## **Feminism And The Politics Of Reading:**

*Feminism and the Politics of Reading* Lynne Pearce, 1997 *Feminism and the Politics of Reading* is the first major work to theorize the processes and practices of reading within a gendered context Looking at what it is to be a self conscious feminist reader and at what happens when that feminism is off duty Lynne Pearce engages with a wide range of literary and visual texts to explore the complex personal and political implications of what we do every time we read Reading Rights Karen Dale Zivi, 2001 Feminism and the Politics of Literary Reputation Charlotte Templin, 1995 Soon after its publication in 1973 *Fear of Flying* brought Erica Jong immense popular success and media fame Alternately pegged sassy and vulgar Jong's novel embraced the politics of the women's liberation movement and challenged the definition of female sexuality Yet today more than twenty years and several books later literary reputation continues for the most part to elude Jong Typecast by her adversaries as a media seeking sensationalist Erica Jong has been unfairly side stepped by academia Charlotte Templin contends In this carefully researched study augmented by personal interviews with Jong Templin assembles and analyzes the medley of responses to Jong's books by reviewers critics writers academics and the media by liberals conservatives and feminists She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying* the invocation of a high culture low culture dichotomy to discredit *How to Save Your Own Life* the anatomy of literary success with Fanny Jong's reception in a postfeminist age and the trivialization of Jong's works that is inevitable with mass media exposure Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman In turn she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time The first book to make a detailed examination of the reputation of a woman writer *Feminism and the Politics of Literary Reputation* provides an excellent case study for the literary reception of women writers within a broad cultural context Templin's analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores

*Faulkner and the Politics of Reading* Karl F. Zender, 2023-10-18 With this study Karl F Zender offers fresh readings of individual novels themes and motifs while also assessing the impact of recent politicized interpretations on our understanding of Faulkner's achievement Sympathetically acknowledging the need to decenter the canon Zender's searching interrogation of current theory clears a breathing space for Faulkner and his readers between the fustier remnants of New Criticism and the excesses of post structuralism Each chapter opens with a balanced presentation of the genuine gifts contemporary theory has bestowed on our comprehension of a particular novel or problem in Faulkner criticism and then proceeds with a groundbreaking reading The Politics of Incest challenges older psychoanalytic interpretations of Faulkner's use of the incest motif and Faulkner's *Privacy* defends the novelist's difficulty or reticence as an aesthetic resistance against

the rude candor of deregionalized and depersonalized culture Subsequent chapters take up the volatile issues of Faulkner's representations of women and of African Americans and a close reading of the classic *Barn Burning* critiques the current tendency to blur the concepts of patriarchy and paternity The elegiac final chapter *Where is Yoknapatawpha County* draws on a comparison with John Updike's *Pennsylvania* fiction and a reading of Joan Williams's *The Wintering* to explore Faulkner's disinclination to represent the quotidian realities of southern life in his later novels Zender shows that Faulkner's stylistic withdrawal attempts to transform into beauty his alienation from the postwar world and his fear of aging That Faulkner and the Politics of Reading itself recovers and gives new luster to Faulkner's beauty will surely please in the author's words those readers for whom literature is less a mechanism of social change than a source of pleasure The originality of its critical vision will inspire Faulkner scholars students of American literature and general readers

Paul B. Armstrong, 2018-07-05 Classrooms and curricula should be structured to foster the playful interaction that can teach students how to negotiate social and political differences in an emancipatory noncoercive manner Teaching reading as a playful exercise of reciprocity with otherness can help prepare students for a democracy understood as a community of communities from the Pedagogical Postscript Reading is socially useful in Paul B Armstrong's view and can model democratic interaction by a community unconstrained by the need to build consensus but aware of the dangers of violence irrationality and anarchy Reading requires mutual recognition but need not culminate in agreement Armstrong says instead the social potential of reading arises from the active exchange of attitudes ideas and values between author and reader and among readers Play and the Politics of Reading which has important implications for education draws on Wolfgang Iser's notion of free play to offer a valuable response to social problems Armstrong finds that Joseph Conrad E M Forster Henry James and James Joyce provide apt examples of the politics of reading for reasons both literary and political In making the transition from realism to modernism these authors experimented with narrative strategies that seek simultaneously to represent the world and to question the means of representation itself The formal ambiguities and complexities of such texts as *Howards End* and *Ulysses* are ways of staging for the reader the difficulties and opportunities of a world of differences Innovative formal structures challenge readers to reconsider their assumptions and beliefs about social issues

within early modern British colonialist discourses The book offers a genealogy of colonialist spectatorship and examines the ideologies originating within both public and private colonial spheres Through a comparison of the discourses about and by women one can see the continuation of patriarchal injunctions within Western protofeminist discourses Economic ethical colonial patriarchal and protofeminist polemics thus reached to and shaped one another and this book is a record of the complex ways in which gender discourses and colonialist discourses intersected to create a colonialist spectatorship that constituted non Western and female subjects as spectacular and needing discipline The insights on Western protofeminists and their crisis of self representation as subjects versus objects of discourse also further the examination of women s history in the colonial arena *Reading Between the Lines* Denise Thompson,1991 A comprehensive survey of the development of feminist theories of sexuality from *The Feminine Mystique* to the current debates It examines the sexual culture of patriarchy and early radical feminist theory around lesbianism heterosexuality and celibacy **Diffractional Reading** Kai

Merten,2021-05-27 Putting the New Materialist figure of diffraction to use in a set of readings in which cultural texts are materially read against their contents and their themes against their readers or against other texts this volume proposes a criticalintervention into the practice of reading itself In this book reading and reading methodology are probed for their materiality and re considered as being inevitably suspended between or diffracted with both matter and discourse The history of literary and cultural reading including poststructuralism and critical theory is revisited in a new light and opened up for a future in which the world and reading are no longer regarded as conveniently separate spheres but recognized as deeply entangled and intertwined *Diffractional Reading* ultimately represents a new reading of reading itself firstly by critiquing the distanced perspective of critical paradigms such as translation and intertextuality in which texts encountered processed or otherwise subdued secondly showing how all literary and cultural readings represent different agential cuts in the world text reader constellation which is always both discursive and material and thirdly the volume materializes dynamizes and politicizes the activity of reading by drawing attention to reading s intervention in and co creation of the world in which we live **Reading Acts in the Discourses of Masculinity and Politics** Eric Barreto,Matthew L.

circumcision of Timothy Together the essays provide a tightly woven and deeply textured analysis of Acts The dialogue form of essay and response will encourage readers to develop their own critiques of the points raised in the collection as a whole

Academic Reading - Second Edition Janet Giltrow,2002-03-21 This reader has been designed to accompany Giltrow s Academic Writing one of the key principles of which is that there is a close connection between the processes of reading and of writing academic prose Each reading is preceded by introductory commentary questions and suggestions for discussion and the book also includes a brief general introduction As with Giltrow s Academic Writing her Academic Reading is a challenging text At its core are examples of actual academic writing of the sort that students must learn to deal with daily and to write themselves As newcomers to the scholarly community students can find that community s ways of reading and writing mysterious unpredictable and intimidating Academic Reading demystifies the scholarly genres shedding light on their discursive conventions Throughout Academic Reading respects the student writer it engages the reader s interest without ever condescending and it avoids entirely the arbitrary and the dogmatic The second edition is expanded to include twenty one selections nineteen of which come from scholarly publications and more than half of which are new to this edition

*Radicalizing Lawrence* Robert Burden,2000 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned leadership novels because strong readings have always contested the meaning and significance of Lawrence and because there has been a persistent reluctance to approach his writing through post structuralist theory This study demonstrates in some detail that once Lawrence s texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization This enables a radicalizing of Lawrence s fiction by drawing out its deconstructive effects on his myth making and essentialist notions of the self The sexual identities represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work The different approaches to Lawrence s writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored What emerges is a more self deconstructive Lawrence with some surprising results

**A Womanist Reading of Hebrew Bible Narratives as the Politics of Belonging from an Outsider Within** Vanessa Lovelace,2024-05-29 The U S Declaration of Independence of

1776 decreed that all men were created equal and were endowed by their Creator with certain unalienable Rights Yet U S born free and enslaved Black people were not recognized as citizens with equal protections under the law until the passage of the Fourteenth Amendment Even then White supremacists impeded the equal rights of Black people as citizens due to their beliefs in the inferiority of Black people and that America was a nation for White people White supremacists turned to biblical passages to lend divine justification for their views A Womanist Reading of Hebrew Bible Narratives as the Politics of Belonging from an Outsider Within analyzes select biblical narratives including Noah s curse in Genesis 9 Sarah and Hagar in Genesis 16 and 21 Mother in Israel in Judges 5 and Jezebel Phoenician Princess and Queen of Israel in 1 and 2 Kings This analysis demonstrates how these narratives were first used by ancient biblical writers to include some and exclude others as members of the nation of Israel and then appropriated by White supremacists in the antebellum era and the early twentieth century to do the same in America The book analyzes the simultaneously intersecting and interconnecting dynamics among race gender class and sexuality and biblical narratives to construct boundaries between us versus them particularly the politicization of motherhood to deny certain groups inclusion
