**Understanding Equity & Trusts** Alastair Hudson, 2014-08-13 Understanding Equity Trusts is the sister text to Professor Hudson's heavyweight textbook Equity Trusts It aims to give you a clear accessible and comprehensive overview of the main themes in this dynamic area of the law Whether used at the beginning of studying or in the period before examinations this book will give you an invaluable grounding in all of the key principles of equity and the law of trusts If you need help with trusts law then this is the book for you This book covers all of the topics that a student reader will encounter in any trusts law or equity course The text deals with express trusts resulting and constructive trusts the duties of trustees breach of trust and tracing commercial uses of trusts charities equitable remedies and trusts of homes Extensive updates have been made to the text to consider several major new cases decided since the last edition including Supreme Court decisions in *Pitt v Holt* and *Jones*

v Kernott and Lehman Brothers International v CRC the continuing debate about the proper treatment of bribery and many other cases besides The law of trusts is built on simple basic principles The approach of this book is to begin with a clear presentation of those principles before guiding the reader through the more complex issues which are the focus of examinations in this subject The lively text includes a large number of straightforward examples to make the discussion of the general law more accessible Online support Visit the author s website at <http://www.alastairhudson.com> or the Equity Trusts site at <http://www.routledge.com/cw/hudson> in order to find podcasts of specially recorded lectures covering the basic principles of a whole trusts law course and much more

*Feminist Perspectives on The Foundational Subjects of Law* Anne Bottomley, 1996-03-13 The essays in this volume fall within a chapter on one of the foundational law subjects on the degree syllabus and aim to provide an account of feminist approaches to each of the following areas contracts torts land law equity and trusts criminal law public law and European law

**Land, Law and Islam** Hilary Lim, 2013-07-18 In this pioneering work Siraj Sait and Hilary Lim address Islamic property and land rights drawing on a range of socio historical classical and contemporary resources They address the significance of Islamic theories of property and Islamic land tenure regimes on the webs of tenure prevalent in the Muslim societies They consider the possibility of using Islamic legal and human rights systems for the development of inclusive pro poor approaches to land rights They also focus on Muslim women s rights to property and inheritance systems Engaging with institutions such as the Islamic endowment waqf and principles of Islamic microfinance they test the workability of authentic Islamic proposals Located in human rights as well as Islamic debates this study offers a well researched and constructive appraisal of property and land rights in the Muslim world

*Law, Society and Community* Richard Nobles, David Schiff, 2016-04-22 This collection of socio legal studies written by leading theorists and researchers from around the world offers original perceptive and critical contributions to ideas and theories that have been expounded by Roger Cotterrell over a long and distinguished career Engaging with many classic issues and theories of the sociology of law the contributions are likely to become classics themselves as they tackle some of the most significant challenges that modern law faces They do not shy away from what one of the contributors describes as the complexity and multiplicity of our contemporary legal world The book is organized in three parts socio legal themes methodological and jurisprudential themes globalization cultural and comparative law themes Starting with a chapter that re engages with the need to interpret legal ideas sociologically and ending with one that explores the global significance of modern fascination with the idea of the rule of law this selection offers important additions to the oeuvre of Roger Cotterrell a list of whose academic writings is included in the book

**Looking for Love in the Legal Discourse of Marriage** Renata Grossi, 2014-09-01 This book examines the in visibility of romantic love in the legal discourse surrounding modern Australian marriage It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage This

examination raises two key issues If love has become central to people s understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy

**Muslim Spaces of Hope** Richard Phillips,2013-07-04 Debates about contemporary Islam and Muslims in the West have taken some negative turns in the depressing atmosphere of the war on terror and its aftermath This book argues that we have been too preoccupied with problems not enough with solutions The increased mobilisation and scrutiny of Muslim identities has taken place in the context of a more general recasting of racial ideas and racism a shift from overtly racial to ostensibly ethnic and cultural including religious categories within discourses of social difference The targeting of Muslims has been associated with new forms of an older phenomenon imperialism New divisions between Muslims and others echo colonial binaries of black and white colonised and coloniser within practices of divide and rule This book speaks to others who have been marginalised and colonised and to wider debates about social difference oppression and liberation

Women, Their Lives, and the Law Victoria Barnes,Nora Honkala,Sally Wheeler,2023-12-14 This collection of essays honours Rosemary Auchmuty Professor of Law at the University of Reading UK She has fostered the study of women s academic careers and more politically advanced progress on gender and equality issues including same sex marriage and property law Her research promotes the case of feminist legal history as a way of revealing the place of women and challenging dominant historical narratives that cast them aside Just as Rosemary s work does the book seeks to end the marginalisation and exclusion of women in the legal world by including them The book begins fittingly with a discussion of Miss Bebb the woman whose biography Auchmuty deployed to push feminist legal history into the mainstream It turns then to a discussion of women known and unknown and their struggles within the legal profession offering within those chapters a critical appraisal of the role of history and biography as a methodology From there it moves to consider feminist perspectives and critiques of the dominant structures of private law This is followed by chapters that explore those who educate the legal profession within the academy The chapters and the collection as a whole examine areas of law that have a deep significance for women s lives

**Research Handbook on Property, Law and Theory** Chris Bevan,2024-08-06 This comprehensive Research Handbook interrogates and offers historical as well as contemporary understandings of property property law and property theory Chapters locate the role of property in key theoretical debates and examine property s place in significant social contexts covering topics such as Indigenous property artificial intelligence cryptoassets property and the art world environmentalism and climate change

Conceptualising Home Lorna Fox O'Mahony,2006-12-01 It is difficult to overstate

the everyday importance of home in law Home provides the backdrop for our lives and is often the scene or the subject of legal disputes In addition in recent decades there has been growing academic interest in the meaning of home which has prompted empirical studies and theoretical exploration in a wide range of disciplines Yet while the authenticity of home as a social psychological cultural and emotional phenomenon has been recognised in other disciplines it has not penetrated the legal domain where the proposition that home can encapsulate meanings beyond the physical structure of the house or the capital value it represents continues to present conceptual difficulties This book focuses on the competing interests of creditors who lend money against the security of the property and the occupiers who dwell in the property in the context of possession actions By mapping the concept of home as it has evolved in other disciplines against existing legal frameworks Conceptualising Home examines the possibilities for developing a coherent concept of home in law

*Postcolonial Economies* Jane Pollard, Cheryl McEwan, Alex Hughes, 2011-05-12 Postcolonial approaches to understanding economies are of increasing academic and political significance as questions about the nature of globalisation transnational flows of capital and workers and the making and re making of territorial borders assume centre stage in debates about contemporary economies and policy Despite the growing academic and political urgency in understanding how other cultures encounter the west economics oriented approaches within social sciences have been slow to engage with the ideas and challenges posed by postcolonial critiques In turn postcolonial approaches have been criticised for their simplistic treatment of the economic and for not engaging with existing economic analyses of poverty and wealth creation Utilising examples drawn from India to Latin America and bringing together scholars from a range of disciplines including Geography Economics Development Studies History and Women s Studies *Postcolonial Economies* breaks new ground in providing a space for nascent debates about postcolonialism and its treatment of the economic

**Equity and Trusts** Alastair Hudson, 2014-06-30 Alastair Hudson s *Equity and Trusts* is an ideal textbook for undergraduate courses on the law of trusts and equitable remedies It provides a clear current and comprehensive account of the subject through which the author s enthusiasm and expertise shine through helping to bring to life an area of the law which students often find difficult Beginning with the core principles Alastair Hudson reinforces the key points by means of clear examples throughout each chapter helping students to build and develop their own knowledge of equity and trusts A set of lively discursive essays reflecting on the law then begin to outline the broader political social and economic context of the subject and encourage the reader to begin to engage with their own critical analysis The eighth edition of *Equity and Trusts* will be edited and updated to include discussion of the key developments in the subject since publication of the seventh edition in 2012 including the latest case law and potential for regulation relating to cohabitation and shared ownership as well as cases arising in the light of the enforcement of the Charities Act 2006

*Foucault and Family Relations* Malcolm Voyce, 2019-05-14 *Foucault and Family Relations* Governing from a Distance in Australia analyzes how notions of property ownership were instrumental in maintaining family stability

and continuity in rural Australia outlining how inheritance and divorce laws functioned to govern the internal relationships of families to assist the state to rule from a distance Using a selection of Foucault's ideas on the family sexuality race space and economics this book shows how property operated as a disciplinary device which was underpinned by technical ideas such as surveying and cartography This book uses legal judgments as a form of ethnography to show how property as a socio technical device allowed a degree of local freedom for owners This aspect of property allowed the state to stimulate ideas of local freedom to assist in ruling from a distance demonstrating how the rural family as a domestic unit became a key field of intervention for the state as the family represented a bridge to larger relationships of power Literature and Image in the

Long Nineteenth Century Amina Alyal, 2023-09-12 This book explores some of the ways in which word and image worked together in the nineteenth century in terms of pictures poetry and fiction The authors keep in mind how word and image negotiate and compete for each other's spaces They seek to interrogate how image arises from absences in texts and how image gives rise to narrative or voice Topics include ekphrasis illustration literary representations of artists the visual in writing the staging of images and the textualization of theatrical tableaux and related cultural and ideological tropes This is covered in three main areas ideological and philosophical resonances of image and text in fiction the peculiar fusion of text and image that was the bread and butter of the Pre Raphaelites and book illustration especially the tensions between writer and artist as authors of the text The volume will be of interest to students and scholars in the field of Victorian literary and art history studies Leading Works in Health Law and Ethics Sara Fovargue, Craig Purshouse, 2023-07-20 Health and healthcare are vitally important to all of us and academic interest in the law regulating health has over the last 50 years become an important field of academic study An analysis of the development of changes in and scope of health law and ethics to date is both timely and of interest to students and scholars alike along with an exploration of its likely future development This work brings together contributions from leading and emerging scholars in the field Each contributor has been invited to select and analyse a leading work which has for them shed light on the way that health law and ethics has developed The chapters are both autobiographical reflecting upon the works that have proved significant to contributors and also critical analyses of the current state of the field This collection also includes a specially written Introduction and Conclusion which critically reflect upon the development of health law and ethics and its likely future developments in the light of the reflections by contributors on their chosen leading works The book will be of interest to students teachers and researchers in health law and ethics as it provides critical discussions and assessments of some of the leading scholarship in the field

**Demystifying the Mystery of Capital** Robert Home, Hilary Lim, 2013-03-04 This is an original empirical and theoretical study of the use of law to secure land tenure in the face of poverty urban and peri urban growth and changing social structures **Prenuptial Agreements and the Presumption of Free Choice** Sharon Thompson, 2015-08-27 This book provides an alternative perspective on an issue fraught with difficulty the enforcement of prenuptial agreements Such

agreements are enforced because the law acknowledges the rights of spouses to make autonomous decisions about the division of their property on divorce Yet this book demonstrates that in the attempt to promote autonomy other issues such as imbalance of power between the parties become obscured This book offers an academic and practical analysis of the real impact of prenuptial agreements on the relationships of those involved Using a feminist and contractual theoretical framework it attempts to produce a more nuanced understanding of the autonomy exercised by parties entering into prenuptial agreements This book also draws on an empirical study of the experiences and views of practitioners skilled in the formation and litigation of prenuptial agreements in New York Lastly it explores how the court might address concerns regarding power and autonomy during the drafting and enforcement processes of prenuptial agreements which in turn may enhance the role that prenups can play in the judicial allocation of spousal property on the breakdown of marriage

The Top Books of the Year Feminist Perspectives On Equity And Trusts The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Feminist Perspectives On Equity And Trusts : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
