Uncovering Food Poverty in Ireland Michael Drew,2022-05-26 Offering a much needed analysis of the overlooked crisis of food poverty in Ireland this book brings together the complex picture emerging from interviews with users of food aid explores the international landscape of food poverty and what action should be taken *Advertising and Consumer Culture in Ireland, 1922-1962* Stephanie Rains,2022-08-13 This book explores advertising and consumer culture as key aspects of everyday life and national culture in twentieth century Ireland It makes a particular argument that the presence of anti materialist rhetoric in some parts of Irish public life after Independence has obscured the existence of a lively consumer culture throughout the period as evident in the many advertisements which supported Irish newspapers and magazines the jingles broadcast on Irish radio and the neon advertising signs and billboards on Irish streets The book focuses on the development of the advertising industry itself and the sophisticated ways in which it worked to associate consumption with national pride It also considers the advertising of Irish homes and home appliances as an important focus of consumption and the targeting of Irish women as the principal consumers in those homes as well as publicity stunts and advertising in public space and the form and style of commercial broadcasting and sponsored programming from the earliest days of Irish radio It finishes with an examination of the opposite extremes of consumer abundance displayed in the annual Christmas advertising as opposed to the consumer culture response to shortages during World War Two Memory Ireland Oona

Frawley,2012-03-29 In the second volume of a series that will ultimately include four the authors consider Irish diasporic memory and memory practices While the Irish diaspora has become the subject of a wide range of scholarship there has been little work focused on its relationship to memory The first half of the volume asks how diasporic memory functions in different places and times and what forms it takes on As an island nation with a history of emigration Ireland has developed a rich diasporic cultural memory one that draws on multiple traditions and historiographies of both home and away Native traditions are not imported wholesale but instead develop their own curious hybridity reflecting the nature of emigrant memory that absorbs new ways of thinking about home How do immigrants remember their homeland How do descendants of immigrants remember a land they rarely visit How does diasporic memory pass through families and how is it represented in cultural forms such as literature festivals and souvenirs In its second half this volume shifts its attention to the concept of memory practices ways of cultural remembering that result from and are shaped by particular cultural forms Many of these cultural forms embody memory materially through language music and photography and because of their distinctive expressions of culture give rise to distinctive memory practices Gathering the leading voices in Irish studies this volume opens new pathways into the body of Irish cultural memory demonstrating time and again the ways in which memory is supported by the negotiations of individuals within wider cultural contexts Contributors include Aidan Arrowsmith Hasia Diner Joep Leerssen Paul Muldoon Nuala N Dhomhnaill *Hungering for America* Hasia R. DINER,2009-06-30 Millions of immigrants were drawn to American shores not by the mythic streets paved with gold but rather by its tables heaped with food How they experienced the realities of America s abundant food its meat and white bread its butter and cheese fruits and vegetables coffee and beer reflected their earlier deprivations and shaped their ethnic practices in the new land *Hungering for America* tells the stories of three distinctive groups and their unique culinary dramas Italian immigrants transformed the food of their upper classes and of sacred days into a generic Italian food that inspired community pride and cohesion Irish immigrants in contrast loath to mimic the foodways of the Protestant British elite diminished food as a marker of ethnicity And East European Jews who venerated food as the vital center around which family and religious practice gathered found that dietary restrictions jarred with America s boundless choices These tales of immigrants in their old worlds and in the new demonstrate the role of hunger in driving migration and the significance of food in cementing ethnic identity and community Hasia Diner confirms the well worn adage Tell me what you eat and I will tell you what you are *Rick Steves Best of Ireland* Rick Steves,Pat O'Connor,2023-11-14 Hit Ireland s can t miss sights bites and history in two weeks or less with Rick Steves Best of Ireland Strategic advice from Rick Steves on what s worth your time and money Two day itineraries covering Dublin Kilkenny Kinsale Kenmare and the Ring of Kerry Dingle Town and Peninsula County Clare Galway Aran Islands Belfast Portrush and the Antrim Coast Rick s tips for beating the crowds skipping lines and avoiding tourist traps The best of local culture flavors and more including insightful walks through the most interesting neighborhoods and museums Trip
