Communication as well as anyone with an interest in feminist activism and the history of the WLM     **A Sourcebook of Canadian Media Law** Robert Martin, Gordon Stuart Adam, 1994 This edition examines the Canadian Constitution and its effect on the principle of freedom of expression The balance of the book directs attention to the laws that have been enacted that limit such freedom     *Crime and Local Television News* Jeremy H. Lipschultz, Michael L. Hilt, 2014-04-04 This book brings together the theory and practice of local TV news considering the coverage of crime for students in journalism mass comm media and society and other areas     **Online Misogyny as Hate Crime** Kim Barker, Olga Jurasz, 2018-12-07 The ideal of an inclusive and participatory Internet has been undermined by the rise of misogynistic abuse on social media platforms However limited progress has been made at national

and to an extent European levels in addressing this issue In England and Wales the tackling of underlying causes of online abuse has been overlooked because the law focuses on punishment rather than measures to prevent such abuses Furthermore online abuse has a significant impact on its victims that is underestimated by policymakers This volume critically analyses the legal provisions that are currently deployed to tackle forms of online misogyny and focuses on three aspects firstly the phenomenon of social media abuse secondly the poor and disparate legal responses to social media abuses and thirdly the similar failings of hate crime to tackle problems of online gender based abuses This book advances a compelling argument for legal changes to the existing hate crime and communications legislation      **Media Law and**

**Ethics** Roy L. Moore, Michael D. Murray, 2025-04-02 This fully revised seventh edition provides a thorough introduction to both the legal and ethical considerations relevant to students pursuing careers in media law and communication This comprehensive textbook integrates fundamental legal and ethical principles with cases and examples from both landmark moments and recent history It incorporates discussion of new technologies and media throughout its coverage of core topics such as intellectual property defamation and commercial speech This edition introduces readers to media law in comparative international communication and explores topics such as data mining artificial intelligence and the dark web Coverage of recent court cases and congressional hearings bring readers up to date on the evolving discussion surrounding Facebook X formerly Twitter TikTok and today's other major online sources This hybrid textbook is ideal for undergraduate and graduate courses in media and communication that combine law and ethics Online resources including sample syllabi and a test bank are available at [www.routledge.com](http://www.routledge.com) 9781032612928      **Online Anti-Rape Activism** Rachel Loney-Howes, 2020-08-17 The

ebook edition of this title is Open Access thanks to Knowledge Unlatched funding and freely available to read online This book examines the nature use and scope of online spaces for anti rape activism offering a critical commentary on its limitations and potentials      **New Feminisms in South Asian Social Media, Film, and Literature** Sonora Jha, Alka Kurian, 2017-10-18 This book is a study of the resurgence and re imagination of feminist discourse on gender and sexuality in South Asia as told through its cinematic literary and social media narratives It brings incisive and expert analyses of emerging disruptive articulations that represent an unprecedented surge of feminist response to the culture of sexual violence in South Asia Here scholars across disciplines and international borders chronicle the expressions of a disruptive feminist solidarity in contemporary South Asia They offer critical investigations of these newly complicated discourses across narrative forms hashtag activism on Facebook and Twitter the writings of diasporic writers such as Jhumpa Lahiri Bollywood films like Mardaani feminist Dalit narratives in the fiction of Bama Faustina social media activism against rape culture journalistic and cinematic articulations on queer rights state censorship of India's Daughter and feminist film activism in Bangladesh Kashmir Nepal and Sri Lanka      **Re-Presenting Feminist Methodologies** Kalpana Kannabiran, Padmini Swaminathan, 2017-03-16 This book tracks the trajectory of gender in the social sciences and humanities through an

exploration of the challenges and contradictions that confront contemporary feminist analysis as well as future directions. Drawing on research in India, the essays in the volume engage with the subject in imaginative ways, each one going beyond documenting the persistence of gender inequality, instead raising new questions and dilemmas while unravelling the complexities of the terrain. They also interrogate extant knowledge that has constructed women as agentless over the years, incapable of contesting or transforming social orders by taking a close look at gendered decision-making processes and outcomes, sex for pleasure, health care practices, content and context of formal schooling, or the developmental state that mainstreams gender. Do existing feminist methodologies enable the understanding of emerging themes as online sexual politics, transnational surrogacy, or masculinist anti-feminist sensibilities? The feminist methodologies delineated here will provide readers with a toolkit to assess the criticality of gender as well as its nuances. The work foregrounds the importance of intersectionality and builds a case for context-specific articulations of gender and societies that destabilize binary universals. This volume will be useful to scholars and researchers across the disciplines of the social sciences and humanities, especially gender studies, women's studies, feminism research, methodology, education, sociology, political science, and public policy.

Feminist Media Studies Alison Harvey, 2019-11-20. *Feminist Media Studies* is a cutting-edge introduction to the core and emerging theories, methods, and approaches in a field that has blossomed over the past twenty-five years. Adopting an intersectional approach, a framework concerning the interconnected character of oppression based on gender, race, class, and other constructed identities, Alison Harvey takes a global view of gendered practices in and around the media. She provides an accessible overview of classical and contemporary issues in media culture by exploring the past, present, and future of feminist media studies, accounting for changes in the media landscape from digital technologies and globalized media systems to emergent inequalities, discourses, and practices. By engaging with research from a diverse body of scholarship, this book situates feminist media studies as vital to researching and analysing a range of significant issues. The go-to textbook for a new generation of students as well as an important resource for scholars. *Feminist Media Studies* is both an exciting invitation to the field and a passionate call to arms.

*Making Feminist Media* Elizabeth Groeneveld, 2016-08-30. *Making Feminist Media* provides new ways of thinking about the vibrant media and craft cultures generated by Riot Grrrl and feminism's third wave. It focuses on a cluster of feminist publications including BUST, Bitch, HUES, Venus Zine, and Rockrgrrl that began as zines in the 1990s. By tracking their successes and failures, this book provides insight into the politics of feminism's recent past. *Making Feminist Media* brings together interviews with magazine editors, research from zine archives, and analysis of the advertising, articles, editorials, and letters to the editor found in third-wave feminist magazines. It situates these publications within the long history of feminist publishing in the United States and Canada and argues that third-wave feminist magazines share important continuities and breaks with their historical forerunners. These publishing lineages challenge the still dominant and hotly contested wave metaphor categorization of feminist culture. The stories

struggles and strategies of these magazines not only represent contemporary feminism they create and shape feminist cultures The publications provide a feminist counter public sphere in which the competing interests of editors writers readers and advertisers can interact Making Feminist Media argues that reading feminist magazines is far more than the consumption of information or entertainment it is a profoundly intimate and political activity that shapes how readers understand themselves and each other as feminist thinkers **Feminist Media History** M. DiCenzo,2010-11-24

Highlighting the contributions of feminist media history to media studies and related disciplines this book focuses on feminist periodicals emerging from or reacting to the Edwardian suffrage campaign and situates them in the context of current debates about the public sphere social movements and media history *Women's Studies* Linda Krikos,Cindy Ingold,2004-08-30 This truly monumental work maps the literature of women s studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts This definitive guide to the literature of women s studies is a must purchase for academic libraries that support women s studies programs and it is a useful addition to any academic or public library that endeavors to represent the field A team of subject specialists has taken on the immense task of documenting publications in the area of women s studies in the last decades of the 20th century The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Most reviews cite and describe similar and contrasting titles substantially extending the coverage Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts Taking up where the previous volume by Loeb Searing and Stineman left off this is the definitive guide to the literature of women s studies It is a must purchase for academic libraries that support women s studies programs and a welcome addition to any academic or public library that endeavors to represent the field

Constitutionalising Social Media Edoardo Celeste,Amélie Heldt,Clara Iglesias Keller,2022-06-30 This book explores to what extent constitutional principles are put under strain in the social media environment and how constitutional safeguards can be established for the actors and processes that govern this world in other words how to constitutionalise social media Millions of individuals around the world use social media to exercise a broad range of fundamental rights However the governance of online platforms may pose significant threats to our constitutional guarantees The chapters in this book bring

together a multi disciplinary group of experts from law political science and communication studies to examine the challenges of constitutionalising what today can be considered the modern public square The book analyses the ways in which online platforms exercise a sovereign authority within their digital realms and sheds light on the ambiguous relationship between social media platforms and state regulators The chapters critically examine multiple methods of constitutionalising social media arguing that the constitutional response to the global challenges generated by social media is necessarily plural and multilevel All topics are presented in an accessible way appealing to scholars and students in the fields of law political science and communication studies The book is an essential guide to understanding how to preserve constitutional safeguards in the social media environment
