Feminist Trouble Éléonore Lépinard, 2020 This is an open access title available under the terms of a CC BY NC ND 4.0 International license It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Feminism is in trouble For more than two decades Islamic veils niqabs and burkinis forced and arranged marriages polygamy and Sharia rules concerning women have been the object of intense public scrutiny and legal regulations in many Western countries especially in Europe and feminists have been actively engaged on

both sides of the debates In *Feminist Trouble* I onore L pinard draws on extended fieldwork with numerous women s organizations in France and Quebec Giving voice to women of color and white women L pinard dissects hierarchies of privilege in particular whiteness in feminist politics grappling with Islam and Islamic veiling debates to understand how these changes have transformed contemporary feminist movements intersectional politics and the feminist collective subject A critical look at feminism its divisions and its future *Feminist Trouble* argues that feminism should not be centered around an identity women but should instead focus on a feminist ethic of responsibility which reckons with power asymmetries and requires women to prioritize their ethical responsibility to the feminist project **Celebrity and the Feminist**

Blockbuster Anthea Taylor,2017-02-21 In the first book length study of celebrity feminism Anthea Taylor convincingly argues that the most visible feminists in the mediasphere have been authors of bestselling works of non fiction feminist blockbusters *Celebrity and The Feminist Blockbuster* explores how the authors of these popular feminist books have shaped the public identity of modern feminism in some cases over many decades Maintaining a distinction between women who are famous because of their feminism and those who later add feminism to their brand Taylor contends that Western celebrity feminism as a political mode of public subjectivity cannot in any simple way be seen as homologous with other forms of stardom Moving deftly from the 1960s to the present focusing on how feminist authors have actively worked to manufacture their public personas she demonstrates that the blockbuster remains crucial to feminist celebrification but is now often augmented with digital media Advancing celebrity studies by placing the figure of the feminist front and centre *Celebrity and the Feminist Blockbuster* is essential reading for all those interested in gender popular feminism and the politics of renown

Working with Affect in Feminist Readings Marianne Liljeström,Susanna Paasonen,2010-03-08 *Working with Affect in Feminist Readings Disturbing Differences* explores the place and function of affect in feminist knowledge production investigating what it means to work with and through affect as well as the kinds of ethical and methodological challenges that this involves Feminisms is Still Our Name Malin Hedley Hayden,Jessica Sjöholm Skrubbe,2020-05-22 *Feminisms* have played a crucial part in art art history and curatorial practices over the last forty years Hence it is by now imperative to scrutinize the history of feminist theories and methods within both fields *Feminisms is Still Our Name* is an anthology that critically debates the current status of feminisms in visual art and its relation to past art histories and possible feminist futures It brings together essays by leading scholars in order to meet the urgent need both for a critical historiography and for re vitalizations of feminist practices within written as well as visual narratives of modern and contemporary art From a variety of perspectives the editors and contributors to this book initiate a much needed debate about possible strategies for a renewal of feminisms in art history and curating At the same time it demonstrates the necessity of further explorations and research into the diversity of feminist pasts Indeed this volume provides strong arguments that historiographical critique is an inevitable part of any future feminism s In providing fresh approaches to such important fields as feminist art history and

feminist curating the essays assembled in *Feminisms is Still Our Name* will provoke fruitful discussion about the relation between academic and curatorial feminist practices Contributors Renee Baert Malin Hedlin Hayden Lolita Jablonskiene Amelia Jones Mary Kelly Griselda Pollock and Jessica Sjöholm Skrubbe [Split Decisions](#) Janet Halley, 2008-04-21 Janet Halley argues that the law and politics of sexuality involve deeply contested and clashing realities and interests We can understand some but not all of these conflicting stakes through feminism *Girls, Feminism, and Grassroots Literacies* Mary P. Sheridan-Rabideau, 2009-01-01 Winner of the 2010 Winifred Bryan Horner Outstanding Book Award presented by The Coalition of Women Scholars in the History of Rhetoric and Composition This book explores the rise and fall of a grassroots girl centered organization GirlZone which sought to make social change on a local level Whether skateboarding or designing Web pages celebrating in weekend GrrrlFests or producing a biweekly RadioGirl program participants in GirlZone came to understand themselves as competent actors in a variety of activities they had previously thought were closed off to them Drawing on six years of fieldwork examining GirlZone from its inception until its demise Mary P Sheridan Rabideau offers insights on the current state of and study of literacy in the extracurriculum She addresses how girls have become cultural flashpoints reflecting societal and particularly feminist anxieties and hopes about the present and the future Sheridan Rabideau does more than chronicle the pressure girls face she offers advice on how feminists cultural critics and activists can effect social change on local levels even in today's increasingly globalized contexts **Cautiously Hopeful** Marie Carrière, 2020-10-22 If feminism has always been characterized by its divisions it is metafeminism a term coined by Lori Saint Martin that defines and embraces that disorder As a carefully devised reading practice metafeminism understands contemporary feminist literature and theory as both recalling and extending the tropes and politics of the past In *Cautiously Hopeful* Marie Carrière brings together seemingly disparate writing by Anglo Canadian Indigenous and Québécois women authors under the banner of metafeminism Familiarizing readers with major streams of feminist thought including intersectionality affect theory and care ethics Carrière shows how literary works by such authors as Dionne Brand Nicole Brossard Naomi Fontaine Larissa Lai Tracey Lindberg and Rachel Zolf among others tackle the entanglement of gender with race settler invader colonialism heteronormativity positionality language and the posthuman condition Meanwhile tenable alliances among Indigenous women women of colour and settler feminist practitioners emerge Carrière's tone is personal and accessible throughout in itself a metafeminist gesture that both encompasses and surpasses a familiar feminist form of writing Despite the growing anti feminist backlash across media platforms and in various spheres of political and social life a hopefulness animates this timely work that like metafeminism stands alert to the challenges that feminism faces in its capacity to effect social change in the twenty first century **Third Wave Feminism** S. Gillis, G. Howie, R. Munford, 2007-04-17 This revised and expanded edition new in paperback provides a definitive collection on the current period in feminism known by many as the third wave Three sections genealogies and generations locales and locations

politics and popular culture interrogate the wave metaphor and through questioning the generational account of feminism indicate possible future trajectories for the feminist movement New to this edition are an interview with Luce Irigaray a foreword by Imelda Whelehan as well as newly commissioned chapters Mediating Australian Feminism Anthea Taylor, 2008 Helen Garner's *The First Stone* 1995 a non-fictional book about a sexual harassment case at a University of Melbourne residential college captured and maintained the Australian media's attention in an unprecedented way Its publication sparked extensive media commentary regarding an alleged generational war within Australian feminism While talkback radio current affairs television and cultural events such as literary festivals and forums all took part in this heated public contest over the meanings of feminism this book reconsiders how the debate played out in the Australian print media Analysing texts as diverse as feature articles and opinion pieces non-fiction by young feminists letters to the editor celebrity feminist profiles and articles as well as *The First Stone* itself this book offers the first in-depth analysis of this debate as a media event Refusing to adopt either a condemnatory or celebratory approach to the complex relationship between feminism and media culture it argues that the *First Stone* media event is indicative of the limitations and the opportunities proffered by the mediatisation of contemporary feminism *Mediating Australian Feminism* provides insights that will be valuable to scholars interested in feminism journalism and news culture literary reception and the politics of media representation

Orienting Feminism Catherine Dale, Rosemary Overell, 2018-03-09 This edited collection explores the meaning of feminism in the contemporary moment which is constituted primarily by action but also uncertainty The book focuses on feminist modes of activism as well as media and cultural representation to ask questions about organising representing and articulating feminist politics In particular it tackles the intersections between media technologies and gendered identities with contributions that cover topics such as twerking trigger warnings and trans identities This volume directly addresses topical issues in feminism and is a valuable asset to scholars of gender media and sexuality studies **Governance**

Feminism Janet Halley, Prabha Kotiswaran, Rachel Rebouché, Hila Shamir, 2019-03-26 An interdisciplinary multifaceted look at feminist engagements with governance across the global North and global South *Governance Feminism Notes from the Field* brings together nineteen chapters from leading feminist scholars and activists to critically describe and assess contemporary feminist engagements with state and state-like power Gathering examples from North America South America Europe Asia and the Middle East it complements and expands on the companion volume *Governance Feminism* An Introduction Its chapters argue that governance feminism GF is institutionally diverse and globally distributed emerging from traditional sites of state power as well as from various forms of governance and operating at the grassroots level in the private sector in civil society and in international relations The book begins by confronting the key role that crime and punishment play in GFeminist projects Here contributors explore the ideological and political conditions under which this branch of GF became so robust and rethink the carceral turn Other chapters speak to another face of GFeminism feminists

finding in mundane and seemingly unspectacular bureaucratic tools leverage to bring about change in policy and governance practices Several contributions highlight the political strategic and ethical challenges that feminists and LGBT activists must negotiate to play on the governmental field The book concludes with a focus on feminist interventions in postcolonial legal and political orders looking at new policy spaces opened up by conflict postconflict and occupation Providing a clear cross cutting critical lens through which to map developments in feminist governance around the world Governance Feminism Notes from the Field makes sense of the costs and benefits of current feminist realities to reimagine feminist futures Contributors Libby Adler Northeastern U Aziza Ahmed Northeastern U Elizabeth Bernstein Barnard College Amy J Cohen Ohio State U Karen Engle U of Texas at Austin Jacob Gersen Harvard U Leigh Goodmark U of Maryland Aeyal Gross Tel Aviv U Aya Gruber U of Colorado Boulder Janet Halley Harvard U Rema Hammami Birzeit U Palestine Vanja Hamzi U of London Isabel Cristina Jaramillo Sierra Prabha Kotiswaran King s College London Maleiha Malik King s College London Vasuki Nesiah New York U Dianne Otto Melbourne Law School Helen Reece Darren Rosenblum Pace U Jeannie Suk Gersen Harvard U Mariana Valverde U of Toronto

egalitarian political and social ideals Suzanne Bordelon offers a scholarly and well informed treatment of Buck's achievements that elucidates the historical and contemporary impact of her work and life Bordelon argues that while Buck did not call herself a feminist she embodied feminist ideals by demanding the full participation of her female students and by challenging power imbalances at every academic social and political level *A Feminist Legacy* reveals that Vassar College is an undervalued but significant site in the history of women's argumentation and pedagogy Drawing on a rich variety of archival sources including previously unexamined primary material *A Feminist Legacy* traces the beginnings of feminist theories of argumentation and pedagogy and their lasting legacy within the fields of education and rhetoric Third-Wave Feminism and the Politics of Gender in Late Modernity S. Jewish Feminism Esther Fuchs, 2018-03-12 In the last three decades hundreds of books and essays have been published on women gender and Jewish Studies This burgeoning scholarship has not been adequately theorized contextualized or historicized This book argues that Jewish feminist studies is currently constrained by multiple frames of reference that require re examination a self critical awareness and a serious reflective inquiry into the models paradigms and assumptions that inform shape and define this area of academic interest This book is the first critical analysis of Jewish feminist scholarship tracing it from its tentative beginnings in the late 1970s to contemporary academic articulations of its

disciplinary projects It focuses on the assumptions evasions omissions inconsistencies and gaps in this scholarship and notably the absence of debate contestation and interrogation of authoritative articulations of its presumed goals investments and priorities The book teases out implicit thinking about mapping direction and orientation from introductions to leading anthologies and engages critically with the few explicitly theoretical works on Jewish feminist studies contesting ideas that have become hegemonic in some areas and interrogating the limitations these theories impose on future trajectories in Jewish feminist studies Each chapter outlines the theoretical assumptions that inform salient publications in the field providing a close reading of scholarly texts that justify certain practices The book is divided into four chapters each of which focuses on a different frame of reference It outlines the way in which the various frames that have so far been imposed on Jewish feminism the ethnocentric liberal personal masculinist and essentialist have arrested its theoretical elaboration and articulation The book includes both interdisciplinary anthologies on gender and Jewish identity and disciplinary publications in history literature philosophy cultural studies and Holocaust studies
