The Routledge Companion to Global Comparative Literature Zhang Longxi, Omid Azadibougar, 2025-04-29 The Routledge Companion to Global Comparative Literature is a collection of papers by influential scholars who are engaged in comparative literary studies and addresses a central and highly important question about the discipline if Eurocentrism has been integral to comparative literature and if the world we live in is undergoing radical changes then how can or should the discipline change to overcome this problem of the discipline as well as of literary history to accommodate non Western traditions Addressing this significant matter and taking different approaches in response to the state of the discipline the papers in this volume offer diverse ways of overcoming Eurocentrism the role of institutions and the changes they need to undergo possible ways of practicing a truly global comparative literature the history of the discipline outside Europe premodern histories of ideas and the non European origins of modernity translation orientalism and area studies publishing and literary circulation and modern technologies and their impact on literary dissemination and the discipline This collection assesses comparative literature at a timely historical moment and will broaden the field by addressing the students and scholars of comparative literary studies all over the world with significant hints for more inclusive histories of world literature

Lore and Verse Yue Zhang, 2022-01-01 Lore and Verse is the first English language book dedicated entirely to studying poems on history yongshi shi in premodern China Focusing on works by poets from the entire range of early medieval China 220-589 Yue Zhang explores how history was disseminated and interpreted through poetry as well as how and why certain historical figures were commemorated in poetry In writing poems on history poets retrospectively crafted their own identities through their celebration of historical figures and they prospectively fortified a continuous lineage for transmitting their values and reputation to future generations This continuous tradition of cultural memory informs a poet's reception of historical figures which in turn shapes that tradition through further intertextual connections Lore and Verse questions the sweeping generalization of early medieval Chinese poetry as consisting mainly of

exuberant images and an ornamental style an inaccurate characterization repeated by later historians and literary critics and it provides translations close readings and analyses of selected poems on history that will be useful for students instructors and general readers interested in premodern Chinese literature and culture *Shifting Stories* Sarah M. Allen,2020-10-26 *Shifting Stories* explores the tale literature of eighth and ninth century China to show how the written tales we have today grew out of a fluid culture of hearsay that circulated within elite society Sarah M Allen focuses on two main types of tales those based in gossip about recognizable public figures and those developed out of lore concerning the occult She demonstrates how writers borrowed and adapted stories and plots already in circulation and how they transformed them in some instances into unique and artfully wrought tales For most readers of that era tales remained open texts subject to revision by many hands over the course of transmission unconstrained by considerations of textual integrity or authorship Only in the mid to late ninth century did some readers and editors come to see the particular wording and authorship of a tale as important a shift that ultimately led to the formation of the Tang tale canon as it is envisioned today
