Agonistic Features of Local Greek Festivals Chiefly from Inscriptional Evidence Irene Cecilie Ringwood, 1927 **Greek Festivals, Modern and Ancient** Evy Johanne Håland, 2017-06-20 This volume represents a multi faceted cross period product of fieldwork conducted in contemporary Greece in combination with ancient sources Based on a comparative analysis of important religious festivals and life cycle rituals the book investigates the importance of cults connected with the Greek female sphere and its relation to the official male dominated ideology Within these festivals are encountered supplementary complementary or competing ideologies connected with men and women and it is shown that there is not a one way power structure or male dominance within Greek culture but rather competing powers linked to the two sexes and their respective spheres In addition to gender the book also explores the relationship between the great and little societies in the form of official and popular religion As such it will serve to broaden the reader s knowledge of ancient but also modern society because it concerns the relationship between various spheres of life which each possess their own competing and overlapping but also co existing value systems **A Day in Old Athens** William Stearns Davis, 1914 **The Cambridge Companion to Ancient Athens** Jenifer Neils, Dylan K.
