Feminist Revision And The Bible:

Feminist Revision and the Bible Alicia Ostriker, 1993-01-01 Feminist Revision and the Bible Alicia Suskin Ostriker, 1993-03-02 What happens when women writers re imagine culture How do feminists need that ur text of patriarchy the Bible Unwritten volume Re thinking teh Bible attempts to re think certain customary assumptions about feminism and about the Bible in the light of poetic readings of biblical texts by 19th and 20th century women writers The author proposes that women writers relate to the Bible in complex ways which both critique biblical misogyny and stem directly from elements of transgressive writing within scripture iteself Ultimately Ostriker suggests that feminist reinterpretations of scripture are the inevitable consequence of spiritual values which ask us to turn from institutions to the meaning of the original revelation The Disobedient Writer Nancy A. Walker, 1995 For centuries women who aspired to write had to enter a largely male literary tradition that offered few if any literary forms in which to express their perspectives on lived experience Since the nineteenth century however women writers and readers have been producing disobedient counter narratives that while clearly making reference to the original texts overturn their basic assumptions This book looks at both canonical and non canonical works over a variety of fiction and nonfiction genres that offer counter readings of familiar Western narratives Nancy Walker begins by probing women s revisions of two narrative traditions pervasive in Western culture the biblical story of Adam and Eve and the traditional fairy tales that have served as paradigms of women s behavior and expectations She goes on to examine the works of a wide range of writers from contemporaries Marilynne Robinson Ursula Le Guin Anne Sexton Fay Weldon Angela Carter and Margaret Atwood to precursors Caroline Kirkland Fanny Fern Mary De Morgan Mary Louisa Molesworth Edith Nesbit and Evelyn Sharp **The Bible and Feminism** Yvonne Sherwood, Anna Fisk, 2017 This collection provides readers with a concise high level introduction to the field of feminist and gender biblical criticism It consists of 36 chapters which tackle a wide range of new theoretical and methodological movements *An A-Z of Feminist Theology* Lisa Isherwood, Dorothea McEwan, 2016-10-06 This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology There are entries on all the major themes of Christian feminist theology including models of God and of the Church ethics and spirituality sexuality and liberation Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse Together they present the far reaching concerns of feminist theology in an accessible and stimulating way The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who are interested in this field of reflection and activity Feminist Biblical Studies in the Twentieth Century Elisabeth Schüssler Fiorenza, 2014-06-26 Chart the development of feminist approaches and theories of interpretation during the period when women first joined the ranks of biblical scholars This collection of essays on feminist biblical studies in the twentieth century seeks to explore four areas of inquiry demanding further investigation In the first section articles chart the

beginnings and developments of feminist biblical studies as a conversation among feminists around the world The second section introduces reviews and discusses the hermeneutic religious spaces created by feminist biblical studies The third segment discusses academic methods of reading and interpretation that dismantle androcentric language and kyriarchal authority The fourth section returns to the first with work that transgresses academic boundaries in order to exemplify the transforming inspiring and institutionalizing feminist work that has been and is being done to change religious mindsets of domination and to enable women to engage in critical readings of the Bible Features Essays examine the rupture or break in the malestream reception history of the Bible Exploration of the term feminism in different social cultural and theoretical religious locations Authors from around the world present research and future directions for research challenging the next generation of feminist interpreters

Feminist Reconstructions of Christian Doctrine Kathryn Greene-McCreight, 2000-03-09 What is the relationship between feminist theology and classical Christian theology Is feminist theology Christian and if so in what respect and to what extent This study seeks to analyze and evaluate the relation of feminist reconstructions to traditional Christian teaching Greene-McCreight uses the extent to which the biblical depiction of God is allowed to guide theological hermeneutics as a test of orthodoxy She looks at the writings of a wide range of contemporary feminist theologians discusses their doctrinal patterns and demonstrates how the Bible is used in undergirding their theological reconstructions

Feminist Biblical Interpretation in Theological Context J'annine Jobling, 2020-09-10 This title was first published in 2002 The premise of the text is that there is a continuing need for biblical hermeneutic proposals and frameworks which emerge from the fields of both feminism and Christian theology Feminism the author asserts demands not only the plotting of new routes but the restructuring of entire landscapes As such this project since it seeks to develop a feminist theological frame for meaning impinges on and is impacted by innumerable interrelating questions In consequence the scope of the book is necessarily both broad and interdisciplinary The author J'annine Jobling uses particular texts and has articulated her own positions in response In this way the embodied practice of thinking in relation is mirrored in the texts produced This has determined the macro structure of the thesis which is based on an analysis of two feminist biblical scholars Elisabeth Schussler Fionenza and Phyllis Trible From this analysis Jobling identifies two

primary principles for interpretation remembrance and destabilization This is a strategy which allows both materialist and post structuralist perspectives to be set into play each of which has vital contributions to make to feminist enterprises The Bible is understood as matrix as a set of discourses which are permeable to and intersect with other cultural discourses The task of feminist interpretation is then to reconstitute the heterogenous biblical matrix in feminist horizons A fundamental tenet of the book is that hermeneutics inhabits particular metaphysical constructs Therefore the argument extends from an interpretation of the Bible to an epistemological framework in which an eschatological hereneutic is recommended to a metaphysical framework which takes eschatology as its structuring principle The author argues that it is eschatology which can provide the resources for an ontological model radically disruptive of a metaphysics of presence and in which it is possible to discern the traces of God From this outermost limit of the author s hermeneutic investigations the text returns to the centre the feminist discursive community and develops a construct that the ekklesia as a feminist deliberative space set oppositionally to structures worldviews and ideologies operates on patriarchal logics The relationship of this imagined community is compared to the Christian Church and scripture ethics and gendered identity within a logic of equity

New Feminist Christianity Mary E. Hunt, Diann L. Neu, 2012-01-01 Powerful insights from ministers theologians activists leaders artists and liturgists who are shaping the future Christianity has been a source of the oppression of women as well as a resource for unleashing women s full humanity Feminist analysis and practice have recognized this Feminist Christianity is reshaping religious institutions and religious life in more holistic inclusive and justice focused ways from the Introduction Feminism has brought many changes to Christian religious practice From inclusive language and imagery about the Divine to an increase in the number of women ministers Christian worship will never be the same Yet even now there is a lack of substantive structural change in many churches and complacency within denominations The contributors to this book are the thought leaders who are shaping and being shaped by the emerging directions of feminist Christianity They speak from across the denominational spectrum and from the many diverse groups that make up the Christian community as it finds its place in a religiously pluralistic world Taken together their voices offer a starting point for building new models of religious life and worship Topics covered include feminist Theological Visions Scriptural Insights Ethical Agendas Liturgical and Artistic Frontiers Ministerial Challenges

Irigaray, Incarnation and Contemporary Women's Fiction Abigail Rine, 2013-10-03 Draws on Irigaray s feminist theory to explore how contemporary women writers refigure ideas of the sacred in their fiction

Christian and Lyric Tradition in Victorian Women's Poetry F. Elizabeth Gray, 2009-09-10 Women in the Victorian period were acknowledged to be the religious sex but their relationship to

the doctrines practices and hierarchies of Christianity was both highly circumscribed which has been well documented and complexly creative which has not Gray visits the importance of the literature of Christian devotion to women s creative lives through an examination of the varied ways in which Victorian women reproduced and recreated traditional Christian texts in their own poetic texts Investigating how women poets redeployed the discourse of Christianity to uncover the multiple voices of the scriptures to expand identity and gender constructions and to question traditional narratives and processes of authorization Gray contends that women found in religious poetry unexpected liberating possibilities Taking into account multiple voices from the best known female poets of the day to some of the most obscure this study provides a comprehensive account of Victorian women s religious poetic creativity and argues that this body of work helped shape the development of the lyric in the Victorian period

Rhetoric, Scripture and Theology Stanley E. Porter, Thomas H. Olbricht, 1996-09-01 Rhetoric Scripture and Theology aptly describe the contents of this collection of essays from the 1994 Pretoria Rhetoric Conference The conference marked a significant dialogue among scholars gathered from many nations to consider how rhetoric engages with the study of scripture and theology South Africa provided a suitable context for such discussion Although the contributors are not only from South Africa the addressing of issues pertinent to a South African context shows through in many of the essays Those that do not address particularly South African issues raise equally important issues regarding the topic of rhetoric and its relation to contemporary theological discourse

The Nakedness of the Fathers Alicia Ostriker, 1994 Like much twentieth century feminist writing today this book crosses the boundaries of genre Biblical interpretation combines with fantasy autobiography and poetry Politics joins with eroticism Irreverence coexists with a yearning for the sacred Scholarship contends with heresy Most excitingly the author continues and extends the tradition of arguing with God that commences in the Bible itself and continues now as it has for centuries to animate Jewish writing The difference here is that the voice that debates with God is a woman s In her introduction Entering the Tents Ostriker defines the need to struggle against a tradition in which women have been silenced and disempowered and to recover the female power buried beneath the surface of the biblical texts In The Garden she reinterprets the mythically complex stories of Creation Then she considers the stories of The Fathers from Abraham and Isaac to Moses David and Solomon and their wives mothers and sisters In The Return of the Mothers she begins with a radical new interpretation of the book of Esther includes a meditation on the silenced wife of Job and the idea of justice and concludes with a fable on the death of God and a prayer to the Shekhinah the feminine aspect of God Ostriker refuses to dismiss the Bible as meaningless to women Instead in this angry eloquent visionary book she attempts to recover what is genuinely sacred in these sacred texts
