Peter Salovey,1991-02-15 After decades of banishment to popular magazines and advice columns jealousy and envy have emerged as legitimate topics of scientific inquiry This volume includes chapters from nearly every major contributor to the psychological literature in this area From emotional and cognitive processes that underlie jealousy and envy to the ways

these emotions are experienced and expressed within close relationships to family societal and cultural contexts the volume offers a definitive statement of current theory and research **The Philosophy of Schooling** Robin Barrow,2015-06-03

This book first published in 1981 provides a penetrating and lucid introduction to the philosophy of education The emphasis on schooling rather than education draws attention to the broad spectrum of the book recognising that schools generally do more than educate Dr Barrow specifically addresses himself to the larger question of what schools are for and what they should do This book will be of interest both to students of philosophy and students of education **We Can Talk About It**

Elyse De Madaler,2004 Align Your Mind Britt Frank, LSCSW,2025-05-13 Meet your inner critic your inner teen and your inner shadow in this engaging guide to taming anxiety healing trauma and overcoming self doubt with Parts Work What is Parts Work You contain multitudes At any given moment your inner critic might be questioning whether you re an imposter and your inner child might be yearning for compassion and self care These parts don t make you broken they make you human Parts Work allows you an all access pass to wholeness by understanding befriending and leading the multiple voices within yourself In this eye opening and practical guide psychotherapist Britt Frank introduces you to your parts from impulsive inner parts and shadowy hidden parts to your inner child and more You ll learn to listen to the conversations inside yourself and identify the core needs behind your habits and behaviors Using tools and exercises ranging from self dialogue to embodiment techniques and more you ll discover new ways to nurture and harmonize these inner voices even when you feel overwhelmed and low in motivation Grounded in the latest research on Parts Work and Internal Family Systems and offering proven techniques from Frank s clinical practice and personal challenges this engaging guide is a user manual to your own mind and presents a road map for finding peace confidence and a deeper understanding of who you truly are *Reason and Action* Bruce Aune,1977-09-30 Philosophers writing on the subject of human action have found it tempting to introduce their subject by raising Wittgenstein s question What is left over if you subtract the fact that my arm goes up from the fact that I raise my arm The presumption is that something of particular interest is involved in an action of raising an arm that is not present in a mere bodily movement and the philosopher s task is to specify just what this is Unfortunately such an approach does not take us very far since a person could properly be said to raise his or her arm while asleep or hypnotized even though he or she would not be performing an action in the sense of action with which philosophers are particularly concerned To avoid this kind of difficulty I shall approach the subject of human action in a more academic way I shall expound some important rival theories of human action and introduce the relevant issues by commenting critically on those theories One of the issues I eventually introduce is a metaphysical one A theory of action makes sense I contend only on the assumption that there are such things as actions or events After considering some key arguments bearing on the issue I conclude that as matters currently stand in philosophy a metaphysically noncommittal attitude toward actions and events seems justified
