Fellini Satyricon:

Federico Fellini Tullio Kezich,2006 Sample Text **On the Set of Fellini Satyricon** Eileen Lanouette Hughes,1971

Political Fellini Andrea Minuz,2015-10-01 Federico Fellini is often considered a disengaged filmmaker interested in self referential dreams and grotesquerie rather than contemporary politics This book challenges that myth by examining the filmmaker s reception in Italy and by exploring his films in the context of significant political debates By conceiving Fellini s cinema as an individual expression of the nation s mythical biography the director s most celebrated themes and images a nostalgia for childhood unattainable female figures fantasy the circus carnival become symbols of Italy s traumatic modernity and perpetual adolescence Classical Myth & Culture in the Cinema Martin M. Winkler,2001 This title comprises a collection of essays presenting a variety of approaches to films set in Ancient Greece and Rome and to films that reflect archetypal features of classical literature The book illustrates the continuing presence of antiquity in the most varied and influential medium of modern popular culture The diversity of content and theoretical stances found in this work should make this volume required reading for scholars and students interested in the presence of Greece and Rome in modern popular culture The Ancient World in the Cinema Jon Solomon,Robert D Novak Professor of Western Civilization and Culture Jon Solomon,2001-01-01 This entertaining and useful book provides a comprehensive survey of films about the ancient world from The Last Days of Pompeii to Gladiator Jon Solomon catalogues describes and evaluates films set in ancient Greece and Rome films about Greek and Roman history and mythology films of the Old and New Testaments films set in ancient Egypt Babylon and Persia films of ancient tragedies comic films set in the ancient world and more The book has been updated to include feature films and made for television movies produced in the past two decades More than two hundred photographs illustrate both the films themselves and the ancient sources from which their imagery derives Federico Fellini Hava Aldouby,2013-01-01 Aldouby employs an innovative pictorial approach that allows her to uncover a wealth of visual evocations overlooked by Fellini scholars over the years *Classical Myth and Culture in the Cinema* Martin M. Winkler Professor of Classics George Mason University,2001-05-29 Classical Myth and Culture in the Cinema is a collection of essays presenting a variety of approaches to films set in ancient Greece and Rome and to films that reflect archetypal features of classical literature The diversity of content and theoretical stances found in this volume will make it required reading for scholars and students interested in interdisciplinary approaches to text and image **Fellini's Eternal Rome** Alessandro Carrera,2018-12-13 Winner of the2019 Flaiano Prize in the category Italian Studies In Fellini s Eternal Rome Alessandro Carrera explores the co existence and conflict of paganism and Christianity in the works of Federico Fellini By combining source analysis cultural history and jargon free psychoanalytic film theory Carrera introduces the reader to a new appreciation of Fellini s work Life affirming Franciscanism and repressive Counter Reformation dogmatism live side by side in Fellini s films although he clearly tends toward the former and resents the latter The fascination with pre Christian Rome

shines through *La Dolce Vita* and finds its culmination in *Fellini Satyricon* the most audacious attempt to imagine what the West would be if Christianity had never replaced classical Rome Minimal clues point toward a careful extremely subtle use of classical texts and motifs Fellini's interest in the classics culminates in *Olympus* a treatment of Hesiod's *Theogony* for a never realized TV miniseries on Greek mythology here introduced for the first time to an English speaking readership Fellini's recurrent dream of the Mediterranean Goddess is shaped by the phantasmatic projection of paganism that Christianity created as its convenient Other His characters long for a maternal space where they will be protected from mortality and left free to roam Yet Fellini shows how such maternal space constantly fails not because the Church has erased it but because the utopia of unlimited enjoyment is a self defeating fantasy

sources *The Cinema of Federico Fellini* Peter Bondanella, 2021-01-12 This major artistic biography of Federico Fellini shows how his exuberant imagination has been shaped by popular culture literature and his encounter with the ideas of C G Jung especially Jungian dream interpretation Covering Fellini's entire career the book links his mature accomplishments to his first employment as a cartoonist gagman and sketch artist during the Fascist era and his development as a leading neo realist scriptwriter Peter Bondanella thoroughly explores key Fellinian themes to reveal the director's growth not only as an artistic master of the visual image but also as an astute interpreter of culture and politics Throughout the book Bondanella draws on a new archive of several dozen manuscripts obtained from Fellini and his scriptwriters These previously unexamined documents allow a comprehensive treatment of Fellini's important part in the rise of Italian neorealism and the even more decisive role that he played in the evolution of Italian cinema beyond neorealism in the 1950s By probing Fellini's recurring themes Bondanella reinterprets the visual qualities of the director's body of work and also discloses in the films a critical and intellectual vitality often hidden by Fellini's reputation as a storyteller and entertainer After two chapters on Fellini's precinematic career the book covers all the films to date in analytical chapters arranged by topic Fellini and his growth beyond his neorealist apprenticeship dreams and metacinema literature and cinema Fellini and politics Fellini and the image of women and *La voce della luna* and the cinema of poetry **Tradition, Translation, Trauma** Jan

Stubbs, 2015-11-13 *Federico Fellini as Auteur* Seven Aspects of His Films offers a comprehensive auteurist study of the renowned Italian director Film scholar John C Stubbs dispenses with a traditional film career review of the man focusing instead on the key elements of the filmmaker's style the influence of Carl Jung and dreams the autobiographical depiction of childhood and adolescence the portrait of the artist the filmmaker's working relationship with his wife Fellini's comic strategies and his adaptation of works by others Each of the aspects is fully contextualized This examination of the critical elements in Fellini films offers a better understanding of the artistry that is uniquely Fellini **A Bibliography of**
